overwhelming sense of awe God's creative genius is simply breathtaking **God: An Anatomy** Francesca Stavrakopoulou, 2022-01-25 An astonishing and revelatory history that re presents God as he was originally envisioned by ancient worshippers with a distinctly male body and with superhuman powers earthly passions and a penchant for the fantastic and monstrous A rollicking journey through every aspect of Yahweh's body from top to bottom yes that too and from inside out Ms Stavrakopoulou has almost too much fun The Economist The scholarship of theology and religion teaches us that the God of the Bible was without a body only revealing himself in the Old Testament in words mysteriously uttered through his prophets and in the New Testament in the body of Christ The portrayal of God as corporeal and masculine is seen as merely metaphorical figurative or poetic But in this revelatory study Francesca Stavrakopoulou presents a vividly corporeal image of God a human shaped deity who walks and talks and weeps and laughs who eats sleeps feels and breathes and who is undeniably male Here is a portrait arrived at through the author's close examination of and research into the Bible of a god in ancient myths and rituals who was a product of a particular society at a particular time made in the image of the people who lived then shaped by their own circumstances and experience of the world From head to toe and every part of the body in between this is a god of stunning surprise and complexity one we have never encountered before **A Guide to**

Enjoying God in Everything Steve DeWitt,2022-11-01 Perhaps now more than ever our lives are in need of beauty Why do our hearts thrill over a sunset or cry over a song The experience of beauty does something profound and powerful within the heart and soul of every human being We were made by God but also for Him and His beauty Pastor Steve DeWitt invites us to taste and see how God is the beauty behind all beauty Enjoying God in Everything explores how we were created to wonder at the myriad ways God has designed for us to partake in His beauty Monet s waterlilies baby ducklings that perfect line in a book the Swiss Alps a Pacific wave that three year old s toothy grin that elderly couple s love Beauty creates wonder in us It sparks joy It causes us to weep And ultimately it s meant to lead us back to the One who delights in sharing Himself who delights in giving and creating all that takes our breath away Wonder is what we feel when we glimpse a reflection of God s beauty DeWitt brings readers to the source of all beauty and opens our eyes to beauty s appointed end worship Nothing is more desirable than the beautiful one who saves Jesus Christ When we begin to grasp the beauty of Christ s restoring sacrificial love then we begin Enjoying God in Everything

Imaginal Memory and the Place of Hiroshima Michael Perlman,1988-01-01 Hiroshima claims a crucial yet neglected place in the psychic terrain of our individual and collective memories Drawing on recent work in depth psychology and Jungian thought this study explores the ancient art of remembering by envisioning places and images that are impressed upon the memory Enthusiastically used by ancient medieval and Renaissance explorers of soul and spirit the art of memory became a profound expression of striving for cultural reform and an end to religious cruelty Imaginal Memory and the Place of Hiroshima shows that images arising from the place of Hiroshima reveal with stark exactitude the psychic situation of our world Specific images are explored that embody unsuspected psychological values beyond their role as reminders of the concrete horror of nuclear war The process of remembering these images deepens into a commemoration of the fundamental powers at work in the psyche powers that are critical to the development of a sustained cultural commitment to peace and to the deepening and revitalizing of contemporary psychological life
