The Hand Of Science Academic Writing And Its Rewards Academic Writing And Its Rewards:

The Hand of Science Blaise Cronin, 2005 Cronin a master of the subject examines the complex relationship between authorship individual or collective and the reward system of science in the face of the burgeoning growth of scholarly communication He answers the myriad questions raised from how responsibility and credit are allocated in collaborative endeavors to what the intellectual property impact could be in online and open access publishing

The SAGE Handbook of Human Geography, 2v Roger Lee, Noel Castree, Rob Kitchin, Vicky Lawson, Anssi Paasi, Chris Philo, Sarah Radcliffe, Susan M. Roberts, Charles Withers, 2014-05-22 Superb How refreshing to see a Handbook that eschews convention and explores the richness and diversity of the geographical imagination in such stimulating and challenging ways Peter Dicken University of Manchester Stands out as an innovative and exciting contribution that exceeds the genre Sallie A Marston University of Arizona Captures wonderfully the richness and complexity of the worlds that human beings inhabit This is a stand out among handbooks Lily Kong National University of Singapore This wonderfully unconventional book demonstrates human geography's character and significance not by marching through traditional themes but by presenting a set of geographical essays on basic ideas practices and concerns Alexander B Murphy University of Oregon This SAGE Handbook stands out for its capacity to provoke the reader to think anew about human geography essays that offer some profoundly original insights into what it means to engage geographically with the world Eric Sheppard UCLA Published in association with the journal Progress in Human Geography edited and written by the principal scholars in the discipline this Handbook demonstrates the difference that thinking about the world geographically makes Each section considers how human geography shapes the world interrogates it and intervenes in it It includes a major retrospective and prospective introductory essay with three substantive sections on Imagining Human Geographies Practising Human Geographies Living Human Geographies The Handbook also has an innovative multimedia component of conversations about key issues in human geography as well as an overview of human geography from the Editors A key reference for any scholar interested in questions about what difference it makes to think spatially or geographically about the world this Handbook is a rich and textured statement about the geographical imagination

Theories of Informetrics and Scholarly Communication Cassidy R. Sugimoto, 2016-02-22 Scientometrics have become an essential element in the practice and evaluation of science and research including both the evaluation of individuals and national assessment exercises Yet researchers and practitioners in this field have lacked clear theories to guide their work As early as 1981 then doctoral student Blaise Cronin published The need for a theory of citing a call to arms for the fledgling scientometric community to produce foundational theories upon which the work of the field could be based More than three decades later the time has come to reach out the field again and ask how they have responded to this call This book compiles the foundational theories that guide informetrics and scholarly communication research It is a much needed compilation by leading scholars in the field that gathers together the theories that guide our
