Library**

The Hessians And Other German Auxiliaries Of Great Britain In The Revolutionary War 328 P:

The Hessians and the Other German Auxiliaries of Great Britain in the Revolutionary War Edward J. Lowell, 2009-06 Nearly 30 000 German mercenaries fought on the British side during the American Revolution and participated in virtually every major engagement of the war Although these German auxiliaries came from six different German states they are commonly known as Hessians because the vast majority came from the principality of Hesse Cassel After the war approximately 7 000 German soldiers remained in North America becoming the progenitors of many thousands of North Americans living today Edward J Lowell s *The Hessians and the Other German Auxiliaries of Great Britain in the Revolutionary War* one of the earliest histories of the German auxiliary troops is a landmark work that presents a comprehensive record of the German role in the American Revolution from the German perspective After describing the political situation in Hesse and the treaties that induced the German soldiers to fight for the British Lowell uses original German accounts of almost every battle from 1776 to the end of the war to create a picture of what sort of people the auxiliaries were and what impression America and the Americans made on them This book will be of great interest to the many researchers in the United States and Canada whose ancestors were German auxiliary soldiers from the Revolutionary era
