Jews in China Irene Eber,2019-11-12 Irene Eber was one of the foremost authorities on Jews in China during the twentieth and twenty first centuries a field that in contrast to the study of the Jewish diaspora in Europe and the Americas has been critically neglected This volume gathers fourteen of Eber s most salient articles and essays on the exchanges between Jewish and Chinese cultures making available to students scholars and general readers a representative sample of the range and depth of her important work in the field of Jews in China Jews in China delineates the centuries long reciprocal dialogue between Jews Jewish culture and China all under the overarching theme of cultural translation The first section of the book sets forth a sweeping overview of the history of Jews in China beginning in the twelfth century and concluding with a detailed assessment of the two crucial years leading up to the Second World War The second section examines the translation of Chinese classics into Hebrew and the translation of the Hebrew Bible into Chinese The third and final section turns to modern literature bringing together eight essays that underscore the cultural reciprocity that takes place through acts of translation The centuries long relationship between Judaism and China is often overlooked in the light of the extensive discourse surrounding European and American Judaism With this volume Eber reminds us that we have much to learn from the intersections between Jewish identity and Chinese culture **Aristotelian Metaphysics** David Bronstein,Thomas

Kjeller Johansen,Michail Peramatzis,2024 Sixteen prominent scholars offer fresh interpretations and assessments of Aristotle s metaphysical thinking his accounts of definition and meaning his understanding of being and the categories his models of explanation and causation and his accounts of modality space and change No knowledge of ancient Greek is assumed

QingZhen,2020-06-07 Looking at the people in front of him who hated him one after another or who wanted to trample him to death the corners of Mu Shaotian s mouth curled up With an even stronger attitude he suppressed those who hated him or wanted to trample him to death making him a tyrant again **Wilhelm Wundt in History** Robert W. Rieber,David K.

Robinson,2012-12-06 In this new millenium it may be fair to ask Why look at Wundt Over the years many authors have taken fairly detailed looks at the work and accomplishments of Wilhelm Wundt 1832 1920 This was especially true of the years around 1979 the centennial of the Leipzig Institute for Experimental Psychology the birthplace of the graduate program in psychology More than twenty years have passed since then and in the intervening time those centennial studies have

attracted the attention and have motivated the efforts of a variety of historians philosophers psychologists and other social scientists They have profited from the questions raised earlier about theoretical methodological sociological and even political aspects affecting the organized study of mind and behavior they have also proposed some new directions for research in the history of the behavioral and social sciences With the advantage of the historiographic perspective that twenty years can bring this volume will consider this much heralded founding father of psychology once again Some of the authors are veterans of the centennial who contributed to a very useful volume edited by Robert W Rieber Wilhelm Wundt and the Making of a Scientific Psychology New York Plenum Press 1980 Others are scholars who have joined Wundt studies since then and have used that book among others as a guide to further work The first chapter Wundt before Leipzig is essentially unchanged from the 1980 volume Striving for the Whole Jaan Valsiner, 2017-09-08 This unusual collection explores the development of ideas in psychology's past and shapes them into a valuable resource for ideas in the discipline's future with particular emphasis on holistic traditions in psychology Diriwochter and Valsiner focus on developmental holistic psychology as advocated by the second school of Leipzig in Germany Although largely neglected this school of thought has provided some of the fundamental ideas necessary for a truly holistic approach in psychology This volume includes Leibniz's dynamic holism and Ehrenfels' discussion about Gestalt qualities which has generally been acknowledged as a major milestone in the formation of Gestalt psychology Each chapter looks at the possible future of holistic psychology Striving for the Whole contains several well thought out discussions on possible elaborations of holistic psychology by contrasting it with Ernst Boesch's cultural psychology Pierre Janet's theory on emotions and Jan Smuts' holistic approach to personality theory Discussions of holistic approaches in biology and evolutionary psychology as well as a renewed look at Lloyd Morgan's comparative methodology complete the volume Striving for the Whole has been written by an international group of authors and will be of interest to students of the social sciences and intellectual history and anyone who wants to dive deeper into holistic approaches that maintain their ties with empirical methodology It is ideal for graduate and upper level undergraduate courses in psychology **SHEHKRII - The Tempest** I.D. Martin, 2025-06-10 One hundred and thirty years later the world is a much different place and Kiri Pham is returning home to die As she wraps up the loose ends of her life she watches from afar as a new player emerges onto the world scene Marie Oscani is the enfant terrible of the science fraternity having invented and more importantly perfected a new form of interplanetary propulsion Kidnapped from her secret American base she is whisked around the world by desperate mercenaries who themselves are unknowing pawns in a corporate conspiracy of demonic proportions Rescued in transit in eastern Australia she stumbles over a society which has weathered recent global catastrophes better than most almost as though they knew what was coming They are led by a charming young psychopath who is a match for any tech enhanced soldier a man who steals her heart Crossing paths with the Shehkrii Oscani inadvertently alerts them to the diabolical intentions of her captors and a very angry Nathan Chalk sets

