

I. Habsburg-Valois Wars (c. 1519-1559)

A. Treaty of Cateau-Cambrèsis (1559)

1. Ended Habsburg-Valois Wars (last purely dynastic wars in 16th century)
2. The wars had been political in nature (not religious) as both France and the HRE were Catholic.

B. France kept the HRE from controlling all of Germany while inadvertently helping Lutheranism to spread.

1. France saw keeping Germany divided as more important than religious unity in Europe.
2. This prevented German unification for three centuries.

Harari,2004 Renaissance military memoirs studied for what they reveal of contemporary attitudes towards war selfhood and identity This is a study of autobiographical writings of Renaissance soldiers It outlines the ways in which they reflect Renaissance cultural political and historical consciousness with a particular focus on conceptions of war history selfhood and identity A vivid picture of Renaissance military life and military mentality emerges which sheds light on the attitude of Renaissance soldiers both towards contemporary historical developments such as the rise of the modern state and towards such issues as comradeship women honor violence and death Comparison with similar medieval and twentieth century material highlights the differences in the Renaissance soldier's understanding of war and of human experience *The French Wars of Religion, 1562-1629* Mack P. Holt,2006-01-12 This is the 2005 second edition of a comprehensive study of the French wars of religion **European Warfare, 1494-1660** Jeremy Black,2005-07-05 The onset of the Italian Wars in 1494 subsequently seen as the onset of modern warfare provides the starting point for this impressive survey of European Warfare in early modern Europe Huge developments in the logistics of war combined with exploration and expansion meant interaction with extra European forms of military might Jeremy Black looks at technological aspects of war as well social and political developments and effects during this key period of military history This sharp and compact analysis contextualises European developments and as establishes the global significance of events in Europe War and Government in the French Provinces David Potter,2003-02-13 David Potter's detailed examination of war and government in Picardy a region of France hitherto neglected by historians has much to say about the development of French absolutism and the participation of the nobility in the government of the kingdom *Thomas Churchyard* Matthew Woodcock,2016-11-24 Soldier courtier author entertainer and amateur spy Thomas Churchyard c 1529 1604 saw action in most of the principal Tudor theatres of war was a servant to five monarchs and had a literary career spanning over half a century during which time he produced over fifty different works in a variety of forms and genres Churchyard's struggles to subsist as an author and soldier provides an unrivalled opportunity to examine the self promotional strategies employed by an individual who attempts to make a living from both writing and fighting and who experiments throughout his life with ways in which the arts of the pen and sword may be reconciled and aligned Drawing on extensive archival and literary sources Matthew Woodcock reconstructs the extraordinary life of a figure well known yet long neglected in early modern literary studies In the first ever book length biography of Churchyard Woodcock reveals the author to be a

resourceful and innovative writer whose long literary career plays an important part in the history of professional authorship in sixteenth century England This book also situates Churchyard alongside contemporary soldier authors such as Henry Howard Earl of Surrey George Gascoigne and Sir Philip Sidney and it makes a significant contribution to our understanding of the relationship between literature and the military in the early modern period Churchyard's writings drew heavily upon his own experiences at court and in the wars and the author never tired of drawing attention to the struggles he endured throughout his life Consequently this study addresses the wider methodological question of how we should construct the biography of an individual who was consistently preoccupied with telling his own story
