### **Locating the Global**

Holger Weiss,2020-08-10 This volume adds to the plurality of global histories by locating the global through its articulation and manifestation within particular localities It accomplishes this by bringing together interlinked case studies that analyse various temporal and spatial dimensions of the global in the local and the interactions between the local and the global The case studies apply a spatial approach to analyse how global questions of space movement networks borders and territory are worked out at a local level The material draws on the Nordic countries Europe the Atlantic world Africa and Australia and ranges from the seventeenth to the twentieth century It is further divided into sections that address topics such as the translocality of humans and goods local articulations of identities and globalities parliamentarism and anti colonialism the organization of knowledge and the construction of spaces of representation and memory

### **The Route to European**

**Hegemony** Ruby Maloni,2021-04-19 The advent of the Europeans was crucial in transforming the contours of Maritime Asia The commercial situation in the Indian Ocean was impacted in many ways over the longue duree from the sixteenth to the eighteenth centuries To offset the adverse balance of trade and to maximize profits the Europeans imposed their own coercive and monopolistic systems along the existing trade routes Systematic exploitation of economic opportunities in Asia by Europeans began with the coming of the Portuguese followed by other European maritime powers It culminated with Britannia ruling the Asian waters with warships and a strong merchant marine A study of the operational and ideological motivations that propelled the European powers activities in the Indian Ocean can help to construct a coherent interpretation of the foundations of empire that were being laid at first insidiously and later aggressively This book analyses the mechanism

and implications of Europe's sustained engagement in Intra Asian trade which is as an essential context to the establishment of colonial empires Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka      Intra-Asian Trade and the World Market A.J.H. Latham, Heita Kawakatsu, 2006-04-18 Intra Asian trade is a major theme of recent writing on Asian economic history From the second half of the nineteenth century intra Asian trade flows linked Asia into an integrated economic system with reciprocal benefits for all participants But although this was a network from which all gained there was also considerable inter Asian competition between Asian producers for these Asian markets and those of the wider world This collection presents captivating snapshots of trade in specific commodities alongside chapters comprehensively covering the region The book covers China's relative backwardness Japanese copper exports Japan's fur trade Siam's luxury rice trade Korea Japanese shipbuilding the silk trade the refined sugar trade competition in the rice trade the Japanese cotton textile trade to Africa multilateral settlements in Asia the cotton textile trade to Britain and the growth of the palm oil industry in Malaysia and Indonesia The opening of Asia especially in Japan and China liberated the creative forces of the market within the new intra Asian economy Filling a particular gap in the literature on intra Asian trade prior to the twentieth century this is an insightful study that makes a considerable contribution to our knowledge of the Asian trade both prior to and after the arrival of colonial states It will be of great interest to historians and economists focusing on Asia      **Silk for Silver** Anh Tu'ân Ho'Ang, 2007 This book focuses on the political and commercial relations between the Dutch East India Company VOC and the Vietnamese kingdom of Tonkin from 1637 until the beginning of the eighteenth century The VOC exported silk and silk piece goods from Tonkin to Japan The author focuses on various aspects of the mutual relationship between the VOC and Tonkin and how this fitted into the larger picture of the intra Asian trade The book reveals the vicissitudes in political relations and the varying trends in the VOC's import silver and copper and export silk ceramics musk and gold While examining a great deal of detailed archival materials the author evaluates Dutch influence on Tonkin's feudal society and economy The book also offers a fascinating sketch of how the Vietnamese trading elite maximized their own profits by dealing with various western traders including the English and French      **Spain, China, and Japan in Manila, 1571-1644** Birgit Tremml-Werner, 2025-10-01 Spain China and Japan in Manila 1571 1644 offers a new perspective on the connected histories of Spain China and Japan as they emerged and developed following Manila's foundation as the capital of the Spanish Philippines in 1571 Examining a wealth of multilingual primary sources Birgit Tremml-Werner shows that crosscultural encounters not only shaped Manila's development as a Eurasian port city but also had profound political economic and social ramifications for the three premodern states Combining a systematic comparison with a focus on specific actors during this period this book addresses many long held misconceptions and offers a more balanced and multifaceted view of these nations histories      **Genesis and Nemesis of the First Dutch Colonial Empire in Asia and South Africa, 1596-1811** Gerrit Knaap, 2022-12-28 Based