himself against a corporate rogue bent on world destruction who has just enough means to achieve it corrupted versions of Oscani s drive system which makes atomic bombs look like fire crackers The System of the Dalai Lama Reincarnation 卞卞, Qingying Chen,2005 The Use of Asian Theatre for Modern Western Theatre Min Tian,2018-11-27 This book is a historical study of the use of Asian theatre for modern Western theatre as practiced by its founding fathers including Aur lien Lugn Poe Adolphe Appia Gordon Craig W B Yeats Jacques Copeau Charles Dullin Antonin Artaud V E Meyerhold Sergei Eisenstein and Bertolt Brecht It investigates the theories and practices of these leading figures in their transnational and cross cultural relationship with Asian theatrical traditions and their interpretations and appropriations of the Asian traditions in their reactional struggles against the dominance of commercialism and naturalism From the historical and aesthetic perspectives of traditional Asian theatres it approaches this intercultural phenomenon as a Euro centred process of displacement of the aesthetically and culturally differentiated Asian theatrical traditions and of their historical differences and identities Looking into the displaced and distorted mirror of Asian theatre the founding fathers of modern Western theatre saw in their imagination of the ghostly Other nothing but a self reflection or more precisely a self projection and emplacement of their competing ideas and theories preconceived for the construction and the future development of modern Western theatre

Women of Sufism Camille Adams Helminski,2003-02-25 This collection of Sufi poetry and songs is an inspiring source to deepen our knowledge of Sufism by the examples and teachings of beautiful and wise Sufi women Sufism The luminous presence of women who follow the Sufi Way the mystical path of Islam is brought to life here through their sacred songs and poetry their dreams and visions and stories of their efforts as they witness the Truth in many realms These writings reflect the honor and respect for the feminine in the Sufi worldview and they are shared in the spirit of inspiration and hope for the flourishing contributions of women to the spiritual development of humanity Spanning the centuries from the time of the Prophet Muhammad to the present day the selections are by or about an array of Sufi traditions in different parts of the world from Asia Africa and the Middle East to Europe and America from beloved members of the Prophet s family to the mystic Rabi a al Adawiyya to the modern scholar Annemarie Schimmel Biographical anecdotes and personal memoirs provide a glimpse into the experience of great saints and contemporary practitioners alike while providing an introduction to the principles and practices of Sufism Rediscovered Classics of Japanese Animation Maria Chiara Oltolini,2024-01-25 Rediscovered Classics of Japanese Animation is the first academic work to examine World Masterpiece Theater Sekai Meisaku Gekij 1969 2009 which popularized the practice of adapting foreign children s books into long running animated series and laid the groundwork for powerhouses like Studio Ghibli World Masterpiece Theater Sekai Meisaku Gekij 1969 2009 is a TV staple created by the Japanese studio Nippon Animation which popularized the practice of adapting foreign children s books into long running animated series Once generally dismissed by critics the series is now frequently investigated as a key early work of legendary animators Isao Takahata and Hayao Miyazaki In the first book length

examination of the series Maria Chiara Oltolini analyzes cultural significance of World Masterpiece Theater and the ways in which the series pioneered the importance of children's fiction for Japanese animation studios and laid the groundwork for powerhouses like Studio Ghibli. Adapting a novel for animation also means decoding and re-coding socio-cultural patterns embedded in a narrative. World Masterpiece Theater stands as a unique example of this linguistic medial and cultural hybridisation. Popular children's classics such as *Little Women*, *Peter Pan* and *Anne of Green Gables* became the starting point of a full-fledged negotiation process in which Japanese animators retold a whole range of narratives that have one basic formula in common: archetypal stories with an educational purpose. In particular, the series played a role in shaping the pop culture image of a young girl shōjo. Examining the series through the lens of animation studies as well as adaptation studies, Oltolini sheds new light on this long neglected staple of Japanese animation history.

Nine Eyes Heavenly Bead Nan ShanJiuCang, 2020-04-29 Yu Jingyan, a merchant from Lang Sai city who was obsessed with collecting Heavenly Jewels, was caught in a prison by someone and accidentally got to know the No. 1 Quick Blade of the Kang District, Si Lang. After learning that Si Lang was also looking for the Nine Eyed Sky Pearls, Yu Jingyan, along with Quick Blade Si Lang and Chen Ying, the security guard from Gu City, stepped onto the path of exploring Nine Eyed Sky Jewels. Together they explored the paths of gods and demons, along with treasures and dangers. This was a story about ancient artifacts and schemes, ghosts and monsters.
