The Simplicity of God Jonathan M. Platter, 2025-09-18 For most of Christian history God was understood to be simple It was a staple of articles of faith to confess a God without parts or passions But today divine simplicity is seen as either irrelevant or a vestige of classical theism Neither is quite right The Simplicity of God argues that the doctrine is often misunderstood but in the right light it can play a vitalizing role in Christian thought and spiritual practice In this companion Jonathan Platter presents an integrated account of divine simplicity and he goes further to explore the difference it makes for the doctrines of Trinity creation incarnation and eschatology Grounded in Scripture the history of doctrine and contemporary systematic theology The Simplicity of God offers a thorough introduction to the doctrine in an accessible format

The Lord's Prayer Dr. A. B. Brown BA M. Div. D. Min., 2021-05-03 The Lord's Prayer gives the following The most important relationship of the Christian life The most important reason for the Christian life The most important role of the Christian life The most important rule of the Christian life The most important resource of the Christian life The most important reconciliation of the Christian life The most important rescue of the Christian life Dr A B Brown BA M Div D Min has taught on the college level for over thirty years and served as academic dean for eleven years He has been teaching theology and the Bible online for Liberty University now for eleven years Dr Brown has remained actively involved in the local church ministry throughout his entire teaching career serving as pastor associate pastor and interim pastor The book *The Lord's Prayer More Than a Prayer* is the fruit of a lifetime

of study that reflects one of the most definitive analyses of the Lord's Prayer in print. Read it to be nurtured, challenged and changed. **The Prayer of Silence** PhD Bruce Fraser MacDonald, 2011-11. The Prayer of Silence has several aims: 1 to teach basic relaxation and concentration methods based on bodily awareness; 2 to develop an awareness of the Divine Presence; 3 to overcome emotional and personality blocks to develop a sense of personal wholeness; 4 to develop an awareness of what the author, drawing on a near-death experience in 1966, calls the Watcher aspect of consciousness that speeds the development of spiritual perception of inner Love, Peace and Joy; 5 to transform the ego from attachment to material and emotional limits to a spiritual Ego that is one with the Atman or Spirit and to extend that spiritual awareness to the world and other people; 6 to be able to deal with the conflicts and potential arising from the memory of past lives; 7 to be able to find a Spiritual Guide in the inner person; 8 to be able to deal with the inevitable dry periods in spiritual practice; 9 to experience Nirvana where all lower attachments are blown out; and 10 to achieve Divine Union where the Ego and God are One where Atman experiences itself as one with Brahman where one can say with Jesus, 'I and the Father are One'. There is also a very good chapter on mantras so the student can learn about their nature and use. Although the Prayer of Silence uses a different, more direct form of focus to achieve concentration and inner awareness, Dr MacDonald has also remembered and worked with many of his own past lives so he is a reliable guide to others who are going through that process. The author is a master teacher and the book presents its material in a steadily more complex form, laying the necessary foundations before proceeding to the higher levels of learning. There is a combination of theory and practical exercises so the learner can develop meditation skills gradually but with confidence building from one stage to the next to achieve mastery of the subject. The writing is clear and concise and easy to understand. In order to explain the often difficult ideas associated with meditation and spiritual growth, Dr MacDonald draws on the language, ideas and practice of Christian, Hindu, Jewish and Buddhist traditions to clarify ideas from different angles. He also draws on relevant scientific studies of human consciousness to help make the ideas and aims of this Prayer of Silence clear to the reader.
