[Folk Music and Song in the WPA Ex-Slave Narratives](#) John Minton, 2025-02-17 Between 1937 and 1940 fieldworkers in the Works Progress Administration's Federal Writers Project interviewed around 3 500 formerly enslaved people in North America resulting in roughly 20 000 pages of still unedited and inadequately indexed typescript These accounts the WPA ex slave narratives are the most substantial collection by far of folklore and oral history gathered directly from enslaved people in America It is arguably the single greatest body of African American folklore extant and a significant portion is devoted to folk music and song This book considers this treasure trove in all its relevant social cultural and historical contexts Nineteenth century Black folk music developed against the backdrop of North American slavery the American Civil War Emancipation the Federal occupation of the South and a successful white supremacist paramilitary and political insurgency that led to Federal withdrawal officially sanctioned racial terror and Southern apartheid The WPA ex slave narratives describe that history in remarkable detail Despite their inestimable value most of the ex slave narratives remained unpublished until the late 1970s being almost unknown except to folklorists Even after publication the collection's

sheer size was a barrier Quoting extensively from the narratives and exhaustively annotated and indexed this volume provides readers with detailed explanations and full references for every musical item or tradition featured in the ex slave narratives John Minton covers instrumental music and social dancing spirituals and hymns singing games and lullabies ring plays and reels worksongs minstrel songs ballads war songs slavery laments and much much more Written for both specialists and general readers with 134 illustrations the book also offers a general overview of the ex slave narratives their contents creation and relation to the field of African American folklore as a whole *Encyclopaedia of Propaganda* Robert Cole,2022-03-24 The Encyclopedia of Propaganda examines all aspects of propaganda through history and is organized in an A to Z format The set defines the arenas in which propaganda is used such as politics war advertising and media pinpoints the political systems in which it is used such as Nazism Communism and McCarthyism and describes notable progenitors of propaganda and their works including Hitler and Mein Kampf Machiavelli and The Prince Sun Tzu and The Art of War and Plato and The Republic The Encyclopedia of Propaganda also examines noteworthy individuals who have employed propaganda to further their own agenda including Walt Disney Fidel Castro Jane Fonda the Rev Jerry Falwell Saddam Hussein Rush Limbaugh and Eleanor Roosevelt Organizations which have utilized propaganda in a systematic fashion are also included among them the Black Panther Party the Sandinista National Liberation Front and the People for Ethical Treatment of Animals This well organized easy to use reference should be a valuable research tool for students of world history politics and literature The American Musical Landscape Richard Crawford,2000-06-30 This book reflects a breakthrough in American music studies an unrecognized field among traditional musicologists until the past few decades during which enormous progress has been made in documenting three centuries of American musical activities and figures Time and effort had to be expended exclusively on the development of basic historical studies The time has come for a new phase one that can take a creative interpretive approach Professor Crawford s study will introduce this higher level of scholarship into the field of American music studies Vivian Perlis author of Charles Ives Remembered A major statement by a senior scholar on what American musicology is all about These themes are also topical they come at a time when much more research is being done in American music but little thought is being given to the big picture the vision the philosophy and the implications of historical research Now is the time for a synthesis and there are few scholars better equipped to do that in American music than Richard Crawford Michael Broyles author of Music of the Highest Class Rock 'n' Roll is Here to Pay Steve Chapple,Reebee Garofalo,1977 *Politics as Usual* Michael Davis,2014-10-15 The presidential election of 1944 which unfolded against the backdrop of the World War II was the first since 1864 and one of only a few in all of US history to take place while the nation was at war After a brief primary season the Republican Party settled upon New York governor Thomas E Dewey the former district attorney and popular special prosecutor of Legs Diamond and Lucky Luciano as its nominee for president of the United States The Democratic nominee for president meanwhile was the three term incumbent sixty two

year old Franklin Delano Roosevelt Sensitive to the wartime setting of the election both Roosevelt and Dewey briefly adopted dignified and low key electoral strategies early in their campaigns Within a few months however politics as usual returned as the campaign degenerated into a vigorously fought chaotic unpredictable and highly competitive contest While Politics as Usual is a comprehensive study of the campaign Davis focuses attention on the loser Dewey and shows how he emerged as a central figure for the Republican Party Davis examines the political landscape in the United States in the early 1940s including the state of the two parties and the rhetoric and strategies employed by both the Dewey and Roosevelt campaigns He details the survival of partisanship in World War II America and the often overlooked role of Dewey who sought to rebuild the Republican Party to be worthy of national trust as party leader at such a critical time Although Dewey fell short of victory Dewey kept his party unified helped steer it away from isolationist influences and rebuilt it to fit into and to be a relevant alternative within the post World War II New Deal order
