United States. Congress Senate

Terror In Mississippi:

The War on Poverty in Mississippi Emma J. Folwell, 2020-03-18 President Lyndon B Johnson's war on poverty instigated a ferocious backlash in Mississippi. Federally funded programs, the embodiment of 1960s liberalism, directly clashed with Mississippi's closed society. From 1965 to 1973, opposing forces transformed the state. In this state-level history of the war on poverty, Emma J. Folwell traces the attempts of white and black Mississippians to address the state's dire economic circumstances through antipoverty programs. At times, the war on poverty became a powerful tool for black empowerment. But more often, antipoverty programs served as a potent catalyst of white resistance to black advancement. After the momentous events of 1964, both black activism and white opposition to black empowerment evolved due to these federal efforts. White Mississippians deployed massive resistance in part to stifle any black economic empowerment, twisting antipoverty programs into tools to marginalize black political power. Folwell uncovers how the grassroots war against the war on poverty laid the foundation for the fight against 1960s liberalism as Mississippi became a national model for stonewalling social change. As Folwell indicates, many white Mississippians hardwired elements of massive resistance into the political and economic structure. Meanwhile, they abandoned the Democratic Party and honed the state's Republican Party, spurred by a new conservatism.

You Can Help End Terror in Mississippi!, 1956* *Lynchings in Mississippi* Julius E. Thompson, 2015-06-08 Lynching occurred more in Mississippi than in any other state. During the 100 years after the Civil War, almost one in every ten lynchings in the United States took place in Mississippi. As in other Southern states, these brutal murders were carried out primarily by white mobs against black victims. The complicity of communities and courts ensured that few of the more than 500 lynchings in Mississippi resulted in criminal convictions. This book studies lynching in Mississippi from the Civil War through the civil rights movement. It examines how the crime unfolded in the state and assesses the large number of deaths, the reasons, the distribution by counties, cities, and rural locations, and public responses to these crimes. The final chapter covers lynching's legacy in the decades since 1965; an appendix offers a chronology. [The Spectacle of Death](#) Kristin Boudreau, 2006-04-04 In 1787 Benjamin Rush cautioned that public punishments were dangerous to the social and legal authority of the new nation. For Rush, irrepressible human sentiments all but guaranteed that public punishments would turn spectators against the institutions responsible for the punishments. Although public executions of criminals ended early in the 19th century, debate over the morality of capital punishment has continued to this day. In this unique and fascinating glimpse into public reactions to prominent executions from colonial times to the 1990s, Kristin Boudreau focuses on the central role of populist, often ephemeral literary forms in shaping attitudes toward capital punishment. Surveying popular poems, ballads, plays, and novels, she shows that at key times of social unrest in American history, many Americans have felt excluded by the political and legal processes and have turned instead to inexpensive literary forms of expression in an attempt to change the course of history. Among the significant capital cases that the author

discusses are the Haymarket anarchist trial of 1886 the lynching of Leo Frank in 1914 the murder of Emmett Till in 1955 and its effects on the Civil Rights movement Norman Mailer's treatment of the Gary Gilmore case in the 1979 novel *The Executioner's Song* and the 1998 execution of Karla Faye Tucker a convicted murderer who became a born again Christian on death row In the concluding chapter Boudreau examines contemporary writers musicians actors and other artists who are using their artistic media to influence official policies of states that permit capital punishment By examining these neglected texts Boudreau brings to light a compelling story about ordinary Americans fighting an entrenched legal system at times of great national crisis

Terror in Liberty Keri Bradford,1993

The Papers of Clarence Mitchell Jr., Volume VI

Clarence Mitchell Jr.,2022-08-16 The Civil Rights Act of 1960 aimed to close loopholes in its 1957 predecessor that had allowed continued voter disenfranchisement for African Americans and for Mexicans in Texas In early 1959 the newly seated Eighty Sixth Congress had four major civil rights bills under consideration Eventually consolidated into the 1960 Civil Rights Act their purpose was to correct the weaknesses in the 1957 law Mitchell's papers from 1959 to 1960 show the extent to which congressional resistance to the passage of meaningful civil rights laws contributed to the lunch counter sit ins in Greensboro North Carolina and to subsequent demonstrations The papers reveal how the repercussions of these events affected the NAACP's work in Washington and how despite their dislike of demonstrations NAACP officials used them to intensify the civil rights struggle Among the act's seven titles were provisions authorizing federal inspection of local voter registration rolls and penalties for anyone attempting to interfere with voters on the basis of race or color The law extended the powers of the US Commission on Civil Rights and broadened the legal definition of the verb to vote to encompass all elements of the process registering casting a ballot and properly counting that ballot Ultimately Mitchell considered the 1960 act unsuccessful because Congress had failed to include key amendments that would have further strengthened the 1957 act In the House representatives used parliamentary tactics to stall employment protections school desegregation poll tax elimination and other meaningful civil rights reforms The fight would continue The Papers of Clarence Mitchell Jr series is a detailed record of the NAACP leader's success in bringing the legislative branch together with the judicial and executive branches to provide civil rights protections during the twentieth century