upon a sweeping command of Dutch East India Company VOC primary sources Knaap's manuscript offers a thought provoking thematic examination and chronological survey of the Dutch Republic's overseas and colonial expansion in Asia and South Africa mainly through the VOC and its successors the Batavian Republic the Kingdom of Holland and Franco Dutch Java over a period of more than two centuries 1596-1811. It elucidates and deals with several conceptual and theoretical issues that are intrinsically important and germane to a polity's definition of and how it chooses to execute the process of expansion overseas in the early modern period. One of this work's major arguments and contributions is its advocacy that the Dutch VOC's expansion in Asia was an imperial project and must be seen as an act of empire or at the very minimum the attempt to construct one via the innovative utilization of a highly organized and dynamic commercial institution with significant political and diplomatic power and naval and military resources.

In the Shadow of the Company: The Dutch East India Company and its Servants in the Period of its Decline (1740-1796) Chris Nierstrasz, 2012-08-27. Is there any truth in the story that the morality of the servants of the Dutch East India Company in the eighteenth century was so rotten that one should believe the Dutch maxim *Vergaan Onder Corruptie* in translation something like *Succumbed to Corruption* and use this as an explanation for a very complex phenomenon? Chris Nierstrasz introduces us in his *In the Shadow of the Company* to the realities of the decision makers and of the servants in the field. Responding to the changing realities in Asia the Company could only try to use the mercantile potential of its higher echelons to postpone its downfall. In a situation in which the directors were not able to increase investment from Holland the servants in Asia were forced to take up the challenge.

*From White to Yellow* Rotem Kowner, 2014-12-01. When Europeans first landed in Japan they encountered people they perceived as white skinned and highly civilized but these impressions did not endure. Gradually the Europeans' positive impressions faded away and Japanese were seen as yellow skinned and relatively inferior. Accounting for this dramatic transformation *From White to Yellow* is a groundbreaking study of the evolution of European interpretations of the Japanese and the emergence of discourses about race in early modern Europe. Transcending the conventional focus on Africans and Jews within the rise of modern racism Rotem Kowner demonstrates that the invention of race did not emerge in a vacuum in eighteenth century Europe but rather was a direct product of earlier discourses of the Other. This compelling study indicates that the racial discourse on the Japanese alongside the Chinese played a major role in the rise of the modern concept of race. While challenging Europe's self possession and sense of centrality the discourse delayed the eventual consolidation of a hierarchical worldview in which Europeans stood immutably at the apex. Drawing from a vast array of primary sources *From White to Yellow* traces the racial roots of the modern clash between Japan and the West.

*Swansea Copper* Chris Evans, Louise Miskell, 2020-10-27. The first book to detail the global impact of copper production in Swansea Wales and how a major technological shift transformed the British Isles into the world's most dynamic center of copper smelting. Eighteenth century Swansea Wales was to copper what nineteenth century Manchester was to cotton or twentieth

