**Gettin' Around** Jürgen E. Grandt, 2018-12-15 *Gettin Around* examines how the global jazz aesthetic strives in various ways toward an imaginative reconfiguration of a humanity that transcends entrenched borders of ethnicity and nationhood while at the same time remaining keenly aware of the exigencies of history Jürgen E Grandt deliberately refrains from a narrow empirical definition of jazz or of transnationalism and true to the jazz aesthetic itself opts for a broader more inclusive scope even as he listens carefully and closely to jazz's variegated soundtrack Such an approach seeks not only to avoid the museal whiff of a golden age time past but also to broaden the appeal and the applicability of the overall critical argument For Grandt international simply designates currents of people ideas and goods between distinct geopolitical entities or nation states whereas transnational refers to liminal dynamics that transcend preordained borderlines occurring above below beside or along the outer contours of nation states *Gettin Around* offers a long overdue consideration of the ways in which jazz music can inform critical practice in the field of transnational American studies and grounds these studies in specifically African American cultural contexts **Catalog of Copyright Entries** Library of Congress.
