*The Guadalcanal Campaign* United States. Marine Corps, John Lee Zimmerman, 1949      *First Offensive* Henry I. Shaw, Jr., 1996-11      **Hell's Islands** Stanley Coleman Jersey, 2008 Presents battlefield accounts and first person narratives from over 200 Allied and Japanese veterans of the battle on Guadalcanal Island between August 1942 and February 1943

**Guadalcanal 1942-43** Mark Stille, 2015-08-20 The Guadalcanal campaign began with an amphibious assault in August 1942 the US's first attempt to take the fight to the Japanese. It escalated into a desperate attritional battle on land, air, and sea, and by the time the Japanese had evacuated the last of their forces from the island in 1943, it was clear that the tide of the war had turned. The inexorable Japanese advance and the myth of Japanese invincibility shattered. In this new study of the campaign, Pacific War expert Mark Stille draws on both US and Japanese sources to give a balanced and comprehensive account of a crucial, brutal conflict. Analyzing the three Japanese attempts to retake the island in the face of ferocious American resistance, this book shows how the battle was won and lost and how it affected the outcome of the Pacific War as a whole.

**Guadalcanal 1942** Joseph N. Mueller, 2004 Hard pressed Army Marine and Navy units halted the enemy's apparently irresistible advance in its tracks on Guadalcanal. This book gives a gripping account of the Allied forces' first victory over Imperial Japan.

**The Guadalcanal Campaign** United States. Marine Corps, John Lee Zimmerman, 1949      The First Team and the Guadalcanal Campaign John B. Lundstrom, 2005-07-01 From huddled command conferences to cramped cockpits, John Lundstrom guides readers through the maelstrom of air combat at Guadalcanal in this impressively researched sequel to his earlier study. Picking up the story after Midway, the author presents a scrupulously accurate account of what happened, describing in rich detail the actual planes and pilots pitted in the ferocious battles that helped turn the tide of war. Based on correspondence with 150 American and Japanese veterans or their families, he reveals the thoughts, pressures, and fears of the airmen and their crews as he reconstructs the battles. These are the story of the Wildcat and Zero fighters and the Dauntless, Avenger, Betty, Kate, and Val bombers. Lavishly illustrated with drawings, maps, and photographs, this fresh look at the campaign set a standard for aviation histories when first published in 1994.

The Guadalcanal Campaign United States. Marine Corps, 1949      No Bended Knee Merrill B. Twining, 2004-03-30 A VIVID NARRATIVE A splendid first person account of the costly campaign that enabled Allied forces to wrest Guadalcanal from the Japanese in World War II's Pacific theater. Kirkus Reviews: By reading and studying *No Bended Knee*, the military professional can gain an appreciation for war at the strategic, operational, and tactical levels. Twining writes as he served his corps boldly and straightforwardly with impeccable detail and superb understanding of things strategic. *Airpower Journal*: A VIEW FROM THE NERVE CENTER COMPLETE WITH TELLING PERSONAL ANECDOTES. *Journal Inquirer*: Manchester, CT. Twining adds notably to the literature on Guadalcanal and provides one of the best accounts of war as seen from the perspective of the often maligned yet absolutely indispensable headquarters staff. Booklist: CANDID AND REVEALING. Publishers Weekly      **The Turning Points**

**in the Pacific** Charles River Charles River Editors, 2018-02-25 Includes pictures Includes soldiers accounts of the fighting Includes bibliographies for further reading Although not as well remembered as D Day or even the attack at Pearl Harbor that preceded it the Battle of Midway was one of the most unique and important battles fought during World War II In fact the turning point in the Pacific theater took place between June 4 7 1942 as a Japanese fleet moved a sizable fleet intending to occupy Midway Island and draw the American navy near Instead American aircraft flying from three aircraft carriers that had been away from Pearl Harbor in December 1941 got a bearing on the Japanese fleet and sunk four Japanese aircraft carriers permanently crippling Japan's navy The Battle of Midway was one of the first major naval battles in history where the enemy fleets never actually saw or came into contact with each other By the time the Battle of Midway was over the defeat was so devastating that it was actually kept secret from all but the highest echelons of the Japanese government Along with the loss of hundreds of aircraft and over 3 000 men killed the four Japanese aircraft carriers lost when compared to America's one lost carrier was critical considering America's huge shipbuilding superiority However the Battle of Midway could also have easily turned out differently Japan began the battle with more carriers more and better aircraft and more experienced crews than the Americans and if the battle of the Coral Sea was any indication the two sides had irrefutable proof of the dominance of the aircraft carrier in the Pacific The implications of earlier clashes were now starkly underlined and the fighting was now clearly about timing The carrier fleets were incredibly powerful and crucially important yet at the same time they were hugely vulnerable weapons systems The protagonists at Midway were putting into practice a newly emerging naval doctrine one which ultimately meted out a terrible punishment to the side that miscalculated Carrier versus carrier combat had come of age The Guadalcanal Campaign which ran from August 1942 to February 1943 was a bitter and protracted struggle that also happened to be a strange and transitional confrontation quite unlike any other in the long Pacific War In conjunction with the American victory at the Battle of Midway Guadalcanal represented the crucial moment when the balance of power in the Pacific tipped in favor of the Allies but the idea that Guadalcanal would be such a significant battle would have come as a surprise to military strategists and planners on both sides Eventually nearly 100 000 soldiers fought on the island and the ferocity with which the Japanese fought was a fitting prelude to campaigns like Iwo Jima and Okinawa The campaign would include six separate naval battles three large scale land clashes and almost daily skirmishing and shelling Not surprisingly the campaign exacted a heavy toll with more than 60 ships sunk more than 1200 aircraft destroyed and more than 38 000 dead While the Japanese and Americans engaged at sea and in the skies of the 36 000 Japanese defenders on the ground over 30 000 of them would be dead by the end of the Guadalcanal campaign while the Americans lost about 7 000 killed By the end of the fighting the Guadalcanal Campaign had unquestionably become a turning point in the Pacific War representing both the last gasp of the Japanese offensive and the first stirrings of the American onslaught The Turning Points in the Pacific comprehensively covers the events leading up to the campaign analyzes the

