Sunburned Country:

In a Sunburned Country Bill Bryson, 2012-05-15 Deliciously funny fact filled and adventurous *In a Sunburned Country* takes us on a grand tour of Australia It s a place where interesting things happen all the time from a Prime Minister lost yes lost while swimming at sea to Japanese cult members who may entirely unnoticed have set off an atomic bomb on their 500 000 acre property in the great western desert Australia is the only island that is also a continent and the only continent that is also a country Its aboriginal people a remote and mysterious race with a tragic history have made it their home for millennia And despite the fact that it is the most desiccated infertile and climatically aggressive of all inhabited continents it teems with life In fact Australia has more things that can kill you in extremely nasty ways than anywhere else sharks crocodiles the planet s ten most deadly poisonous snakes fluffy yet toxic caterpillars sea shells that actually attack you and the unbelievable box jellyfish don t ask The dangerous riptides of the sea and the sun baked wastes of the outback both lie in wait for the unwary Australia is an immense and fortunate land and it has found in Bill Bryson its perfect guide In a *Sunburned Country* offers the best of all possible introductions to what may well be the best of all possible nations Even with those jellyfish

In a Sunburned Country Bill Bryson, 2001-05-15 Every time Bill Bryson walks out the door memorable travel literature threatens to break out This time in Australia His previous excursion along the Appalachian Trail resulted in the sublime national bestseller *A Walk in the Woods* In *A Sunburned Country* is his report on what he found in an entirely different place Australia the country that doubles as a continent and a place with the friendliest inhabitants the hottest driest weather and the most peculiar and lethal wildlife to be found on the planet The result is a deliciously funny fact filled and adventurous performance by a writer who combines humor wonder and unflagging curiosity Despite the fact that Australia harbors more things that can kill you in extremely nasty ways than anywhere else including sharks crocodiles snakes even riptides and deserts Bill Bryson adores the place and he takes his readers on a rollicking ride far beyond that beaten tourist path Wherever he goes he finds Australians who are cheerful extroverted and unfailingly obliging and these beaming products of land with clean safe cities cold beer and constant sunshine fill the pages of this wonderful book Australia is an immense and fortunate land and it has found in Bill Bryson its perfect guide
