Terrorism From One Millennium To The Next

Daniel Benjamin, Steven Simon

Terrorism From One Millennium To The Next:

17N's Philosophy of Terror Ioanne K. Lekea, 2014-02-10 This book uses a cross disciplinary approach to examine the creation development ideology and practice of the Marxist terrorist group 17N Were the members of 17N individuals with high moral principles as they claimed who did their best to protect the civilians who happened to be within their field of operations Or were they simply violent guerillas who prioritized successful assassinations of their targets at any cost The textual analysis of this book addresses these questions and studies 17N from inception to the time when its members were arrested providing a uniquely thorough examination of the organization manifestos and its correlation to the group s ideology and actual practices 17N s Philosophy of Terror An Analysis of the 17 November Revolutionary Organization first outlines the political and ideological framework of 17 and then describes their terrorist strategy and tactics The authors consider these operations in the context of the manifestos that followed the terrorist acts and conclude the work by addressing the events following the apprehension of 17N members the trial the verdicts the appeal trial and the conclusion of appeal trial **From**

9/11 to Terror War Douglas Kellner, 2003 The book shows how September 11 provided an opportunity for the Bush administration to push through hard right domestic and foreign policies many of which were being contested and blocked in Congress pre September 11 Visit our website for sample chapters **A New Understanding of Terrorism** M.R.

Haberfeld, Agostino Hassell, 2009-07-09 Terrorism is a complex phenomenon that cannot be understood through reading of a number of unrelated academic articles or a dry overview of the history of terrorism or the investigative techniques For A New Understanding of Terrorism the Editors have chosen a different paradigm They have selected numerous case studies from actual events that illustrate various typologies of terrorist actions be it from a separatist nationalist lone wolf individual terrorist religious fanatics or environmentalist orientation and they present these cases within the context of following the trajectories of the terrorist activity the terrorist act itself and the response to the event from the relevant authorities Some chapters concentrate on terrorist attacks that actually took place others speculate about the possibilities of an attack occurring sometime in the future such as the chapters on the Olympic Games Aviation or Rail Security When possibilities rather than a specific event are discussed the authors of these chapters draw the attention of the reader towards the same direction the reasoning the actual event and the response that followed The thorough analysis of the presented case studies and the applied counter measures will hopefully if not curtail then possibly at least mitigate the operational and ideological strength of terrorist groups or individual actors A New Understanding of Terrorism will enable the reader to make the connection between the emotional charge inherent in any terrorist activity the cold blooded tactics that lead to the terrorist event itself and the pragmatic and very straightforward but at the same time very simplistically designed strategic response that has to come from a synergy between academics military and law enforcement brainstorming design in order to be more effective in the future ABOUT THE EDITORS M R Maki Habelfeld is a Professor of Police Science at John Jay College of

Criminal Justice in New York City She has worked for the U S Drug Enforcement Administration in the New York Field Office as a special consultant Prior to that she has served in a counter terrorist unit in the Israeli Defense Forces and she left the army at the rank of Sergeant She was also a lieutenant in the Israel National Police For the past eight years Dr Haberfeld has been involved in developing coordinating and teaching in a special training program for the New York City Police Department where she teaches courses in police ethics leadership and counter terrorism She was also an Academic Coordinator of the Law Enforcement Executive Police Institute for the State of New York where she taught modules on counter terrorism response Agostino von Hassell is the president of The Repton Group LLC a New York City based consulting group that deals mostly with national security issues He has written numerous political and historical articles and is the author of two major military histories Warriors The United States Marine Corps and Strike Force Marine Corps Special Operations In 2003 he published a pictorial portrait of the United States In Honor of America He has taught as an adjunct professor in the graduate program of John Jay College of Criminal Justice in New York teaching members of the New York City Police Department in subjects such as counter terrorism and leadership He is a life member of the United States Marine Corps Combat Correspondents the National Defense Industry Association the Association of Former Intelligence Officers and the Authors Guild

