## **The Iranian Opposition In Exile:**

*Iranian Intellectuals in the Twentieth Century* Ali Gheissari, 1998 Since the middle of the nineteenth century Iranian intellectuals have been preoccupied by issues of political and social reform Iran's relation with the modern West and autocracy or arbitrary rule Drawing from a close reading of a broad array of primary sources this book offers a thematic account of the Iranian intelligentsia from the Constitutional movement of 1905 to the post 1979 revolution Ali Gheissari shows how in Iran as in many other countries intellectuals have been the prime mediators between the forces of tradition and modernity and have contributed significantly to the formation of the modern Iranian self image His analysis of intellectuals response to a number of fundamental questions such as nationalism identity and the relation between Islam and modern politics sheds new light on the factors that led to the Iranian Revolution the twentieth century's first major departure from Western political ideals and helps explain the complexities surrounding the reception of Western ideologies in the Middle East

**Iran** Walid Phares, 2023-01-10 Since 1979 the Khomeinist regime has oppressed its own population while waging wars and terrorism against Arabs Israel Middle East minorities and the United States It expanded its military power across the region and created an international terror web American policy toward Tehran since Carter culminated under Obama in offering the Islamic Republic a deal of partnership empowering the Ayatollahs even further The Iranian people rose several times against the regime without significant support from the US or the West Civil societies protested strongly against Iran backed militias in Iraq Syria Lebanon and Yemen but were likewise abandoned Instead US administrations and Congress were enticed into accepting the regime's legitimacy despite its rogue behavior and its relentless drive to obtain nuclear weapons and develop ballistic missiles This book tells the story of the regime from the genesis of its terror to the legitimizing of its aggressive goals It is about how America failed to stop the threat and how Americans can finally win that challenge once and for all

*Iran and the United States* Seyed Hossein Mousavian, Shahir Shahidsaless, 2014-06-19 Choice Outstanding Academic Title 2014 Scores of books have been written by Western experts mainly American looking at the root causes of the conflict between Iran and the US However none of them have presented an inside look at this complex relationship from within the Iranian culture society and most importantly the Iranian policy making system This gap has been the cause of misperceptions misanalyses and conflict followed by the adoption of US policies that have failed to achieve their objectives Seyed Hossein Mousavian worked for over 30 years on diplomatic efforts between Iran and the West serving in numerous official posts and as a confidante colleague and peer to many former and current high ranking Iranian officials including now President Hassan Rouhani and Iranian Foreign Minister Javad Zarif Here the former diplomat gives an insider's history of the troubled relationship between Iran and the US His unique firsthand perspective blends memoir analysis and never before seen details of the many near misses in the quest for rapprochement With so much at stake the book concludes with a roadmap for peace that both nations so desperately need

**The Secret War with Iran** Ronen Bergman, 2008-09-09

For twenty six years Iran has waged an international terrorist war while the intelligence services of the West led by Mossad and the CIA have waged a relentless mostly clandestine counter jihad in return Though Iran has become a quietly looming threat little has been revealed about this intelligence based war Now Ronen Bergman Israel s leading reporter and analyst of intelligence affairs has written a full account of this secret war He connected the dots of the long history of Iranian backed terrorist attacks and revealed for the first time many classified operations against the Iranian terrorist network including details about collaborations between Israel s Mossad and the CIA and FBI thrilling Mossad operations the successful recruitment of top insiders of Iranian intelligence who have disclosed a wealth of information about Iran s nuclear program as well as it s terrorist activities and the use of ultra sophisticated surveillance equipment to penetrate and damage Iranian targets From the Iranian proxy Hizbollah s planning of terrorists attacks from apartments in New York City to Iran s training of an army of work Iraqi insurgents in the techniques of suicide bombing and the making of improvised explosive devises he showed Iran has steadily waged war against the West

**The Battle of the Ayatollahs in Iran** Alex Vatanka,2021-04-08 Understanding the foreign policy agenda and behavior of the Islamic Republic of Iran is a critical challenge for the world But where do the principal Iranian regime actors come from in terms of political background experiences and interests Which types of ambitions or policy conflicts have dominated and shaped foreign policy debates since 1979 This book explains the internal policy process in Tehran by following two regime personalities Ali Khamenei the Supreme Leader and Akbar Hashemi Rafsanjani who before his death in January 2017 held some of the most powerful political positions in Iran No two men have been more influential in dictating the regime s decision making processes since 1979 Yet little is known about how their competing worldviews and interests their key moments of dispute both personal or policy based or their personal ambitions have informed the trajectory of Iranian politics The book analyzes Khamenei and Rafsanjani s own words and writings and accounts of them given by others to reveal how the domestic policy contest has shaped Tehran s actions on the regional and international stage Comprising primary and secondary Iranian sources including untapped memoirs newspaper reports and Iranian electronic media and personal interviews the book highlights the principal rivalries over the lifespan of the Islamic Republic and offers new insights into the present and future of Iranian foreign policy

