The Enigma of Good and Evil: The Moral Sentiment in Literature Anna-Teresa

Tymieniecka,2006-08-27 Striking toward peace and harmony the human being is ceaselessly torn apart in personal social national life by wars feuds inequities and intimate personal conflicts for which there seems to be no respite Does the human condition in interaction with others imply a constant adversity Or is this conflict owing to an interior or external factor of evil governing our attitudes and conduct toward the other person To what criteria should I refer for appreciation judgment direction concerning my attitudes and my actions as they bear on the well being of others At the roots of these questions lies human experience which ought to be appropriately clarified before entering into speculative abstractions of the ethical theories and precepts Literature which in its very gist dwells upon disentangling in multiple perspective the peripeteia of our life experience offers us a unique field of source material for moral and ethical investigations Literature brings preeminently to light the Moral Sentiment which pervades our life with others our existence tout court Being modulated through the course of our experiences the Moral Sentiment sustains the very sense of literature and of personal human life Tymieniecka