decisions made by the battles most important leaders and explains the aftermath of the American victories Along with a bibliography and pictures of important people and places you will learn about Guadalcanal like you never have before in no time at all Marines In World War II - The Guadalcanal Campaign [Illustrated Edition] Major John L. Zimmerman USMCR,2014-08-15 Contains 88 photos illustrations and maps We struck at Guadalcanal to halt the advance of the Japanese We did not know how strong he was nor did we know his plans We knew only that he was moving down the island chain and that he had to be stopped We were as well trained and as well armed as time and our peacetime experience allowed us to be We needed combat to tell us how effective our training our doctrines and our weapons had been We tested them against the enemy and we found that they worked From that moment in 1942 the tide turned and the Japanese never again advanced A A Vandergrift General U S Marine Corps Major John L. Zimmerman USMCR *Japanese Combined Fleet 1942-43* Mark Stille,2024-09-26 A superbly illustrated account of the Japanese Navy during the fierce battles of Guadalcanal and the Solomons explaining how and why it fought as it did Contrary to myth the Imperial Japanese Navy was not a shattered force after its defeat at Midway In this book Pacific War expert Mark Stille examines the IJN s Combined Fleet during the Guadalcanal and Solomons campaigns when it was reorganized and was forced to fight a grinding battle of attrition against the US Navy The early surface battles in the Guadalcanal campaign played into the strength of the Combined Fleet which had long trained for night combat The IJN s rebuilt carrier force also performed well and managed to score its most clearcut victory against the USN s carriers of the entire war at the battle of Santa Cruz but the overall Guadalcanal campaign ended in disaster The result was that the IJN was unwilling to engage in a major struggle for the Central and Northern Solomons instead using only its destroyer force and land based air power to fight a delaying action However this was costly and weakened the Combined Fleet for the rest of the war Using the most recent sources and illustrated with superb artwork 3D diagrams and maps the book is the first attempt to focus on how the Combined Fleet fought these campaigns and most importantly how their results affected the rest of the war **Guadalcanal** John Miller,1989 *The Island* Herbert Laing Merillat,2010 This is the real story soberly honestly authoritatively told New York Times This is a tale of dogged resistance courage and sacrifice that will remain imperishable in our history Weekly Book Review In August 1942 U S Marines landed on the island of Guadalcanal in the South Pacific and defeated Japanese forces for the first time turning the tide of World War II against Japan Written by a historian who fought alongside his fellow marines for the entire four month campaign The Island is an indispensable story of this hard fought victory Guadalcanal: Starvation Island Eric Hammel,2020-12-23 Guadalcanal Starvation Island Eric Hammel The Japanese defeats at Midway and Guadalcanal decided the outcome of the Pacific War Guadalcanal was the classic three dimensional campaign On land at sea and in the air fierce battles were fought with both sides stretching their supplies and equipment to the breaking point The campaign lasted six months involved nearly one million men and stopped Japanese expansion in the Pacific When the campaign began on August 7 1942 no one on

