**The Iran-Iraq War** Shirin Tahir-Kheli, Shaheen Ayubi, 1983      The Iran-Iraq War Shirin R. Tahir-Kheli, 1983      **The Iran-Iraq War** Shirin Tahir-Kheli, Shaheen Ayubi, 1983-02      *The Unfinished History of the Iran-Iraq War* Annie Tracy Samuel, 2021-10-21 An examination of how Iran's Revolutionary Guards IRGC view their history and their roles in the Iran Iraq War      *Paradoxes of War* Zeev Maoz, 2020-12-22 Why do reasonable people lead their nations into the tremendously destructive traps of international conflict Why do nations then deepen their involvement and make it harder to escape from these traps In *Paradoxes of War* originally published in 1990 Zeev Maoz addresses these and other paradoxical questions about the war process Using a unique approach to the study of war he demonstrates that wars may often break out because states wish to prevent them and continue despite the desperate efforts of the combatants to end them *Paradoxes of War* is organized around the various stages of war The first part discusses the causes of war the second the management of war and the third the short and long term implications of war In each chapter Maoz explores a different paradox as a contradiction between reasonable expectations and the outcomes of motivated behaviour based on those expectations He documents these paradoxes in twentieth century wars including the Korean War the Six Day War and the Vietnam War Maoz then invokes cognitive and rational choice theories to explain why these paradoxes arise *Paradoxes of War* is essential reading for students and scholars of international politics war and peace studies international relations theory and political science in general      **U.N. & the Iran-Iraq War** R. P. King, 1996-06 Discusses relations between Iran and Iraq throughout their conflict from 1980-1986 Introduction by Gary Sick and Brian Urquhart authors of *Douse the Spreading Iran Iraq Flames* an article which is reprinted at the end of the book Includes articles about the U N and the war covering the initiation of the fighting the U N Security Council the shift to the U N Secretariat questions and conclusions      The Iran-Iraq War 1980-1988 Efraim Karsh, 2014-06-06 The Iran Iraq War which ended in August 1988 one month short of its eighth anniversary was one of the longest bloodiest and costliest Third World armed conflicts in the twentieth century Professor Karsh addresses the causes of the Iran Iraq War unpacking the objectives of the two belligerents and examining how far objectives were matched by strategy He assesses the war's military lessons regarding such key areas as strategy tactics and escalation and in particular the use of non conventional weapons Finally he examines the utility of armed force as an instrument of foreign policy      **Ottoman-Iranian Borderlands** Sabri Ateş, 2013-10-21 Using a plethora of hitherto unused and under utilized sources from the Ottoman British and Iranian archives *Ottoman Iranian Borderlands* traces seven decades of intermittent work by Russian British Ottoman and Iranian technical and diplomatic teams to turn an ill defined and highly porous area into an internationally recognized boundary By examining the process of boundary negotiation by the international commissioners and their interactions with the borderland peoples they encountered the book tells the story of how the Muslim world's oldest borderland was transformed into a bordered land It details how the borderland peoples whose

habitat straddled the frontier responded to those processes as well as to the ideas and institutions that accompanied their implementation It shows that the making of the boundary played a significant role in shaping Ottoman Iranian relations and in the identity and citizenship choices of the borderland peoples *The International Struggle Over Iraq* David M. Malone,2006-06-22 Iraq has dominated international headlines in recent years but its controversial role in international affairs goes back much further The key arena for these power politics over Iraq has been the United Nations Security Council Spanning the last quarter century *The International Struggle over Iraq* examines the impact the United Nations Security Council has had on Iraq and Iraq's impact on the Security Council The story is a fascinating one Beginning in 1980 in the crucible of the Iran Iraq War the Council found a common voice as a peacemaker after the divisions of the cold war That peacemaking role was cemented when a UN mandated force expelled Iraqi forces from Kuwait in 1991 offering a glimpse of a new role for the UN in the New World Order But unilateralism soon set in as the Security Council struggled under the weight and bureaucratic demands of its changing identity The Security Council gradually abandoned its traditional political and military tools for the legal regulatory approach but was unable to bridge the gap between those who believed allegations of Iraqi possession of weapons of mass destruction and those who didn't Growing paralysis led eventually to deadlock in the Council in 2002 with the result that it was sidelined during the 2003 Coalition invasion This relegation when combined with the loss of some of its best and brightest in a massive truck bomb in Iraq later that year precipitated a deep crisis of confidence The future role of the UN Security Council has now once again become uncertain The paperback edition contains a substantial new preface covering recent developments Drawing on the author's unparalleled access to UN insiders this volume offers radical new insights into one of the most persistent crises in international affairs and the different roles the world's central peace making forum has played in it *The International Struggle Over Iraq* David M. Malone,2007 Iraq has dominated headlines in recent years but its controversial role in international affairs goes back much further Drawing on unparalleled access to UN insiders this book is key to understanding one of the most persistent crises in international affairs and the various roles the world's central peace making forum has played in it Publisher description **Iran, Iraq, and the Legacies of War** L. Potter,G. Sick,2004-11-12 Iraq and Iran are the two most important states in the Gulf region given their population size military strength and the potential threat they pose to other states in the region This book enhances our understanding of the troubled relationship between Iran and Iraq placing it in historical context examining the rapid deterioration leading to the eight year war that started in 1980 and the effects of that trauma and exploring the ongoing issues that currently bedevil bilateral relations The authors cover such central issues as how each side has sought to use opposition groups in the other state to weaken it ethnic divisions the role of outside states especially the United States and a fascinating account of how the war affected a generation of Iraqis and Iranians The role of the U S in the region and how U S policy has affected the two states are also considered This book provides a basis for understanding the background of a

tumultuous relationship that is entering a new era
