Sugar Creek Life On The Illinois Prairie:

Sugar Creek John Mack Faragher,1986-01-01 Follows the development of a rural Illinois community from its origins near the beginning of the nineteenth century looks at community activity and tells the stories of ordinary pioneers Sugar Creek John Mack Faragher,1986 This is the fascinating story of the birth and development of a rural American community from its origins at the turn of the century to the years that followed the Civil War **Sugar Creek** John Mack Faragher,2006-03-01

American Populism Robert C. McMath,1993 The grass roots Populist movement that swept rural America a century ago drew millions of farm men and women and clusters of non farmers into a powerful crusade to reshape the nation s political economy Populists sought to usher in a cooperative commonwealth to reverse the growth of America s monopoly capitalism and harness the engine of private ownership for the common good Thus Populism became a bridge between the nineteenth century traditions of republicanism and producerism and the regulatory state of this century McMath crisply interprets the development of the Populist crusade from its early beginnings in the turbulent 1870s to the emergence of the Farmers Alliances a decade later He deals with the founding of the People s Populist Party in 1892 and its ultimate demise He describes Populism s important regional components and he places the crusade in a larger context as he compares it to parallel movements in the Great Plains and Canada in the 1920s and 1930s American Populism is an impressive book about a major social cultural and political movement **The American West: A New Interpretive History** Robert V. Hine,John Mack Faragher,Jon T. Coleman,2017-08-08 A fully revised and updated new edition of the classic history of western America The newly revised second edition of this concise engaging and unorthodox history of America s West has been updated to incorporate new research including recent scholarship on Native American lives and cultures An ideal text for course work it presents the West as both frontier and region examining the clashing of different cultures and ethnic groups that occurred in the western territories from the first Columbian contacts between Native Americans and Europeans up to the end of the twentieth century Agriculture in the Midwest, 1815-1900 R. Douglas Hurt,2023-07 R Douglas Hurt recounts the settlement of the U S Midwest between 1815 and the turn of the twentieth century arguing that this region proved to be the country s garden spot of the country and the nation s heart of agricultural production **A Homeland and a Hinterland** Donald L. Stevens,1991 **Within the Plantation Household** Elizabeth Fox-Genovese,2000-11-09 Documenting the difficult class relations between women slaveholders and slave women this study shows how class and race as well as gender shaped women s experiences and determined their identities Drawing upon massive research in diaries letters memoirs and oral histories the author argues that the lives of antebellum southern women enslaved and free differed fundamentally from those of northern women and that it is not possible to understand antebellum southern women by applying models derived from New England sources **The Handbook of Food and Anthropology** Jakob A. Klein,James L. Watson,2016-08-25 Winner of the CHOICE Outstanding Academic Title of the Year Award 2017

Interest in the anthropology of food has grown significantly in recent years. This is the first handbook to provide a detailed overview of all major areas of the field. 20 original essays by leading figures in the discipline examine traditional areas of research as well as cutting edge areas of inquiry. Divided into three parts: Food Self and Others, Food Security, Nutrition and Food Safety, Food as Craft, Industry and Ethics, the book covers topics such as identity, commensality, locality, migration, ethical consumption, artisanal foods, and children's food. Each chapter features rich ethnography alongside wider analysis of the subject. Internationally renowned scholars offer insights into their core areas of specialty. Examples include Michael Herzfeld on culinary stereotypes, David Sutton on how to conduct an anthropology of cooking, Johan Pottier on food insecurity, and Melissa Caldwell on practicing food anthropology. The book also features exceptional geographic and cultural diversity with chapters on South Asia, South Africa, the United States of America, post-socialist societies, Maoist China, and Muslim and Jewish foodways. Invaluable as a reference as well as for teaching, *The Handbook of Food and Anthropology* serves to define this increasingly important field. An essential resource for researchers and students in anthropology and food studies.

Contraception and Abortion in Nineteenth-century America Janet Farrell Brodie, 1994. Drawing from a wide range of private and public sources, examines how American families gradually found access to taboo information and products for controlling the size of their families from the 1830s to the 1890s, when a puritan backlash made most of it illegal. Emphasizes the importance of two shadowy networks: medical practitioners known as Thomsonians and water curists, and iconoclastic freethinkers.
