*Moneymakers* Klaus W. Bender,2006-04-14 This book is about the most precious piece of paper we know about bank notes Modern life would be unthinkable without them Yet the general public is kept very much in the dark about how they are made or who makes them It is rarely known for example that despite America s technical Prowess all dollar bills are printed exclusively on German high security printing presses using secret Swiss special inks or that the phony 100 dollar bills the so called supernotes may well be printed in a top secret printing works located just north of the white House and run by the CIA although the US government is blaming the rogue government of North Korea for counterfeiting these bills This book is finally lifting the veil on an industry used to absolute secrecy It recounts the stories of a British banknote printer who fearing the loss of his customer informed the Egyptian secret service that the securities printing machinery the Egyptians were about to buy was of Jewish origin of a private printer who convinced the Polish

central bank that it should destroy a complete series of new perfect banknotes which had been printed by a competitor or of an Argentinean high security printer who came to print genuine fake bank notes for Zaire and Bahrain as a result of two sting operations which smell of the Belgian and French secret service Moneymakers by offering a detailed view of the banknote industry and its modus operandi removes the industry's carefully imposed shroud of secrecy This book has been researched over a five year period in Europe the USA and Latin America The book is based exclusively on personal Interviews and confidential material normally not accessible to outsiders There were attempts to stop this research project Klaus W Bender has peered behind the scenes of the Secret and exclusive world of the moneymakers Financial Times Deutschland 2004 The errors and pitfalls at the birth of the euro make Bender's research so unnerving Suddeutsche Zeitung 2004 Bender does not mince his words when he describes abuses and there are lots of them Neue Zurcher Zeitung 2004