The New Era of Terrorism Gus Martin, 2004-02-27 September 11 2001 affected every sector of society in the United States In order to restore the nation s sense of well being a new Department of Homeland Security was implemented and new legislation such as the USA Patriot Act was established Internationally governments cooperated to disrupt terrorist cells as part of a global effort to break up extremist networks signifying a new era of terrorism The New Era of Terrorism Selected Readings is a collection of edited articles on policy issues that have emerged since the terrorist attacks of September 11 2001 as well as relevant events that immediately preceded the attacks The compelling articles in this reader are from reputable journals and magazines such as The Atlantic Monthly and The New Republic and have been written by renowned scholars in the field of terrorism Editor Gus Martin provides an introduction to each chapter that summarizes the major issues and topics covered within the chapter Features of this text Examines terrorism in the modern era and offers expert analysis of the post September 11 2001 environment Delivers a current perspective on terrorism and examines the challenges that must be dealt with by the United States and nation states around the world Develops topics logically by incrementally building upon concepts covered in previous chapters Stimulates critical thinking by presenting provocative articles and essays taken from respected publications and providing recommended readings for further discussion The New Era of Terrorism is an excellent supplement to Gus Martin s Understanding Terrorism Challenges Perspectives and Issues 2003 or any other terrorism textbook This anthology is recommended for advanced undergraduate and graduate students studying terrorism homeland security political conflict social movements criminal justice issues and law enforcement It can be used in a wide range of courses in the fields of Administration of Justice Political Science Criminal Justice Sociology and

Public Administration **Anti-american Terrorism: From Eisenhower To Trump - A Chronicle Of The Threat And Response: Volume Iii: The Clinton Administration** Dennis A Pluchinsky, 2025-01-17 A major international security concern that surfaced in the post World War II period was the emergence and evolution of international terrorism The dominant theme in the evolution of this threat has been anti American terrorism No other country has had its overseas interests subjected to the same level lethality diversity and geographic scope of international terrorist activity as the United States This five volume work chronicles the development of this threat through 12 U S presidential administrations over a 70 year period It assesses the terrorist threat in the U S and overseas and how the government responded The expansion of the field of terrorism in academia think tanks institutes and the private sector over this period is also addressed Volumes I and II covered the Eisenhower through to the George H W Bush administrations This volume documents the terrorist threat faced by the Clinton administration 1993 2000 and how it responded It was during this administration that Osama bin Laden and al Qaeda emerged as major terrorism actors and the planning and preparation for the September 11 2001 terrorist attacks took place The 1993 World Trade Center bombing 1993 Battle of Mogadishu 1995 Oklahoma City bombing 1996 Khobar Towers bombing 1998 bombings of the U S Embassies in Kenya and Tanzania and 2000 bombing of the USS Cole missile destroyer also occurred during this period Importantly this book is the first to address in detail a plan neglected by the media and suppressed by the U S government to kill President Clinton during a visit to Manila in November 1996 in which al Qaeda was suspected Executive orders presidential decision directives domestic legislation international treaties special counterterrorism units terrorist renditions presidential findings public diplomacy and counterterrorism actions are also examined **A Citizen's Guide to Terrorism and Counterterrorism** Christopher C. Harmon, 2013-12-17 This Citizen's Guide addresses the public policy issues of terrorism and counterterrorism in the United States after Bin Laden's death Written for the thinking citizen and student alike this succinct and up to date book takes a grand strategy approach toward terrorism and uses examples and issues drawn from present day perpetrators and actors Christopher Harmon a veteran academic of military theory who has also instructed U S and foreign military officers organizes his book into four sections He first introduces the problem of America's continued vulnerability to terrorist attack by reviewing the long line of recent attacks and attempts against the U S focusing specifically on New York City Part II examines the varied ways in which the U S is already fighting terrorism highlighting the labors of diverse experts government offices intelligence and military personnel and foreign allies The book outlines the various aspects of the U S strategy including intelligence diplomacy public diplomacy economic counterterrorism and law and law making Next Harmon sketches the prospects for further action steering clear of simple partisanship and instead listing recommendations with pros and cons and also including factual stories of how individual citizens have made a difference in the national effort against terrorism This concise book will contribute to our understanding of the problems surrounding terrorism and counterterrorism and the approaches the United

States may take to meet them in the early 21st century

Improvised Explosive Devices James Revill, 2016-07-15 This book begins with an account of the evolution of improvised explosive devices using a number of micro case studies to explore how and why actors have initiated IED campaigns how new and old technologies and expertise have been exploited and how ethical barriers to IED development and deployment have been dealt with It proceeds to bring the evidence from the case studies together to identify themes and trends in IED development before looking at what can realistically be done to mitigate the threat of IEDs in the new wars of the twenty first century The book suggests that the advance and availability of a combination of technological factors in conjunction with changes in the nature of contemporary conflicts have led to the emergence of IEDs as the paradigmatic weapons of new wars However their prevalence in contemporary and future conflicts is not inevitable but rather depends on the willingness of multiple sets of actors at different levels to build a web of preventative measures to mitigate if not eradicate IED development and deployment

