Suomalaisen Kirjallisuuden Seuran Toimituksia J - F Granlund,1849 *Suomalaisen Kirjallisuuden Seuran Toimituksia* Frederich Wilhelm Pipping,1857 **Suomalaisen Kirjallisuuden Seuran Toimituksia** ,1867

Suomalaisen Kirjallisuuden Seuran Toimituksia Philipp Palmen,1863 *On the Legacy of Lutheranism in Finland* Kaius Sinnemäki,Anneli Portman,Jouni Tilli,Robert H. Nelson,2019-12-10 This volume analyses the societal legacy of Lutheranism in Finland in broad terms It contributes to the recent renewed interest in the history of religion in Finland and the Nordic countries by bringing together researchers in history political science economics social psychology education linguistics media studies and theology to examine the mutual relationship between Lutheranism and society in Finland The two main foci are i the historical effects of the Reformation and its aftermath on societal structures and on national identity values linguistic culture education and the economy and ii the adaptation of the church and its theology to changes in the geo political and sociocultural context Important sub themes include nationalism and religion the secularization and institutionalization of traditional values multiple Protestant ethics and long continuities in history Overall the book argues that large changes in societies cannot be explained via secular factors alone such as economic development or urbanization but that factors pertaining to religion provide substantial explanatory power for understanding societal change and the resulting societal structures *Suomea suomeksi* 1 ,1992 **A Companion to Modern Art** Pam Meecham,2018-02-13 A Companion to Modern Art presents a series of original essays by international and interdisciplinary authors who offer a comprehensive overview of the origins and evolution of artistic works movements approaches influences and legacies of Modern Art Presents a contemporary debate and dialogue rather than a seamless consensus on Modern Art Aims for reader accessibility by highlighting a plurality of approaches and voices in the field Presents Modern Art s foundational philosophic ideas and practices as well as the complexities of key artists such as Cezanne and Picasso and those who straddled the modern and contemporary Looks at the historical reception of Modern Art in addition to the latest insights of art historians curators and critics to artists educators and more Nordic Latin Manuscript Fragments Åslaug Ommundsen,Tuomas Heikkilä,2017-07-14 Much of what is known about the past often rests upon the chance survival of objects and texts Nowhere is this better illustrated than in the fragments of medieval manuscripts re used as bookbindings in the sixteenth and seventeenth centuries Such fragments provide a tantalizing yet often problematic glimpse into the manuscript culture of the Middle Ages Exploring the opportunities and difficulties such documents provide this volume concentrates on the c 50 000 fragments of medieval Latin manuscripts stored in archives across the five Nordic countries of Denmark Finland Iceland Norway and Sweden This large collection of fragments mostly from liturgical works provides rich evidence about European Latin book culture both in general and in specific relation to the far north of Europe one of the last areas of Europe to be converted to Christianity As the essays in this volume reveal individual and groups of fragments can play a key role in

increasing and advancing knowledge about the acquisition and production of medieval books and in helping to distinguish locally made books from imported ones Taking an imaginative approach to the source material the volume goes beyond a strictly medieval context to integrate early modern perspectives that help illuminate the pattern of survival and loss of Latin manuscripts through post Reformation practices concerning reuse of parchment In so doing it demonstrates how the use of what might at first appear to be unpromising source material can offer unexpected and rewarding insights into diverse areas of European history and the history of the medieval book
