Text And Psyche Experiencing Scripture Today:

Text & Psyche Schuyler Brown,1998 While traditional doctrinal and historical interpretations rely heavily on rational analysis the impact of scripture is mainly on the human heart Examining this impact in the light of linguistic and literary theory feminism structuralism Jungianism deconstructionism the analysis of archaic imagery and myth the recovery of Gnostic texts and finally an openness to pluralism whether ethnic geographic religious or interpretive Schuyler Brown explores scripture today He explains that texts are not simply storehouses of knowledge but rather a vineyard Hugh of St Victor to be tilled for the reader s nurture and pleasure Text and Psyche Schuyler Brown,2003-06-01 Traditional doctrinal and historical interpretation both rely heavily on rational analysis But from the disciples at Emmaus to the beginnings of the present century it has been the impact of scripture upon the human heart that has changed human lives In recent decades this impact has been strengthened by advances in linguistic and literary theory by such disparate influences as feminism structuralism Jungianism deconstructionism the analysis of archaic imagery and myth the recovery of Gnostic texts and finally an openness to pluralism whether ethnic geographic religious or interpretive All of these factors are treated here with a brevity and comprehensiveness which convincingly show that the reader of scripture has a creative and not merely passive role

Psychological Hermeneutics for Biblical Themes and Texts: HAROLD J. ELLENS,J. Harold Ellens,2012-04-26 An assessment of the development and achievements of the field of Psychological Hermeneutics

Divine Scripture in Human Understanding Joseph K. Gordon,2019-03-15 In six closely reasoned chapters Joseph Gordon presents a detailed account of a Christian doctrine of Scripture in the fullest context of systematic theology Divine Scripture in Human Understanding addresses the confusing plurality of contemporary approaches to Christian Scripture both within and outside the academy by articulating a traditionally grounded constructive systematic theology of Christian Scripture Utilizing primarily the methodological resources of Bernard Lonergan and traditional Christian doctrines of Scripture recovered by Henri de Lubac it draws upon achievements in historical critical study of Scripture studies of the material history of Christian Scripture reflection on philosophical hermeneutics and philosophical and theological anthropology and other resources to articulate a unified but open horizon for understanding Christian Scripture today Following an overview of the contemporary situation of Christian Scripture Joseph Gordon identifies intellectual precedents for the work in the writings of Irenaeus Origen and Augustine who all locate Scripture in the economic work of the God to whom it bears witness by interpreting it through the Rule of Faith Subsequent chapters draw on Scripture itself classical sources such as Irenaeus Origen Augustine and Aquinas the fruit of recent studies on the history of Scripture and the work of recent scholars and theologians to provide a contemporary Christian articulation of the divine and human locations of Christian Scripture and the material history and intelligibility and purpose of Scripture in those locations The resulting constructive position can serve as a heuristic for

affirming the achievements of traditional historical critical and contextual readings of Scripture and provides a basis for addressing issues relatively underemphasized by those respective approaches **Interpreting the Truth** L. William Countryman, 2003-10-01 Using the model of reading other people's mail L. William Countryman proposes that we read the letters of the New Testament as an ongoing conversation between the text itself and the modern interpreter and the community

The Temporal Mechanics of the Fourth Gospel Douglas Charles Estes, 2008-03-31 Spiritual but broken theological but flawed these are the words critics use to describe the Gospel of John Compared to the Synoptics John's version of the life of Jesus seems scrambled especially in the area of time and chronology But what if John's textual and temporal flaws have more to do with our implicit assumptions about time than a text that is truly flawed This book responds to that question by reinventing narrative temporality in light of modern physics and applying this alternative temporal lens to the Fourth Gospel From the singularity in the epic prologue to the narrative warping of event-like objects this work explodes the elemental temporalities simmering below the surface of a spiritual yet superior Gospel text

Virtue Hermeneutics Robert M. Eby, 2022-03-08 Contemporary hermeneutics is an unavoidable but deeply troubled discipline. At the root of the problem is the classic epistemological question: What makes an interpretation justifiable? Since the beginning of Modernity, interpreters have offered multiplied answers to this question. Historicity, linguistics, social constructs, and contemporary flashes of revelation are but a few of the proposed solutions, but if the question is ultimately epistemological, it follows that the answer may emerge from this same place. Current research in the field of virtue epistemology has awakened interest in a new path forward for hermeneutics by looking to a time before the emergence of unstable modern frameworks. In *Virtue Hermeneutics*, a justified understanding of Scripture that engages all of the participants in the interpretive dialogue—author, text, reader, and reading community—is discovered in the interpretive character of the wise reader. From this starting point, hermeneutics is able to move forward in a way that is responsive to contemporary challenges to discerning literary meaning. Ultimately, a justified understanding is one that virtuously engages the author, the text, and all reading communities. The illuminating work of the Holy Spirit in hermeneutics takes on a refreshing and meaning-filled place when readers readmit intellectual virtues into the discussion. **How We Experience**

Modern Verse Eric Purchase, 2023-03-31 Poetry moves us. Sometimes a poem changes our life. Then we analyze it as a cultural artifact with no special connection to us. An extensive critical apparatus enables us to develop sophisticated interpretations, but we dismiss as idiosyncratic even life-changing experiences of poetry. We need an apparatus to unfold our experience of reading poems into a more effective relationship with the world. Modern poets, in particular, wrote prophetic verse for this purpose. Archetypal psychology and phenomenology describe the soul that modern poetry moves in us. Three prosodic mechanisms activate the psyche. The polyphony of accentual and quantitative versification creates depth to lure the soul. Aural images reshape the reader's stream of consciousness. Readers follow the movement of blocks of verse across the expanse of the page with what Maurice Merleau-Ponty terms the phenomenal body. These mechanisms reach us at the collective level of consciousness and generate the power we need to solve big collective challenges such as race, climate change, and inequality. **Toronto Journal of Theology**, 1999 **The Catholic Periodical and Literature Index**, 1999