Countering the New Terrorism Ian Lesser, John Arquilla, Bruce Hoffman, David F. Ronfeldt, Michele Zanini, 1999-04-20 Traces the recent evolution of international terrorism against civilian and U S military targets looks ahead to where terrorism is going and assesses how it might be contained The authors consider the threat of information based terrorism and of weapons of mass destruction with an emphasis on how changes in the sources and nature of terrorism may affect the use of unconventional terror The authors propose counterterrorism strategies that address the growing problem of homeland defense

Researching Terrorism, Peace and Conflict Studies Ioannis Tellidis, Harmonie Toros, 2015-02-11 This book examines potential synergies between the fields of Terrorism Studies and Peace and Conflict Studies The volume presents theoretically and empirically informed contributions which shed light on whether the two fields can inform each other on issues of mutual interest and importance The book examines key themes including the conceptualisation s of peace and violence the exceptionalisation of terrorist violence the relationship between scholarship and political power the dysfunctionality of the liberal peace and the opportunities offered by post liberal peacebuilding frameworks and the implications and challenges of cyber terrorism and cyber conflict Furthermore the book intends to be a launching pad for future debate on whether the recent critical turn in terrorism studies can offer a pathway for peace studies to engage with the so far largely ignored question of power Consisting of not only key scholars but also practitioners and policy makers the contributors present a number of case studies including Colombia Northern Ireland the Basque Country and Iraq where they explore the relationships between terrorism and peace and conflict approaches They critically analyse the statist approach inherent in both terrorism approaches and liberal peacebuilding frameworks the role of the grassroots levels of society the inefficiency of simplistic frameworks of understanding and implementation and the chains of governance from international and transnational actors to national actors and finally from national to local actors This book will be of much interest to students of terrorism studies peace and conflict studies IR and security studies

Terrorism in Perspective Sue Mahan, Pamala L. Griset, 2012-11-21 The

Third Edition of Terrorism in Perspective like its two successful predecessors takes a broad based approach that emphasizes the historical cultural political religious social and economic factors that underlie an understanding of both global and domestic terrorism This unique text reader combines original essays with the best of the existing literature on terrorism Each chapter of this text begins with an overview essay written by the authors followed by two relevant and engaging articles culled from a wide variety of popular academic and governmental sources This is the only major terrorism text to incorporate readings from top terrorism experts into a traditional textbook format allowing readers to deepen their understanding of each aspect of terrorism

Counterterrorism Strategies Yonah Alexander,2006 In Counterterrorism Strategies seven experts examine how the United States France Germany Italy Egypt and Sri Lanka have combated terrorist groups from the 1970s to the present and draw lessons that are applicable to today s threats Counterterrorism Strategies shows that there are no simple or complete solutions to the dangers posed by determined and elusive terrorists but several of the countries detailed here have had significant successes The contributors analyses of the effectiveness or ineffectiveness of strategies used by these six countries offer a counterterrorism road map for the twenty first century This book is essential reading for policymakers for counterterrorism scholars and professionals and for members of the general public who are concerned about the general direction of the international campaign against terrorism Jacket

The History of Terrorism Gérard Chaliand,2016-08-23 This authoritative work provides an essential perspective on terrorism by offering a rare opportunity for analysis and reflection at a time of ongoing violence threats and reprisals Some of the best international specialists on the subject examine terrorism s complex history from antiquity to the present day and find that terror long the weapon of the weak against the strong is a tactic as old as warfare itself Beginning with the Zealots of the first century CE contributors go on to discuss the Assassins of the Middle Ages the 1789 Terror movement in Europe Bolshevik terrorism during the Russian Revolution Stalinism resistance terrorism during World War II and Latin American revolutionary movements of the late 1960s Finally they consider the emergence of modern transnational terrorism focusing on the roots of Islamic terrorism al Qaeda and the contemporary suicide martyr Along the way they provide a groundbreaking analysis of how terrorism has been perceived throughout history What becomes powerfully clear is that only through deeper understanding can we fully grasp the present dangers of a phenomenon whose repercussions are far from over This updated edition includes a new chapter analyzing the rise of ISIS and key events such as the 2015 Paris attacks