either side quite knew how to conduct it as Eric Hammel shows in this masterly account Guadalcanal Starvation hand corrects numerous errors and omissions in the official records that have been perpetuated in all the books previously published about the campaign Hammel also draws on the recollections of more than 100 participants on both sides especially the enlisted men at the sharp end Their words bring us into the heart of the battle and portray the fighting accurately realistically and very powerfully Guadalcanal Starvation Island follows the men and the commanders of this decisive World War II campaign in an integrated brilliantly told narrative of the desperate struggle at sea on land and in the air Praise for Guadalcanal Starvation Island and Eric Hammel A comprehensive history of the Guadalcanal Campaign and a well balanced account Well written and fast moving Marine Corps Gazette Hammel has written the most comprehensive popular account to date and exposes controversial aspects often passed over Publishers Weekly Hammel takes the reader behind the scenes and details how decisions were made and how they impacted on the troops carrying them out He tells the story in a very human way Leatherneck Magazine A splendid record of this decisive campaign Hammel offers a wealth of fresh material drawn from archival records and the recollections of 100 odd surviving participants A praise worthy contribution to Guadalcanal lore Kirkus Reviews Hammel's ability to reveal both the immediacy and the humanity of war without judgment or bias makes all his books both readable and scholarly San Francisco Chronicle Hammel does not write dry history His battle sequences are masterfully portrayed Library Journal

**Guadalcanal: the First Offensive** John Miller, 1949

Guadalcanal 1942-43 Mark Stille, 2019-11-28 The story of Japan's long range air campaign to destroy the Cactus Air Force on Guadalcanal why Henderson Field was so vital to both sides and how the Allies defeated the previously all conquering Japanese The campaign for Guadalcanal which stretched from August 1942 until February 1943 centered on Henderson Field The airfield was captured by the US on 8 August and placed into operation by 20 August As long as the airfield was kept operational and stocked with sufficient striking power the Japanese could not run convoys with heavy equipment and large amounts of supplies to the island Instead they were forced to rely on night runs by destroyers which could not carry enough men or supplies to shift the balance decisively against the American garrison on the island The American air contingent on the island named the Cactus Air Force comprised Marine Navy and Army Air Force units It had the challenging mission of defending the airfield against constant Japanese attacks and more importantly of striking major Japanese attempts to reinforce the island The mission of neutralizing Henderson Field fell primarily to the Imperial Navy's Air Force flying out of airfields in the Rabaul area The units charged with this mission were among the most accomplished in the entire Imperial Navy with a high proportion of very experienced pilots and a superb air superiority fighter the famous Zero However the distance from Rabaul to Guadalcanal handicapped Japanese operations and their primary bomber was terribly vulnerable to interception This book traces the air campaign from both sides and explores the factors behind the American victory and the Japanese defeat The text is supported by full colour illustrations and contemporary photography

**The naval battles for Guadalcanal 1942** Mark Stille, 2013-05-20 The battle for Guadalcanal that lasted from August 1942 to February 1943 was the first major American counteroffensive against the Japanese in the Pacific The battle of Savo Island on the night of 9 August 1942 saw the Japanese inflict a severe defeat on the Allied force driving them away from Guadalcanal and leaving the just landed marines in a perilously exposed position This was the start of a series of night battles that culminated in the First and Second battles of Guadalcanal fought on the nights of 13 and 15 November One further major naval action followed the battle of Tassafaronga on 30 November 1942 when the US Navy once again suffered a severe defeat but this time it was too late to alter the course of the battle as the Japanese evacuated Guadalcanal in early February 1943 This title will detail the contrasting fortunes experienced by both sides over the intense course of naval battles around the island throughout the second half of 1942 that did so much to turn the tide in the Pacific

**Guadalcanal Diary** Richard Tregaskis, 1955 *The Battle of Guadalcanal* Trent Hone, 2021-08-15 Building upon the expertise of the authors and historians of the Naval Institute Press the Naval History Special Editions are designed to offer studies of the key vessels battles and events of armed conflict Using an image heavy magazine style format these Special Editions should appeal to scholars enthusiasts and general readers alike The Guadalcanal Campaign began in August 1942 with Operation Watchtower This first Allied offensive in the Pacific undertaken before US forces were fully prepared thwarted an impending Japanese operation and initiated a six month struggle to control the island and its surroundings Desperate fighting occurred in the jungles of Guadalcanal in the skies above it and on as well as below the seas around it Possession of the island's airfield allowed the US garrison to dominate the skies during the day At night the Imperial Japanese Navy bombarded the airfield and brought supplies and reinforcements to the island The US Navy's attempts to stop these nocturnal incursions triggered a series of battles that were some of the most furious confused and chaotic in naval history As melees erupted in bewildering darkness concerted action proved impossible Formations disintegrated and ships fought individually So many were sunk that sailors nicknamed the narrow waters off Guadalcanal Iron Bottom Sound Within those waters the men of the US Navy fought tenaciously In nights filled with flares flames the reek of gunpowder and blinding explosions their heroic actions without number blunted Japanese reinforcement efforts Victories at the Battle of Cape Esperance in October and the First and Second Naval Battles of Guadalcanal in November were especially crucial Unable to keep pace with the increasing number of US supplies and reinforcements the Japanese abandoned the island This volume recounts those battles the heroic actions that led to victory and the Allied triumph at Guadalcanal
