Sunday By The Pool In Kigali:

A Sunday at the Pool in Kigali Gil Courtemanche, 2007-12-18 A Sunday at the Pool in Kigali is a moving passionate love story set amid the turmoil and terror of Rwanda's genocide. All manner of Kigali residents pass their time by the pool of the Mille Collines hotel: aid workers, Rwandan bourgeoisie expatriates, UN peacekeepers, prostitutes. Keeping a watchful eye is Bernard Valcourt, a jaded foreign journalist, but his closest attention is devoted to Gentille, a hotel waitress with the slender elegant build of a Tutsi. As they slip into an intense improbable affair, the delicately balanced world around them, already devastated by AIDS, erupts in a Hutu-led genocide against the Tutsi people. Valcourt's efforts to spirit Gentille to safety end in their separation. It will be months before he learns of his lover's shocking fate.

Un dimanche à la piscine à Kigali Gil Courtemanche, 2006 Bernard Valcourt, journaliste québécois, part au début des années 90 au Rwanda pour installer une télévision libre et indépendante. Sur place, il découvre l'univers des Occidentaux réunis chaque semaine autour de la piscine d'un hôtel, mais aussi la violence dans le pays, les prémices du génocide avec les exactions des milices, les massacres dans les villages.

Premier roman *Wilder* Millie Kerr, 2022-08-18 FINALIST IN THE 2024 AAAS SUBARU PRIZE FOR EXCELLENCE IN SCIENCE WRITING YOUNG ADULT SCIENCE A global rewilding journey exploring innovative and eye-opening projects led by passionate conservationists. Rewilding is a radical new approach to wildlife conservation that offers remarkable potential. If conservation seeks to preserve what remains and stave off further decline, rewilding goes further, seeking to restore entire ecosystems. It involves a spectrum of conservation options: at one end is a passive approach prioritising ecological restoration in essence leaving land to recover naturally. At the other is what might be termed active rewilding, where habitats are actively restored and keystone species reintroduced to quicken the process of recovery. The stakes are high in active rewilding. Large mammal translocations and wildlife corridors running through densely populated areas are high-risk, high-reward initiatives. In this timely and exciting contribution to a wider conversation about our relationship with the natural world, wildlife journalist Millie Kerr takes readers on a global journey of discovery. She considers the practicalities and possibilities of ecological restoration around the world while exploring first-hand some of the most ambitious undertakings occurring today, many of which involve species reintroductions in the Global South. Wilder details the return of jaguars to an Argentinian national park, the first ever pangolin reintroduction project in South Africa, and the ways in which giant tortoises are aiding the recovery of ecosystems throughout the Galapagos Islands, among many others. At an urgent moment in the international fight against biodiversity loss, Wilder's message is one of innovation and optimism. By focusing on conservation success stories and showing that there are bands of determined conservationists fighting for a better future, Wilder inspires us all to become part of the solution.

Historical Dictionary of Rwanda Aimable Twagilimana, 2015-11-06 Blessed with natural beauty and rich vegetation Rwanda is often called the land of a thousand hills *le pays des mille collines* a reference to its many lush and green rolling hills Moreover for many Rwandans at least in the past Rwanda in spite of its small size is vast in fact it means the universe This idyllic view however sharply contrasts with the sad history of ethnic strife that unfolded since the 1950s the 1959 Hutu Revolution followed by years of anti Tutsi pogroms undemocratic regimes the civil war of 1990 1994 and more significantly the April July 1994 genocide against the Tutsi and the killing of Hutu who opposed the killings The 1994 genocide against the Tutsi remains the most defining single event in contemporary Rwanda and many people in the world today know of this central African nation from the prism of extreme mass violence that sullied the end of the 20th century amid international indifference and has since haunted the world's conscience This second edition of Historical Dictionary of Rwanda contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Rwanda
