Sorcerer's Apprentice 1st Edition:

A Sorcerer's Apprentice John Herlosky, 2015-04-01 Follow the fascinating story of one man's journey into the realm of the fantastic the CIA sponsored psychic spies with the ability to extend their consciousness to accurately describe targets not only half a world away but to look into the future as well It all sounded like science fiction to John Herlosky after reading an expose by former member of the CIA's Project Stargate Dr David Morehouse Two years later skeptical but intrigued by the possibilities implied John entered the classroom of Dr Morehouse to find out the truth and never looked back *Sorcerer's Apprentice* is an autobiographical account of the author's experience learning the CIA sponsored scientifically validated form of extrasensory perception called remote viewing The book chronicles the author's journey from interested skeptic to operational remote viewer working his first mission as well as his former life as a police officer and private military contractor He takes you on a journey from the crushing depths and pathos of the wreck of the Titanic to the fate of a downed pilot missing for 19 years from the first Gulf War Witness the personal turmoil as the author's long held beliefs clash with the powerful implications of his experiences

The Sorcerer's Apprentice John Richardson, 2001-09-25 *The Sorcerer's Apprentice* is John Richardson's vivid memoir of the time he spent living with and learning from the deeply knowledgeable and temperamental art collector Douglas Cooper For ten years the two entertained a circle of friends that included Jean Cocteau W H Auden Tennessee Williams and most intriguingly Pablo Picasso Compulsively readable and beautifully illustrated this book is both a triple portrait of the author Cooper and Picasso and a revealing look at a crucial artistic period

Search of the Sorcerer's Apprentice Daniel Ogden, 2007-12-31 In *Search of the Sorcerer's Apprentice* is the first book in English to be devoted to Lucian's *Philopseudes* or *Lover of Lies* c 170s AD It comprises an extensive discussion with full translation of this engaging and satirical Greek text with its ten tales of magic and ghosts One of these is the famous story of *The Sorcerer's Apprentice* and this conveys the flavour of the rest In other tales a plague of snakes is blasted with a miraculous scorching breath a woman is drawn to her admirer by an animated cupid doll and a haunted house is cleansed of its monstrous ghost *The Philopseudes* stands at the intersection of three of the liveliest fields in the study of antiquity magic traditional narratives and the Lucianic oeuvre itself Ogden's cross fertilising expertise in all three of these fields enables him to build sophisticated analyses for each of the tales and to place them sensitively in their historical cultural and literary contexts Among the themes of the work are Lucian's methods of adapting motifs from traditional narratives and the text's overlooked Cynic voice

Abbas, 2018-10-15 In a time when our loves feel conscripted and exhausted by what we often do not remember desiring Another Love A Politics of the Unrequited explores the form method imperatives and inflections of love in the global post colony and offers a way to re apprehend and re inscribe love in an anticolonial materialist and nonfascist politics and aesthetics The figure of the unrequited is invoked as a symptom of a brutally loveless yet effusively sentimentalized era and also as an ineluctable yet very concrete political location in the face of both the intensifying external realities of war occupation apartheid austerity and terror as well as the increasingly normalized internalizations of ordinary imperialism nationalism neoliberalism fascism and colonialism all of which seem bent on extinguishing the possibility of relation itself The book asks that we look at practices of love and other material labors that yield and sustain these realities within complex lifeworlds indeed those which sustain entire systems of our subjection extraction and disposability such as colonialism capitalism liberalism and fascism as lifeworlds especially when given dominant forms of recognition affection embrace and belonging are unacceptable or even repulsive Distancing itself from shortcuts afforded by love's abstract forms deployed in ethical and moral discourses that at once elevate it yet wholly reduce it to a timeless apolitical essence Another Love sees love as a material and political relation to time and space signaling willed and unwilled shifts in historical reality in societies juggling various wars and annihilations It maintains that love is something in and with which we confess our complicities not only with but also against hegemonic notions of belonging devotion martyrdom hospitality publicity collectivity and solidarity nurtured and harvested under capital and colony The longing and the love missed by the pernicious and reactionary politics both of liberal democracy and the incidental fascisms that it claims to set out to fix can give us clues into past present and future moments of rebellion resistance rejection and redemption that are crucial to a liberatory anticolonial and antifascist politic and to rethinking attachment desire and relation itself **Catalog of Copyright Entries.
