understanding of trust truth and      **German Cinema - Terror and Trauma** Thomas Elsaesser, 2013-10-30 In German Cinema Terror and Trauma Since 1945 Thomas Elsaesser reevaluates the meaning of the Holocaust for postwar German films and culture while offering a reconsideration of trauma theory today Elsaesser argues that Germany s attempts at mastering the past can be seen as both a failure and an achievement making it appropriate to speak of an ongoing guilt management that includes not only Germany but Europe as a whole In a series of case studies which consider the work of Konrad Wolf Alexander Kluge Rainer Werner Fassbinder Herbert Achterbusch and Harun Farocki as well as films made in the new century Elsaesser tracks the different ways the Holocaust is present in German cinema from the 1950s onwards even

when it is absent or referenced in oblique and hyperbolic ways Its most emphatically absent presence might turn out to be the compulsive afterlife of the Red Army Faction whose acts of terror in the 1970s were a response to as well as a reminder of Nazism's hold on the national imaginary Since the end of the Cold War and 9 11 the terms of the debate around terror and trauma have shifted also in Germany where generational memory now distributes the roles of historical agency and accountability differently Against the background of universalized victimhood a cinema of commemoration has if anything confirmed the violence that the past continues to exert on the present in the form of missed encounters retroactive incidents unintended slippages and uncanny parallels which Elsaesser reviving the full meaning of Freud's Fehlleistung calls the parapractic performativity of cultural memory

in many cases murdered political activists student organizers labor unionists leftist guerrillas and other people branded subversives This period was characterized by massive human rights violations including forced disappearances committed in the name of national security State terror left a deep scar on contemporary Argentina but for many survivors and even the nation itself talking about this dark period in recent history has been difficult and at times taboo For women who endured countless forms of physical sexual and emotional violence in clandestine detention centers the impetus to keep quiet about certain aspects of captivity has been particularly strong In *Surviving State Terror* Barbara Sutton draws upon a wealth of oral testimonies to place women's bodies and voices at the center of the analysis of state terror The book showcases poignant stories of women's survival and resistance disinterring accounts that have yet to be fully heard grappled with and understood With a focus on the body as a key theme Sutton explores various instances of violence toward women such as sexual abuse and torture at the hands of state officials Yet she also uses these narratives to explore why some types of social suffering and certain women's voices are heard more than others and how this can be rectified in our own practices of understanding and witnessing trauma In doing so Sutton urges us to pay heed to women survivors political voices activist experiences and visions for social change Recounting not only women's traumatic experiences but also emphasizing their historical and political agency *Surviving State Terror* is a profound reflection on state violence social suffering and human resilience both personal and collective

*The Terror Dream* Susan Faludi, 2024-05-01 From the Pulitzer Prize winning journalist and bestselling author of *Backlash* an unflinching dissection of the mind of America after 9/11 In this most original examination of America's post 9/11 culture Susan Faludi shines a light on the country's psychological response to the attacks on that terrible day Turning her acute observational powers on the media popular culture and political life Faludi unearths a barely acknowledged but bedrock societal drama shot through with baffling contradictions Why she asks did our culture respond to an assault against American global dominance with a frenzied summons to restore traditional manhood marriage and maternity Why did we react as if the hijackers had targeted not a commercial and military edifice but the family home and nursery Why did an attack fueled by hatred of Western emancipation lead us to a regressive fixation on Doris Day womanhood and John Wayne masculinity with trembling security moms swaggering presidential gunslingers and the rescue of a female soldier cast as a helpless little girl The answer Faludi finds lies in a historical anomaly unique to the American experience the nation that in recent memory has been least vulnerable to domestic attack was forged in traumatizing assaults by nonwhite barbarians on town and village That humiliation lies concealed under a myth of cowboy bluster and feminine frailty which is reanimated whenever threat and shame looms In *The Terror Dream* Faludi provides stunning and depressing evidence of a concerted effort to silence women and roll back women's rights in the wake of 9/11 She brings in a Mack truck's worth of testimony and proof Amy Wilentz Los Angeles Times
