Lantinga,2014-03-07 This book offers a fresh report and interpretation of what is happening at the intersection of two great contemporary movements the rapid growth of higher education worldwide and the rise of world Christianity It features on site evaluative studies by scholars from Africa Asia North America and South America Christian Higher Education A Global Reconnaissance visits some of the hotspots of Christian university development such as South Korea Kenya and Nigeria and compares what is happening there to places in Canada the United States and Europe where Christian higher education has a longer history Very little research until now has examined the scope and direction of Christian higher education throughout the world so this volume fills a real gap **Henri Nouwen and Soul Care** Wil Hernandez,2008 In examining Henri Nouwen

s approach to the ministry of soul care and spiritual formation at close range we can conclude that his holistic and integrative style is essentially drawn from his sophisticated understanding of the coinherence of spirituality with psychology ministry and theology Henri Nouwen s ministry is characterized by a ministry of integration primarily because he first of all embodied a spirituality of integration His ministry was but an overflow of his spirituality Unquestionably Nouwen ministered out of who he was as a person a person of deep integrity The author contends that Henri Nouwen s work of soul care and spiritual formation is never about techniques Neither is it about programs and curricula important as they are in ministry More importantly it is definitely not about roles even though multiple roles have been attached to his person **The Beggar's**

Christ-Enlivened Student Affairs Perry Glanzer, 2020-06-02 How does the Christian faith inform Christian student affairs practice How should it Instead of placing Christ outside the realm of education Christ should serve as the motivating and animating force for all of Christian student affairs With Christ at the center of education the Christian story distinctly transforms the nature of the work education professionals do With research from a national mixed methods study Christ Enlivened Student Affairs avoids the common response of anecdotal evidence by providing a catalog of some of the best thinking and practices in the field Glanzer Cockle Graber and Jeong use the framework of educational philosophies to trace how Christianity animates the who why what and how of student affairs offering evidence based resources and new tools for engaging new practitioners in the field and a larger theological perspective for Christian student affairs
