Facilities must help state and local entities to develop emergency response plans, and report annually to EPA data on toxic substances.
<p>Pollution Prevention Act (PPA)</p>	1990	Establish pollution prevention as the nation's primary pollution management strategy with emphasis on source reduction. Established a Pollution Prevention Information Clearinghouse.	Owners and operators of facilities that are required to file a Form R under the SARA Title III to report to the EPA information regarding the source reduction and recycling efforts that the facility has undertaken during the previous year.