century Detroit to the automobile Beginning around 1700 Swansea became the place where a revolutionary new method of smelting copper later christened the Welsh Process flourished Using mineral coal as a source of energy Swansea s smelters were able to produce copper in volumes that were quite unthinkable in the old established smelting centers of central Europe and Scandinavia After some tentative first steps the Swansea district became a smelting center of European then global importance Between the 1770s and the 1840s the Swansea district routinely produced one third of the world s smelted copper sometimes more In Swansea Copper Chris Evans and Louise Miskell trace the history of copper making in Britain from the late seventeenth century when the Welsh Process transformed Britain s copper industry to the 1890s when Swansea s reign as the dominant player in the world copper trade entered an absolute decline Moving backward and forward in time Evans and Miskell begin by examining the place of copper in baroque Europe surveying the productive landscape into which Swansea Copper erupted and detailing the means by which it did so They explain how Swansea copper achieved global dominance in the years between the Seven Years War and Waterloo explore new commercial regulations that allowed the importation to Britain of copper ore from around the world and connect the rise of the copper trade to the rise of the transatlantic slave trade They also examine the competing rise of the post Civil War US copper industry Whereas many contributions to global history focus on high end consumer goods Chinese ceramics Indian cottons and the like Swansea Copper examines a producer good a metal that played a key role in supporting new technologies of the industrial age like steam power and electricity Deftly showing how deeply mineral history is ingrained in the history of the modern world Evans and Miskell present new research not just on Swansea itself but on the places its copper industry affected mining towns in Cuba Chile southern Africa and South Australia This insightful book will be of interest to anyone concerned with the historical roots of globalization and the Industrial Revolution as a global phenomenon

**Portuguese, Dutch and Chinese in Maritime Asia, c.1585 - 1800** George Bryan Souza, 2024-10-28 This collection of 13 essays deals with a range of topics concerning Portuguese Dutch and Chinese merchants commodities and commerce in maritime Asia in the early modern period from c 1585 1800 They are based on exhaustive research and careful analysis of diverse sets of archival materials found around the globe Written by a leading authority on global maritime economic history and the history of European Expansion each individual essay addresses a topic of fundamental importance to those interested in knowing more about what merchants did with which resources and under what conditions and how they did it what were the commodities that were incorporated into local regional intra regional and global economies and what was the role and function of early modern maritime trade and commerce in economic development in general and especially in Asia in the early modern era from c 1585 1800 A number of them in particular relate the individual or collective merchant experience to specific European Portuguese and Dutch imperial projects and their contestation amongst themselves and their indigenous neighbours over portions of the period Collectively they form an exposition of a utilitarian view of human activity under a wide ranging

different set of circumstances and conditions but with similar patterns of behaviors and responses that are largely independent from ethnic racial or religious stereotyping The work therefore should raise new issues and avenues of research concerning these agents and objects in European Expansion Asian and Global History

**Money, Currency and Crisis** R.J. van der Spek, Bas van Leeuwen, 2018-05-15 Money is a core feature in all discussions of economic crisis as is clear from the debates about the responses of the European Central Bank and the Federal Reserve Bank of the United States to the 2008 economic crisis This volume explores the role of money in economic performance and focuses on how monetary systems have affected economic crises for the last 4 000 years Recent events have confirmed that money is only a useful tool in economic exchange if it is trusted and this is a concept that this text explores in depth The international panel of experts assembled here offers a long range perspective from ancient Assyria to modern societies in Europe China and the US This book will be of interest to students and researchers of economic history and to anyone who seeks to understand the economic crises of recent decades and place them in a wider historical context

**The Namban Trade** Mihoko Oka, 2021-07-05 Winner of the prize Funda o Oriente Embaixador Jo o de Deus Ramos of the Academia de Marinha 2021 This book attempts to depict certain aspects of the Portuguese trade in East Asia in the 16th and 17th centuries by analyzing the activities of the merchants and Christian missionaries involved It also discusses the response of the Japanese regime in handling the systemic changes that took place in the Asian seas Consequently it explains how Jesuit missionaries forged close ties with local merchants from the start of their activities in East Asian waters and there is no doubt that the propagation of Christianity in Japan was a result of their cooperation The author of this book attempted to combine the essence of previous studies by Japanese and western scholars and added several new findings from analyses of original Japanese and European language documents

**The Company and the Shogun** Adam Clulow, 2014-01-14 The Dutch East India Company was a unique hybrid organization acting as both company and state aggressively intervening in Asian political matters in which it had no place This study focuses on the company s clashes with Tokugawa Japan in the seventeenth century particularly in the areas of diplomacy sovereignty and violence In each encounter the Dutch were forced to abandon claims to sovereign powers and refashion themselves from subjects of a fictive king to loyal vassals of the shogun from aggressive pirates to meek merchants and from insistent defenders of colonial rule to legal subjects of the Tokugawa state The first book to treat the Dutch East India Company as more than a commercial enterprise this text offers unprecedented perspective on one of the most important long lasting unions between an Asian state and a European overseas enterprise and the surprisingly limited influence of Europeans operating in early modern Asia