**The Persian Night** Amir Taheri,2010 With a new afterword by the author Cover

Iran-Europe Relations Seyyed Hossein Mousavian,2008-05-22 This book provides an assessment of relations between Iran and Europe identifying the areas of common interest as well as the issues of conflict whilst putting contemporary relations into their proper context with an account of their development since the early years of the twentieth century Written by a former diplomat who served as the first Iranian ambassador to post reunification Germany this book shows that despite the recent deterioration of relations between Iran and the West Iran has enjoyed a long history of cultural economic and political ties with many European nations such as Germany The book explores important historical episodes including Iran s support of Germany in the years before the

First World War the burgeoning economic commercial and scientific co operation in the interwar years such that by the start of the Second World War Germany was Iran s leading trade partner the impact of the Islamic Revolution in 1979 and the attempts by the administration of President Rafsanjani to strengthen ties with Europe in the aftermath of the Iran Iraq War Iran Europe Relations goes on to examine in detail the recent issues of conflict between Iran and Europe disputes over weapons of mass destruction allegations of Iranian support for terrorist groups in Afghanistan Bosnia Iraq and Lebanon disagreements over human rights the Arab Israeli conflict and the Middle East peace process It concludes by suggesting ways in which Iran Europe relations can be encouraged to develop positively overcome current obstacles and nourish the opportunities and common interests that lie beneath the surface      *The Green Movement in Iran* Hamid Dabashi,2017-09-08

The Green Movement in Iran contains Hamid Dabashi s most important writings on the Iran s June 2009 election its tumultuous aftermath and the characteristics and aspirations of the emerging Green Movement These analyses range from close analysis of the nature of the events to the Green Movement s historical background and future political consequences The writings have been modified and updated for book publication The volume presents Dabashi s account of the events since June 12 2009 the Election Day itself and his recap of highlights of the build up period to the mass protests He provides insightful background for events on the ground dealing with debates about the credibility of the election He then discusses political continuity in Iran as well as the characteristics of the Green Movement Dabashi argues that the reaction of the custodians of the Islamic Republic to the charge of the election being a fraud only affirms its lost legitimacy and casts the system as being neither Islamic nor a republic Dabashi also comments on US politics and its relations to Iran and the Green Movement pointing out shortcomings in American media culture The role of the Iranian opposition in the Green Movement and American political policies the political and economic consequence of the U S sanctions against Iran and the way these may be interpreted by Iranian society are all viewed from an enlightening perspective Dabashi argues that the Iranian regime suffering deeply from legitimacy issues makes use of its bureaucratic economic and political leverage to stage a show of support and project division among the people      *Understanding Iran's National Security Doctrine* Manshour Varasteh,2013-06-01

This new academic and analytical book tackles the strategy of Iran s security since the new millennium when their national security policy was reviewed to secure Iran s position This was implemented by the newly elected President Mohammad Khatami and modified during the presidency of Mahmoud Ahmadinejad The importance of the period from Khatami to Ahmadinejad is that the clerical establishment of the Iranian regime in order to maintain stability of the system chose two strategic doctrines firstly they supported Khatami s Policy of Appeasement Detente towards the West and tried to conduct reform within the system Secondly hard line conservative Ahmadinejad was brought to power based on the Policy of Confrontation and advocated conservative ideology which resulted in more clashes with Western governments This book explains the doctrine of Iran s national security in the 21st century examining the factors related to the formulation of

their national security strategy It aims to provide a clear understanding of the nature of the clerical system s goals their behavior patterns in a domestic environment and the international community This can only be made by taking into account their particular aim and the circumstances that prevailed when decisions were made and policies were formed There are many books written on Iran which analyses the different aspects of the mullah s regime but there are currently no books that focus on its national security doctrine Manshour Varasteh has written *Understanding Iran s National Security Doctrine* to give a better understanding of the clerical regime s ambitious politics On this basis it is hoped this book will shed some light on the politics of Iran It will appeal to those interested in Iran s politics *The A to Z of Iran* John H. Lorentz,2010-04-14

Iran is a country with a deep and complex history Over several thousand years Iran has been the source of numerous creative contributions to the spiritual and literary world and the site of many remarkable manifestations of material culture The special place that Iran has come to hold in contemporary historical events most recently as a center stage actor in the unfolding and interconnected drama of worldwide nuclear arms proliferation and terrorism is all the more reason to explore the characters and personality of Iran and Iranians *The A to Z of Iran* is designed to give the reader a quick and understandable overview of specific events movements people political and social groups places and trends Through its extensive chronology introduction bibliography appendixes and more than double the number of cross referenced dictionary entries as in the previous edition the work allows for considerable exploration of a number of historical and contemporary topics and issues In particular the modern period defined as 1800 present is covered extensively *The Iran Primer* Robin B. Wright,2010 A comprehensive but concise overview of Iran s politics economy military foreign policy and nuclear program The volume chronicles U S Iran relations under six American presidents and probes five options for dealing with Iran Organized thematically this book provides top level briefings by 50 top experts on Iran both Iranian and Western authors and is a practical and accessible go to resource for practitioners policymakers academics and students as well as a fascinating wealth of information for anyone interested in understanding Iran s pivotal role in world politics **The United States and**

