APA Newsletter for Teaching Philosophy     *History of Ancient Philosophy* Wilhelm Windelband, Robert Ernest Cushman, 1899     Principles and Practices in Ancient Greek and Chinese Science G.E.R. Lloyd, 2023-07-28

From the 90 or so articles he has published in the last two decades Professor Lloyd has chosen fifteen of the most important and influential to be reprinted in this collection. They tackle a wide range of problems in ancient Greek and Chinese thought focussing especially on science but including also medicine, mathematics, philosophy and mythology. Three common themes recur: the ancients' own concern with disciplinary boundaries, their engagement in polemics and the heterogeneity of different traditions, cultivating different styles of reasoning with different results in ancient science. Alongside papers that deal with technical issues in the interpretation of our sources, others raise strategic questions to do with the institutional framework of ancient science, the role of literacy in its development and the underlying ontological and epistemological presuppositions of different groups of ancient investigators. The collection closes with a study in which Lloyd sets out how he sees the further comparative study of ancient science developing. Two of the articles appear here for the first time in English. The others are reprinted in their original form. Supplementary bibliographies are added referring to the most recent scholarship on the issues discussed.

Oxford Studies in Ancient Philosophy, Volume 59 Victor Caston, 2021-09-07

Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy. The articles may be of substantial length and include critical notices of major books. OSAP is now published twice yearly in both hardback and paperback. Have you seen the latest OSAP? It is what scholars of ancient philosophy say to each other when they meet in corridors or on coffee breaks. Whether you work on Plato or Aristotle, on Presocratics or sophists, on Stoics, Epicureans or Sceptics, on Roman philosophers or Greek Neoplatonists, you are liable to find OSAP articles now dominant in the bibliography of much serious published work in your particular subject. Not safe to miss.

Malcolm Schofield, Cambridge University. OSAP was founded to provide a place for long pieces on major issues in ancient philosophy. In the years since it has fulfilled this role with great success, over and over again publishing groundbreaking papers on what seemed to be familiar topics and others surveying new ground to break. It represents brilliantly the vigour and the increasingly broad scope of scholarship in ancient philosophy and shows us all how the subject should flourish.

Holism in Ancient Medicine and Its Reception Chiara Thumiger, 2020-11-30. This volume aims at exploring the ancient roots of holistic approaches in the specific field of medicine and the life sciences without, however, overlooking the larger theoretical implications of these discussions. Therefore, the project plans to broaden the perspective to include larger cultural

discussions and in a comparative spirit reach out to some examples from non Graeco Roman medical cultures As such it constitutes a fundamental contribution to history of medicine philosophy of medicine cultural studies and ancient studies more broadly The wide ranging selection of chapters offers a comprehensive view of an exciting new field the interrogation of ancient sources in the light of modern concepts in philosophy of medicine as justification of the claim for their enduring relevance as object of study and at the same time as means to a more adequate contextualisation of modern debates within a long historical process Contributors are Hynek Barto Sean Coughlin Elizabeth Craik Brooke Holmes Helen King Giouli Korobili David Leith Vivian Nutton Julius Rocca William Michael Short P N Singer Konstantinos Stefou Chiara Thumiger Laurence Totelin Claire Trenery John Wee Francis Zimmermann      **Oxford Studies in Ancient Philosophy, Volume 47** Brad Inwood, 2014-11-13 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy The articles may be of substantial length and include critical notices of major books OSAP is now published twice yearly in both hardback and paperback The serial Oxford Studies in Ancient Philosophy OSAP is fairly regarded as the leading venue for publication in ancient philosophy It is where one looks to find the state of the art That the serial which presents itself more as an anthology than as a journal has traditionally allowed space for lengthier studies has tended only to add to its prestige it is as if OSAP thus declares that since it allows as much space as the merits of the subject require it can be more entirely devoted to the best and most serious scholarship Michael Pakaluk Bryn Mawr Classical Review      [Oxford Studies in Ancient Philosophy volume 39](#) Brad Inwood, 2010-11-04 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy The articles may be of substantial length and include critical notices of major books OSAP is now published twice yearly in both hardback and paperback The serial Oxford Studies in Ancient Philosophy OSAP is fairly regarded as the leading venue for publication in ancient philosophy It is where one looks to find the state of the art That the serial which presents itself more as an anthology than as a journal has traditionally allowed space for lengthier studies has tended only to add to its prestige it is as if OSAP thus declares that since it allows as much space as the merits of the subject require it can be more entirely devoted to the best and most serious scholarship Michael Pakaluk Bryn Mawr Classical Review      **Oxford Studies in Ancient Philosophy : Volume XXXIV** David Sedley, 2008-05-29 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy The articles may be of substantial length and include critical notices of major books OSAP is now published twice yearly in both hardback and paperback The serial Oxford Studies in Ancient Philosophy OSAP is fairly regarded as the leading venue for publication in ancient philosophy It is where one looks to find the state of the art That the serial which presents itself more as an anthology than as a journal has traditionally allowed space for lengthier studies has tended only to add to its prestige it is as if OSAP thus declares that since it allows as much space as the merits of the subject require it can be more entirely devoted to the best and most serious scholarship Michael Pakaluk Bryn Mawr Classical Review      *Oxford Studies in Ancient Philosophy,*