**Dutch East India Company Shipbuilding** Wendy van Duivenvoorde, 2015-03-30 Eight months into its maiden voyage to the Indies the Dutch East India Company s Batavia sank on June 4 1629 on Morning Reef in the Houtman Abrolhos off the western coast of Australia Wendy van Duivenvoorde s five year study was aimed at reconstructing the hull of Batavia the only excavated remains of an early seventeenth century Indiaman

to have been raised and conserved in a way that permits detailed examination using data retrieved from the archaeological remains interpreted in the light of company archives ship journals and Dutch texts on shipbuilding of this period Over two hundred tables charts drawings and photographs are included

**Currencies of the Indian Ocean World** Steven

Serels,Gwyn Campbell,2019-08-24 This book is the first to trace the unique monetary history of the Indian Ocean World Long distance trade across the region was facilitated by a highly complex multi currency system undergirded by shared ideas that transcended ethno linguistic religious and class divisions Currencies also occupied key roles in local spiritual aesthetic and affective practices Foregrounding these tensions between the global universalistic and the local particularistic the volume shows how this traditional currency system remained in place until the middle of the twentieth century and how aspects of the system continue to inform monetary practices throughout the region With case studies covering China India the Arabian Sea the Red Sea East Africa Zanzibar Madagascar and Mauritius from the thirteenth to the twenty first centuries this volume explores the central role currencies played in economic exchange as well as in establishing communal bonds defining state power and expressing religious sentiments

**World Trade Systems of the East and West** Geoffrey C. Gunn,2017-11-13

In World Trade Systems of the East and West Geoffrey C Gunn profiles Nagasaki s historic role in mediating the Japanese bullion trade especially silver exchanged against Chinese and Vietnamese silk Founded in 1571 as the terminal port of the Portuguese Macau ships Nagasaki served as Japan s window to the world over long time and with the East West trade carried on by the Dutch and with even more vigor by the Chinese junk trade While the final expulsion of the Portuguese in 1646 characteristically defines the closed period of early modern Japanese history the real trade seclusion policy this work argues only came into place one century later when the Shogunate firmly grasped the true impact of the bullion trade upon the national economy

Merchant in Asia E. M. Jacobs,2006

For much of its two centuries of existence 1602 to 1799 the VOC the Dutch East India Company was the largest trading company in the world Although the VOC was established to operate primarily as a trading company it soon also came to play a prominent military diplomatic and political role on the Asian stage and eventually it laid the foundations of the Dutch colonial empire in the Indonesian Archipelago Merchant in Asia is the first study to pay attention to the full breadth and width of the VOC commercial activities in Asia It looks at the company from the peak of its fame until its final decline at the end of the eighteenth century The study focuses on the main trade goods spices Indian textiles Chinese tea and Javanese coffee and their specific by products Els Jacobs has analyzed in detail the VOC trade in fifteen of the most important commodities that together made up 85% of the total turnover This innovative study is based on extensive research of the VOC archives and many other Dutch sources as well as a detailed quantitative analysis of the VOC bookkeeping records In the study the author sketches in vivid detail how the merchants of the VOC sold bought and even supervised the production of tropical products and how they dealt with Asian suppliers and consumers In addition she looks at the range of problems the merchants encountered in the maritime trade from Yemen and

Persia in the West to China and Japan in the East including India Ceylon Malacca and the Indonesian Archipelago      **Visible Cities** Leonard BLUSSE, Leonard Blussé, 2009-06-30 The 1700s saw the rise of the China market and some notable changes to global consumption patterns This book explores the economic and cultural transformations in East Asia through three key cities Canton a major trading city Nagasaki official port of Tokugawa Japan and Batavia link between the Indian Ocean and China seas