Open Casket George Yancy,A. Todd

Franklin,2025-08-21 *Open Casket* brings political and philosophical clarity to bear on the brutal murder of Emmitt Till and his mother's decision to show the world her son's body The open casket is a central motif a political and ethical focal point for thinking about Mamie Till Mobley's pain and suffering and her profound act of truth telling as she wanted the world to bear witness to the gratuitous despicable and atrocious dimensions of anti Blackness The critical and powerful essays within this book capture both the horror of Emmett Till's murder lynching and the powerful agency and the indomitable Black maternal love and courage that Mamie Till Mobley demonstrated Through the open casket Mamie Till Mobley reclaimed her son's body and re signified his dignity and familial relational meaning to white America Black America and the world It was

her agency in spite of the horror of his disfigured body and the unbearable affective weight that she experienced by such a site sight that forced white America to witness the terror of anti Blackness to tarry with its own egregious systemic racism In solemn recognition of the 70th anniversary of Till s murder George Yancy and A Todd Franklin gather interdisciplinary voices to articulate the political spiritual and existential significance of Black hope in the face of seeming hopelessness

Congressional Record United States. Congress,1965 **Mississippi's Blackrobe** Neil Boyton,1927 **Hearings** United States. Congress. House,1966 **Hearings** United States. Congress Senate,1946 *Female Terrorism in America* Jonathan Matusitz,Elena Berisha,2020-09-17 This book provides a comprehensive analysis of female terrorism in America both past and present The volume takes a fresh look at women s actions of left wing political violence right wing political violence and religious extremist violence among others It also examines the multitude of roles that women have played over the past few decades in such organizations including leadership positions and more passive roles not to mention the diverse methods of recruitment radicalization and propaganda The objective of this book is to examine using a wide range of case studies facts statistics and theoretical methodologies how collective or personal factors have influenced or reinforced the actions that these women take Government agencies continue to underestimate the ability of women to support and perpetrate terrorism As such the United States is facing a wholly inaccurate and incomplete picture of the complexities of domestic terrorism and this is contributing to a serious neglect of the issue at the national level This volume ultimately aims to offer policy relevant solutions to decrease the threat of domestic female political violence in the United States *Female Terrorism in America* will be of much interest to students of terrorism and political violence American politics gender studies and sociology *Terror's Triumph* William Meier,2024-11-19 The idea of modern terrorism and the practice of terrorist violence emerged in Britain s first colony Ireland before spreading through imperial networks to South and East Asia to Africa and to the Middle East Thus empire not only birthed terror but also made it global And the sheer spread diversity and longevity of that empire produced multiple stages in the evolution of terrorism from rural intimidation to urban guerilla warfare to homegrown radicalism Indeed today s global terror challenges the ethics of counter terrorism the threats of Islamist and international terrorism and the rise of homegrown right wing extremism all have roots in colonialism We Charge Genocide Civil Rights Congress (U.S.),1952 **Black Maverick** David T. Beito,Linda Royster Beito,2009 The long awaited biography of a colorful and enterprising civil rights leader **Congressional Record** United States. Congress,2007 *Reign of Terror* Spencer Ackerman,2022-08-09 A New York Times Critics Top Book of 2021 An impressive combination of diligence and verve deploying Ackerman s deep stores of knowledge as a national security journalist to full effect The result is a narrative of the last 20 years that is upsetting discerning and brilliantly argued The New York Times One of the most illuminating books to come out of the Trump era New York Magazine An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction For an entire generation at home and

abroad the United States has waged an endless conflict known as the War on Terror In addition to multiple ground wars the era pioneered drone strikes and industrial scale digital surveillance weakened the rule of law through indefinite detentions sanctioned torture and manipulated the truth about it all These conflicts have yielded neither peace nor victory but they have transformed America What began as the persecution of Muslims and immigrants has become a normalized feature of American politics and national security expanding the possibilities for applying similar or worse measures against other targets at home as the summer of 2020 showed A politically divided and economically destabilized country turned the War on Terror into a cultural and then a tribal struggle It began on the ideological frontiers of the Republican Party before expanding to conquer the GOP often with the acquiescence of the Democratic Party Today s nativist resurgence walked through a door opened by the 9 11 era And that door remains open Reign of Terror shows how these developments created an opportunity for American authoritarianism and gave rise to Donald Trump It shows that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden By the end of his tenure the war had metastasized into a bitter broader cultural struggle in search of a demagogue like Trump to lead it Reign of Terror is a pathbreaking and definitive union of journalism and intellectual history with the power to transform how America understands its national security policies and their catastrophic impact on civic life From Organization to Overthrow of Mississippi's Provisional Government. 1865-1868 John Seymore McNeily,1916

Hearings, Reports and Prints of the House Committee on House Administration United States. Congress. House. Committee on House Administration,1966 *The Routledge*

History of Terrorism Randall D. Law,2015-03-27 Though the history of terrorism stretches back to the ancient world today it is often understood as a recent development Comprehensive enough to serve as a survey for students or newcomers to the field yet with enough depth to engage the specialist The Routledge History of Terrorism is the first single volume authoritative reference text to place terrorism firmly into its historical context Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment Over the course of 32 chapters experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies tactics and mindsets across time and space Chapters address not only familiar topics such as the Northern Irish Troubles the Palestine Liberation Organization international terrorism and the rise of al Qaeda but also lesser explored issues such as American racial terrorism state terror and terrorism in the Middle Ages tyrannicide from Ancient Greece and Rome to the seventeenth century the roots of Islamist violence the urban guerrilla terrorism and state terror in Latin America literary treatments of terrorism With an introduction by the editor explaining the book s rationale and organization as well as a guide to the definition of terrorism an historiographical chapter analysing the historical approach to terrorism studies and an eight chapter section that explores critical themes in the history of terrorism this book is essential reading for all those interested in the past present and future of terrorism
