The Sun Between Their Feet Doris Lessing, 1993 This is a collection of stories about Africa which evoke the people and continent drawn from the author's experiences as a child in Southern Rhodesia Collected African Stories Doris Lessing, 1973 **Doris Lessing's Collected African Stories** Doris Lessing, 1973 *Collected African Stories* Doris Lessing, 1984 **Collected African Stories** Doris Lessing, 1981 *Collected African Stories. Book 2. The Sun Between Their Feet* Doris Lessing, 1973 *The Sun Between Their Feet: Collected African Stories Volume Two* Doris Lessing, 2012-05-31 The second volume of Doris Lessing's *Collected African Stories* and a classic work from the winner of the Nobel Prize for Literature Collected African Stories Doris Lessing, *Across the Lines*, 2022-05-16 This third volume of ASNEL Papers covers a wide range of theoretical and thematic approaches to the subject of intertextuality Intertextual relations between oral and written versions of literature text and performance as well as problems emerging from media transitions regionally instructed forms of intertextuality and the works of individual authors are equally dealt with Intertextuality as both a creative and a critical practice frequently exposes the essential arbitrariness of literary and cultural manifestations that have become canonized The transformation and transfer of meanings which accompanies any crossing between texts rests not least on the nature of the artistic corpus embodied in the general framework of historically and socially determined cultural traditions Traditions however result from selective forms of perception they are as much inventions as they are based on exclusion Intertextuality leads to a constant reinforcement of tradition while at the same time intertextual relations between the new literatures and other English language literatures are all too obvious Despite the inevitable impact of tradition the new literatures tend to employ a dynamic reading of culture which fosters social process and transition thus promoting transcultural rather than intercultural modes of communication Writing and reading across borders becomes a dialogue which reveals both differences and similarities More than a decolonizing form of deconstruction intertextuality is a strategy for communicating meaning across cultural boundaries The Sun Between Their Feet.