**Iran** Sasan Fayazmanesh,2008-03-31 When and why did the United States policy of containment of Iran come about How did it evolve Where is it going Much has been said about the US policy of dual containment particularly as it pertains to Iraq However there has been little in depth analysis of this policy when it comes to Iran Sasan Fayazmanesh explores this often neglected subject by analyzing the history of this policy The analysis includes the role that the Carter and Reagan Administrations played in the Iran Iraq war the numerous sanctions imposed on Iran by the Clinton Administration and the aggressive and confrontational policy toward Iran adopted by the George W Bush Administration after the events of September 11 2001 This topical read synthesises a range of primary sources including firsthand reports newspaper articles and electronic media and presents a coherent analysis of the ebbs and flows in the US thinking on Iran and Iraq **Global Stability and U.S. National Security** Kristen Boon,Aziz Z. Huq,2012 Terrorism Commentary on Security Documents is a

series that provides primary source documents and expert commentary on the worldwide counter terrorism effort Among the documents collected are transcripts of Congressional testimony reports by such federal government bodies as the Congressional Research Service CRS and the Government Accountability Office GAO and case law covering issues related to terrorism Most volumes carry a single theme and inside each volume the documents appear within topic based categories The series also includes a subject index and other indices that guide the user through this complex area of the law Volume 123 Global Stability and U S National Security includes documents that illuminate instability concerns in key regions of the world and offer insights into how the lack of stability negatively affects U S interests as well as the interests of other nations The documents selected by Douglas Lovelace include primarily studies of instability concerns in the Middle East and North Africa as well as a document providing a general assessment of global stability and reports on Southeast and Central Asia and Latin America

**Farewell Shiraz** Cyrus Kadivar,2017 In Farewell Shiraz Kadivar tells the story of his family and childhood against the tumultuous backdrop of twentieth century Iran from the 1905 1907 Constitutional Revolution to the fall of Mohammad Reza Shah Pahlavi before presenting accounts of his meetings with key witnesses to the Shah s fall and the rise of Khomeini Each of the people interviewed provides a richly detailed picture of the momentous events that took place and the human drama behind them

**Camp Ashraf** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Oversight and Investigations,2011

**Politics of Rightful Killing** Sima Shakhsari,2020-01-17 In the early 2000s mainstream international news outlets celebrated the growth of Weblogistan the online and real life transnational network of Iranian bloggers and depicted it as a liberatory site that gave voice to Iranians As Sima Shakhsari argues in Politics of Rightful Killing the common assumptions of Weblogistan as a site of civil society consensus and resistance to state oppression belie its deep internal conflicts While Weblogistan was an effective venue for some Iranians to practice democracy it served as a valuable site for the United States to surveil bloggers and express anti Iranian sentiment and policies At the same time bloggers used the network to self police and enforce gender and sexuality norms based on Western liberal values in ways that unwittingly undermined Weblogistan s claims of democratic participation In this way Weblogistan became a site of cybergovernmentality where biopolitical security regimes disciplined and regulated populations Analyzing online and off line ethnography Shakhsari provides an account of digital citizenship that raises questions about the internet s relationship to political engagement militarism and democracy

**Iranians in Texas** Mohsen Mostafavi Mobasher,2025-03-18 An exploration of the link between politics of migration prospects of integration and ethnic identity among Iranian immigrants and their descendants in the United States spanning from the 1970s to the present day Thousands of Iranians fled their homeland when the 1978 1979 revolution ended the fifty year reign of the Pahlavi dynasty Some fled to Europe and Canada while others settled in the United States where anti Iranian sentiment flared as the hostage crisis unfolded For those who chose America Texas became the fourth largest settlement area Iranians in Texas culls data

interviews and participant observations in Iranian communities in Houston Dallas and Austin to reveal the difficult private world of cultural pride religious experience marginality culture clashes and other aspects of the lives of these immigrants Examining the political nature of immigration between Iran and the United States and social cultural and economic life for Iranian immigrants and their American born children Mohsen Mostafavi Mobasher incorporates his own experience as a Texas scholar born in Iran In this revised edition two new chapters and a new introduction and conclusion provide updates on what has happened in the Obama Trump and Biden administrations including the Iran nuclear deal and resulting controversy the Muslim ban and the global protests over the death of twenty two year old Mahsa Amini for not wearing a hijab Bringing to life a unique immigrant population in the context of global politics Iranians in Texas overturns stereotypes and echoes diverse voices
