Soul Possibilities:

Every Branch In Me: Essays On The Meanin Barry McDonald, 2010-08-01 Every Branch in Me Essays on the Meaning of Man is a collection of articles by leading perennialist authors that are unified by a single theme nothing that is properly human can be separated from the intrinsically spiritual nature of man The Voice of the Soul Katherine Augusta Westcott Tingley, 1928 Psychology and the Perennial Philosophy Samuel Bendeck Sotillos, 2013-02-26 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing occurrence of mental illness in contemporary society In this groundbreaking anthology leading authors from the perennialist school including Huston Smith Seyyed Hossein Nasr and Frithjof Schuon draw on the age old insights of the world s wisdom traditions to argue that modern psychology behaviorism psychoanalysis humanistic and transpersonal psychology overlooks the specifically spiritual factors contributing to mental health and illness **Hans Jonas** David J. Levy, 2002 Hans Jonas The Integrity of Thinking provides the first overall account of the work of Hans Jonas While Jonas is not the best known thinker of the twentieth century David J Levy shows that he is one of the most important Levy covers the philosopher s life and his contributions to the history of religion philosophical biology philosophical anthropology ethics and theology Jonas s work is situated in relationship to that of his first intellectual mentor Martin Heidegger as well as that of such related thinkers among his contemporaries as Eric Voegelin Setting Jonas s work in the historical and philosophical context of his life and times Levy summarizes Jonas s original achievements in fields as apparently diverse as the history of ancient Gnosticism the philosophical significance of biology the problems of ethics in a technological age and the mysteries of theology while demonstrating the notable unity of theme and purpose that guided his various fields of inquiry **Purgatory** Kristof Vanhoutte, Benjamin W. McCraw, 2017-09-15 This book examines the concept of Purgatory However in contradistinction to the many monographs and edited volumes published in the past 50 years devoted to historical cultural or theological treatments of Purgatory especially in proportion to the voluminous output on Heaven and Hell this collection features papers by philosophers and other scholars engaged specifically in philosophical argument debate and dialogue involving conceptions of Purgatory and related ideas It exists to broaden the discussion beyond the prevailing trends in the academic literature and fills an important intellectual gap **Theology for Beginners** Frank Sheed, In Theology for Beginners renowned Catholic apologist Frank Sheed presents a compelling case for the study of theology by all Catholics He argues that the truths of divine revelation are not only essential spiritual nourishment for the soul but also a source of joy and light in a world starved for meaning With clarity and passion Sheed explains how a deeper understanding of the great dogmas of the faith empowers the laity to effectively share the riches of Catholic doctrine with those around them offering a timely and inspiring vision of theology as a vital tool for evangelization in the modern world **Proclus** Radek Chlup, 2012-04-26 Proclus of Lycia 412 485 was one of the greatest philosophers of antiquity producing the most systematic version of late Neoplatonic thought He exercised enormous

influence on Byzantine medieval Renaissance and German Classical philosophy ranking among the top five of ancient philosophers in terms of the number of preserved works Despite this he is rarely studied now the enormous intricacy of his system making the reading of his treatises difficult for beginners This book provides the first comprehensive introduction to all the basic areas of Proclus thought It carefully guides the reader through his metaphysics theology epistemology and theory of evil as well as his sophisticated philosophy of religion It also sets Proclus in the historical social and religious context of late antiquity offering a synthetic account that will appeal to historians and students of ancient religion

Reincarnation: a Passage Through Time Robert Colacurcio,2014-04-07 This book invites readers who consider themselves savvy investors in their long term future to give some serious thought to the lifetime s that may come next The authors approach is to investigate the essential relationship of the human soul to time Whether the reader currently believes in one lifetime or many the relationship of the soul to time will condition whatever comes next on the other side of the portal of death There are many nave portrayals and gross misconceptions about what comes next whether one believes in an eternity in heaven or an indefinite number of reincarnations This book tries to get beyond many of these limited conceptions Too many people have only childhood information to work with when thinking about their long term future Unfortunately everything you need to know to make savvy investments in your long term future was not taught in kindergarten **Century**
