It is scholarly in its approach to evidence and engaging in the manner of its presentation. The Glenbuchat Ballads David Buchan, James Moreira, 2011-01-05 Sometime in the early nineteenth century, most likely in the year 1818, the Reverend Robert Scott, minister of the parish of Glenbuchat in Aberdeenshire, Scotland, compiled a collection of traditional ballads that until now has not been published. Most of the ballad collections produced during the Scottish Romantic Revival were eventually anthologized in Francis James Child's seminal *English and Scottish Popular Ballads*, five volumes, 1882-96. Yet the Glenbuchat manuscripts, containing sixty-eight ballads in four folio volumes, were not included in Child's volumes. The complete work only came to light in 1949 when it was donated to the Special Collections of the Aberdeen University Library by a descendent of the original compiler. Scott did not give the precise locations of where he collected his ballads or name the performers, but the texts are unique and appear to have been drawn from oral sources. As such, the ballads reveal a great deal about the nature of traditional music at the time they were collected. The Glenbuchat Ballads were originally prepared for publication by David Buchan, one of the leading ballad scholars of the twentieth century. Upon Buchan's death, his former student James Moreira took up and completed his work and wrote the detailed introductory essay and annotations in this volume.

[The Concise Oxford Companion to English Literature](#) Dinah Birch, Katy Hooper, 2012-06-14 This book provides a compact guide to all aspects of English literature. For this edition, existing entries have been updated and new entries have been added on contemporary writers such as Jim Crace and Pat Barker.

An Evolving Tradition Dave Thompson, 2023-07-15 The Child Ballads are a series of over 300 traditional ballads from England and Scotland that, along with their American variants, were anthologized by folklorist Francis James Child in the nineteenth century. *An Evolving Tradition* is the story of the Child Ballads, the world's best-known and most highly regarded repository of traditional English folk songs and the wellspring for approximately 10,000 recordings over the last century, from obscure musicological archives to classic releases from Bob Dylan, Simon & Garfunkel, and Led Zeppelin. Drawing on interviews with numerous scholars and musicians, author Dave Thompson explains what a ballad is, outlines their dominant themes, and recounts how these ballads survived to become a mainstay of field recordings made by Cecil Sharp, Alan Lomax, and others as they traveled the English and American countryside in search of old songs. Thompson traverses the entire spectrum of rock, pop, folk, roots, experimental,

music industrial and goth to reveal the remarkable legacy and incalculable influence of the Child Ballads on all manner of modern music

Textual Scholarship and the Material Book Wim Van Mierlo, 2007 In the last decades the emphasis in textual scholarship has moved onto creation production process collaboration onto the material manifestations of a work onto multiple rather than single versions onto reception and book history Textual scholarship now includes not only textual editing but any form of scholarship that looks at the materiality of text of writing of reading and of the book The essays in this collection explore many questions about methodology and theory arising from this widening scope of textual scholarship The range of texts discussed from Sanskrit epic via Medieval Latin commentary through English and Scottish Ballads to the plays of Samuel Beckett and the stories of Guimarães Rosa testifies to the vigour of the discipline The range of texts is matched by a range of approach from theoretical discussion of how text happens to analysis of issues of book design and censorship the connections between literary and textual studies exploration of the links between reception and commodification in George Eliot and between information theory and paratext Through this diversity of subject and approach a common theme emerges the need to look further for common ground from which to continue the debate from a comparative perspective

Folk Music Journal, 2008 Scottish Life and Society: Oral literature and performance culture, 2007 **An Introduction To Scottish Ethnology** Alexander Fenton, Margaret A. Mackay, 2013-08-06 The publication of An Introduction to Scottish Ethnology sees the completion of the fourteen volume Scottish Life and Society series originally conceived by the eminent ethnologist Professor Alexander Fenton The series explores the many elements in Scottish history language and culture which have shaped the identity of Scotland and Scots at local regional and national level placing these in an international context Each of the thirteen volumes already published focuses on a particular theme or institution within Scottish society This introduction provides an overview of the discipline of ethnology as it has developed in Scotland and more widely the sources and methods for its study and practical guidance on the means by which it can be examined within its constituent genres based on the experience of those currently working with ethnological materials Theory and practice are presented in an accessible fashion making it an ideal companion for the student the scholar and the interested amateur alike Fairies and Folk Emily B. Lyle, 2007 Scottish Life and Society, 2000 Journal of Folklore Research, 2006 **The Musical Ear** Anne Dhu McLucas, 2010 The Musical Ear Oral Tradition in the USA provides a wide ranging look at the role played by music that is passed on orally without the use of notation in the folk popular and art musics of North America In order to study the process and to find the common elements McLucas provides an overview of recent research on the brain and memory in order to help the reader understand the inner workings of oral tradition **The Folklore Historian**, 2009 **Tocher**, 2003 **Annual Report on English and American Studies**, 2008 **Secret Songs of Silence** Ian Spring, 2020-09-21 Peter Buchan was born in the fishing port of Peterhead and 1790 and died in London in 1854 He was a writer publisher and printer but is probably best known as a ballad collector whose major ballad manuscripts now reside in the British Library and

the Houghton Library Harvard University Also in the Houghton Library is the holograph manuscript entitled Secret Songs of Silence by Oliver Orpheus Bart which consists of 76 bawdy and sexual folk songs This manuscript is now published for the first time in its entirety Buchan made several attempts to publish the collection in his lifetime without success A fellow collector David Laing suggested in reply to your high kilted muse my advice to you would be to put her effusions into the fire In retrospect it is clear that it is a very important manuscript compilation of material that was generally expurgated from nineteenth century collections and bears comparison with the better known collection by Robert Burns The Merry Muses of Caledonia