Air University Library Index to Military Periodicals ,1997 **Introducing Comparative Politics** Stephen Orvis,Carol Ann Drogus,2020-01-07 The graphics in the book are extremely reader friendly The language is clear and easy for students to follow Instructor resources are quite helpful and a key part of my decision making Overall this is the best comparative politics text for undergrads that I have found It covers all the important topics in the field and presents them in a way that is accessible to students Laura N Bell West Texas A M University Organized thematically around important questions in comparative politics who rules what

explains political behavior where and why **Introducing Comparative Politics Fifth Edition** integrates a set of extended case studies of 11 countries that vividly illustrate issues in cross national context Serving as touchstones the cases are placed within the chapters where they make the most sense not separated from the theory or in a separate volume helping students make connections between the two earlier in the semester The book s hybrid organization gives students a more holistic view of comparative politics A Complete Teaching Learning Package LMS Cartridge formally known as SAGE Coursepacks Import this title s instructor resources into your school s learning management system LMS and save time Don t use an LMS You can still access all of the same online resources for this title via the password protected Instructor Resource Site SAGE Edge FREE online resources for students that make learning easier SAGE course outcomes Measure Results Track Success Outlined in your text and mapped to chapter learning objectives SAGE course outcomes are crafted with specific course outcomes in mind and vetted by advisors in the field See how SAGE course outcomes tie in with this book s chapter level objectives

The Next Attack Daniel Benjamin, Steven Simon, 2006-07-25 The authors of the bestseller *The Age of Sacred Terror* show how the United States is losing the war on terror and what we need to do if we re serious about winning it We are losing Four years and two wars after September 11 2001 the United States is no closer to victory in the war on terror In fact we are unwittingly clearing the way for the next attack In this provocative new book Daniel Benjamin and Steven Simon show how the terrorist threat is evolving with a broadening array of tactics an army of new fighters and most ominously a widening base of support in the global Muslim community The jihadist movement has been galvanized by the example of 9 11 and the missteps of the U S government which has consistently failed to understand the nature of the new terror Left on this trajectory much worse faces us in the near future It doesn t have to be this way *The Next Attack* makes the case that America has the capacity to stem the tide of Islamic terrorism but Benjamin and Simon caution that this will require a far reaching and creative new strategy one that recognizes that the struggle has been over militarized and that a campaign for reform must be more than rhetoric and less than bayonets And they point out how America s increasing tendency to frame the conflict in religious terms has undermined our ability to advance our interests Is America is truly equipped to do what is necessary to combat Islamist terrorism or are we too blinded by our own ideology The answer to that question will determine how secure we will truly be in the years and decades to come

Countering the Proliferation of Weapons of Mass Destruction Thanos P. Dokos, 2007-10-31 As counter proliferation is expected to become the central element in the new national security policy of the US such actions will constitute a central element of every major international conflict in the first decades of the 21st century

The Politics of Terrorism, Third Edition, Stohl, 1988-01-29 Placing terrorists and terrorist activities within their sociopolitical settings this volume contains essays by 16 experts on the major theories typologies concepts strategies tactics ideologies practices implications of and responses to contemporary political terrorism New to this edition are essays on typologies and state terrorism in international affairs and terrorism within Latin America

the Middle East the United States Western Europe and sub Saharan Africa The authors demystify the myths of contemporary political terrorism and conclude with discussions of the interrelationship among political terrorism the media and civil liberties counterterrorism policies the threat that terrorists will go nuclear and the international terrorist network ISBN 0 8247 7814 6 45 00 Terrorism Randall D. Law, 2009-08-10 The book leads the reader through the shifting understandings and definitions of terrorism through the ages providing an understanding of the uses of and responses to terrorism Extentisvely covers jihadism the Israeli Palestinian conflict Northern Ireland and the Ku Klux Klan plus many other movements The War on Terrorism and the Terror of God Lee Griffith, 2004 Uniquely relevant in a world shaken by recent acts of terror this title calls people of faith to the way of peace the Christian response to evil and violence **Terrorism and Anti-Terrorism: A Normative and Practical Assessment** Christopher Blakesley, 2021-10-25 This book addresses the complex challenging and dangerous problems relating to terrorism and to the attempts to address and stop terrorism It includes not only a positivistic legal analysis of issues but attempts to assess the costs facing us all in this modern reality of political violence Blakesley challenges the so called realist premise of fighting fire with fire and attempts to devolve a working definition of terrorism that may be applied to whatever group or nation that uses terror or terrorism as a tactic or strategy Published under the Transnational Publishers imprint
