The Recluse of Loyang Don J. Wyatt, 1996-01-01 Few thinkers have stood as squarely at both the center and the periphery of an intellectual movement as has Shao Yung 1011-1077 Ethical model and eccentric socialite and eremite Shao Yung is perhaps not only the greatest enigma of early Neo Confucianism but also one of its undisputed giants In this impressive life and thought study Don J Wyatt painstakingly sifts through all available evidence relating to Shao Yung and his scholarship to provide a portrait that fully exposes the moral center of the man and his work Drawing on the abundant store of letters and accounts by Shao's contemporaries and his own much neglected poetry Wyatt has assembled a study that intimately relates Shao's life to his thought He challenges the assumptions of previous Western scholarship by persuasively arguing against the acceptance of works traditionally ascribed to Shao specifically the Kuan wu wai p ien Outer Chapters on Observing Things the Yu ch iao wen ta Fisherman and Woodcutter Dialogue and the cryptic quasi autobiographical essay Wu ming kung chuan Biography of the Nameless Lord Shao is presented as an independent thinker whose philosophical lexicon functioned according to a profound interdependence that was unique among the systems of his peers His metaphysical concepts which appear impervious to and beyond the scope of human influence namely his ching shih world ordering kuan wu observing things and I Ching derived hsien tien before Heaven methodologies are essentially the products of a morally reflective life Wyatt's discoveries therefore refute the common assertion of Shao Yung's moral indifference Moreover by meticulously integrating the progress of this Neo Confucian's thought into the course of his life the author has produced one of the most textured and accessible works on a philosopher of the Sung era

The ^AYijing: A Guide Joseph A. Adler, 2022-02-04 This book provides an introduction for the general reader to this classic sacred text Joseph A Adler explains the Yijing's multi layered structure its origins its history of interpretation from the early first millennium BCE up to the present day its function of divination its significance in the history of Chinese thought and its modern transformations He explores why the Yijing has been considered the most profound expression of traditional Chinese thought and what meaning it can have for contemporary readers

The Other Yijing Tze-ki Hon, 2021-11-29 In imperial China the Yijing Book of Changes was not just read as a Confucian classic for moral cultivation but also put into practice to solve problems of everyday life To explain why the Yijing was so widely used in China this volume examines its multiple textual layers its divinatory practices its medical uses and its role in Chinese modernity Together the ten chapters demonstrate that the Yijing is indeed a living text used by both the educated elite and the populace to alleviate their fear and anxiety Contributors are Andrea Br ard Chang Chia Feng Constance A Cook St phane Feuillas Tze ki Hon Liao Hsien huei William Matthews Tao

Yingna Xing Wang and Zhao Lu **The Original Meaning of the Yijing** Zhu Xi, 2019-11-05 The Yijing I Ching or Scripture of Change is traditionally considered the first and most profound of the Chinese classics Originally a divination manual based on trigrams and hexagrams by the beginning of the first millennium it had acquired written explanations and a series of appendices attributed to Confucius which transformed it into a work of wisdom literature as well as divination Over the centuries hundreds of commentaries were written on it but for the past thousand years one of the most influential has been that of Zhu Xi 1130-1200 who synthesized the major interpretive approaches to the text and integrated it into his system of moral self cultivation Joseph A Adler's translation of the Yijing includes for the first time in English Zhu Xi's commentary in full Adler explores Zhu Xi's interpretation of the text and situates it in the context of his overall theoretical system Zhu Xi held that the Yijing was originally composed for the purpose of divination by the mythic sage Fuxi who intended to create a system to aid decision making The text's meaning therefore could not be captured by a single commentator it would emerge for each person through the process of divination This translation makes available to the English language audience a crucial text in the history of Chinese religion and philosophy with an introduction and translator's notes that explain its intellectual and historical context

The Yi River Commentary on the Book of Changes Cheng Yi, 2019-01-01 A translation of a key commentary on perhaps the most broadly influential text of classical China This book is a translation of a key commentary on the Book of Changes or Yijing I Ching perhaps the most broadly influential text of classical China The Yijing first appeared as a divination text in Zhou dynasty China ca 1045-256 bce and later became a work of cosmology philosophy and political theory as commentators supplied it with new meanings While many English translations of the Yijing itself exist none are paired with a historical commentary as thorough and methodical as that written by the Confucian scholar Cheng Yi who turned the original text into a coherent work of political theory

The Yijing and Chinese Politics Tze-ki Hon, 2012-02-01 This book is the first comprehensive study of Yijing Book of Changes commentary during the Northern Song period showing how it reflects a coming to terms with major political and social changes Seen as a transitional period in China's history the Northern Song 960-1127 is often described as the midpoint in the Tang Song transition or as the beginning of Song Ming Neo Confucianism Challenging this traditional view Tze-ki Hon demonstrates the complexity of the Northern Song by breaking it into three periods characterized by alternately the reestablishment of civil governance large scale reforms and a descent into factional rivalry To illustrate the distinct characteristics of these three periods Hon compares commentaries by Hu Yuan Zhang Zai and Cheng Yi with five other Yijing commentaries highlighting the broad parameters as well as the specific content of an extremely important world of discourse the debate on literati activism These differing views on the literati's role in civil governance prove how lively diverse and intense Northern Song intellectual life was while also reminding us how important it is to understand the history of the period on its own terms
