## **Texas Cattle Barons Their Families Land And Legacy:**

**Texas Cattle Barons** Elmer Kelton,1999 In *Texas Cattle Barons Their Families Land and Legacy* thirteen families discuss the reality of owning and working some of the largest land holdings in the state of Texas Most have owned some or all of their land for generations others bought into their properties over time all have risen to the challenge of taking the cattle industry into the next millennium Learn firsthand from ranchers like Al and Mike Micailef Jim and James McAllen and Jon and Jackie Means about the hard work discipline and faith required to make a cattle ranch work in this age of big business Join the owners of the Broseco Moorhouse and Williams ranches as they discuss breeding programs grazing patterns and the pursuit of the ultimate beef animal Listen as the Gibsons and the Ryans reveal their passion for the land and their hope for the future **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved

**Deep in the Heart of Texas** ,1999 In this companion volume to *Texas Cattle Barons* Ryan invites readers to venture beyond the ranch gate to share ranchers insights on their work and lifestyle 100 photos **Under the Cap of Invisibility** Lucie Genay,2025-05-13 Pantex was built during World War II near the town of Amarillo Texas The site was converted early in the Cold War to assemble nuclear weapons and produce high explosives For nearly fifty years Pantex has been the sole assembly and disassembly plant for nuclear weapons in the United States Today most of the activities of the plant consist of the manufacture of high explosive components and the dismantlement or life extension of weapons including retrofitting aging warheads in the United States s arsenal Unlike the much more famous nuclear weapons production sites at Los Alamos Oak Ridge Hanford and Rocky Flats the Pantex plant has drawn little attention hidden under a metaphoric cap of invisibility Lucie Genay now lifts that invisibility cap to give the world its first in depth look at Pantex and the people who have spent their lives as neighbors and employees of this secretive industry The book investigates how Pantex has impacted local identity by molding elements of the past into the guaranty of its future and its concealment It further examines the multiple facets of Pantexism the reasons for embracing nuclear weapons production as a solution to economic woes the resulting dependence on this industry and the unconditional support for the facility through the voices of native and adoptive Panhandlers **Filthy Fictions** Monica Chiu,2004-01-20 *Filthy Fictions* addresses Asian American literature by women to explore and explode the sedimented and solidified meanings we have created about Asian Americans and dirt through dialogues that not only cross disciplinary and institutional formations and borders but also question the very borders and territories upon which these arguments may be founded Expertly questioning the construction of the ethnic body the book discusses critical discourses in ethnic and feminist studies around the topic of identity re production and transnational representation *Conversations with Texas Writers* Frances Leonard,Ramona Cearley,2010-01-01 Larry McMurtry declares Texas itself doesn t have anything to do with why I write It never did Horton Foote on the other hand says I ve just never had a desire to write about any place else In between those figurative bookends are hundreds of other writers some

internationally recognized others just becoming known who draw inspiration and often subject matter from the unique places and people that are Texas To give everyone who is interested in Texas writing a representative sampling of the breadth and vitality of the state's current literary production this volume features conversations with fifty of Texas's most notable established writers and emerging talents The writers included here work in a wide variety of genres novels short stories poetry plays screenplays essays nonfiction and magazine journalism In their conversations with interviewers from the Writers League of Texas and other authors organizations the writers speak of their apprenticeships literary influences working habits connections with their readers and the domestic and public events that have shaped their writing Accompanying the interviews are excerpts from the writers work as well as their photographs biographies and bibliographies Joe Holley's introductory essay an overview of Texas writing from Cabeza de Vaca's 1542 *Relaci3n* to the work of today's generation of writers who are equally at home in Hollywood as in Texas provides the necessary context to appreciate such a diverse collection of literary voices A sampling from the book This land has been my subject matter One thing that distinguishes me from the true naturalist is that I've never been able to look at land without thinking of the people who've been on it It's fundamental to me John Graves Writing is a way to keep ourselves more in touch with everything we experience It seems the best gifts and thoughts are given to us when we pause take a deep breath look around see what's there and return to where we were revived Naomi Shihab Nye I've said this many times in print the novel is the middle age genre Very few people have written really good novels when they are young and few people have written really good novels when they are old You just tail off and lose a certain level of concentration Your imaginative energy begins to lag I feel like I'm repeating myself and most writers do repeat themselves Larry McMurtry I was a pretty poor cowhand I grew up on the Macaraw Ranch east of Crane Texas My father tried very hard to make a cowboy out of me but in my case it never seemed to work too well I had more of a literary bent I loved to read and very early on I began to write small stories short stories out of the things I liked to read Elmer Kelton

Elmer Kelton Judy Alter, James Ward Lee, 2011-03-01 When Elmer Kelton died in the fall of 2009 the literary world lost a consummate writer a man the New York Times called a novelist who brought the sensibility of the old style western to bear on a modern Texas landscape of oil fields and financially troubled ranches Kelton was also a modest kind man always willing to advise a struggling writer or write a blurb for a first time published author or assign publishing rights to his six masterpieces to a small university press TCU Press owes a great debt of gratitude to Kelton and this volume *Elmer Kelton Memories and Essays* attempts to explore just what it is that made Kelton its leading author Editors Judy Alter and James Ward Lee gathered together a group of Kelton aficionados who had either published or taught or sold his books or were simply friends In several meetings they divided up the main themes of Kelton's writing Alter provides the overview of Kelton's career Felton Cochran longtime owner of Cactus Books in San Angelo describes how the friendship between bookstore owner and author grew over the years Ricky Burk pastor of the church from which Kelton was buried talks about
