

HEDONISM

Hedonism is a philosophical school of thought suggesting that pleasure and enjoyment should be the highest goals in life.

DEFINITION

Hedonism holds that the pursuit of pleasure should make up the majority of one's life, and ethical responsibilities, such as morality or justice, should be secondary considerations.

Hedonistic activities can involve anything that brings someone pleasure, from physical pleasures such as eating delicious food or swimming to mental pleasures like reading a book or learning a new language.

EXAMPLE

Eating delicious food: Eating food that brings pleasure, such as a gourmet meal or a favorite snack of comfort food, could be an example of hedonism. The act of eating, combined with the flavors and textures of the food, can bring feelings of satisfaction and pleasure. If you eat because it brings you the most pleasure in the moment, then you're being hedonistic!
