The Irishman American Frontier Romance:

The Irish and the Making of American Sport, 1835-1920 Patrick R. Redmond, 2014-02-10 Jerrold Casway coined the phrase The Emerald Age of Baseball to describe the 1890s when so many Irish names dominated teams rosters But one can easily agree and expand that the period from the mid 1830s well into the first decade of the 20th century and assign the term to American sports in general This book covers the Irish sportsman from the arrival of James Deaf Burke in 1836 through to Jack B Kelly s rejection by Henley regatta and his subsequent gold medal at the 1920 Olympics It avoids recounting the various victories and defeats of the Irish sportsman seeking instead to deal with the complex interaction that he had with alcohol gambling and Sunday leisure pleasures that were banned in most of America at some time or other between 1836 and 1920 This book also covers the Irish sportsman s close relations with politicians his role in labor relations his violent lifestyle and by contrast his participation in bringing respectability to sport It also deals with native Irish sports in America the part played by the Irish in Team USA s initial international sporting ventures and in the making and breaking of amateurism within sport

The New York Irish Ronald H. Bayor, Timothy Meagher, 1997-09-30 As one of the country s oldest ethnic groups the Irish have played a vital part in its history New York has been both port of entry and home to the Irish for three centuries This joint project of the Irish Institute and the New York Irish History Roundtable offers a fresh perspective on an immigrant people s encounter with the famed metropolis 37 illustrations

The Romantic Revolution in America: 1800-1860 Vernon Louis Parrington, 2017-07-12 The development of literature between 1800 and 1860 in the United States was heavily influenced by two wars The War of 1812 hastened the development of nineteenth century ideals and the Civil War uprooted certain growths of those vigorous years The half century between these dramatic episodes was a period of extravagant vigor the final outcome being the emergence of a new middle class Parrington argues that America was becoming a new world with undreamed potential This new era was no longer content with the ways of a founding generation The older America of colonial days had been static rationalistic inclined to pessimism and fearful of innovation During the years between the Peace of Paris 1763 and the end of the War of 1812 older America was dying The America that emerged which is the focal point of this volume was a shifting restless world eager to better itself bent on finding easier roads to wealth than the plodding path of natural increase The culture of this period also changed Formal biographies written in this period often gave way to eulogy it was believed that a writer was under obligation to speak well of the dead Consequently scarcely a single commentary of the times can be trusted and the critic is reduced to patching together his account out of scanty odds and ends A new introduction by Bruce Brown highlights the life of Vernon Louis Parrington and explains the importance of this second volume in the Pulitzer Prize winning study

Buddha Is Hiding Aihwa Ong, 2003-09-04 Fleeing the murderous Pol Pot regime Cambodian refugees arrive in America as at once the victims and the heroes of America s misadventures in Southeast Asia and their encounters with American citizenship are contradictory as well Service providers

bureaucrats and employers exhort them to be self-reliant, individualistic and free even as the system and the culture constrain them within terms of ethnicity, race and class. *Buddha Is Hiding* tells the story of Cambodian Americans experiencing American citizenship from the bottom up. Based on extensive fieldwork in Oakland and San Francisco, the study puts a human face on how American institutions of health, welfare, law, police, church and industry affect minority citizens as they negotiate American culture and re-interpret the American dream. In her earlier book *Flexible Citizenship*, anthropologist Aihwa Ong wrote of elite Asians shuttling across the Pacific. This parallel study tells the very different story of the other Asians whose route takes them from refugee camps to California's inner city and high-tech enclaves. In *Buddha Is Hiding*, we see these refugees becoming new citizen subjects through a dual process of being made and self-making, balancing religious salvation and entrepreneurial values as they endure and undermine, absorb and deflect conflicting lessons about welfare, work, medicine, gender, parenting and mass culture. Trying to hold on to the values of family and home culture, Cambodian Americans nonetheless often feel that Buddha is hiding. Tracing the entangled paths of poor and rich Asians in the American nation, Ong raises new questions about the form and meaning of citizenship in an era of globalization.

The 1931-1940: American Film Institute Catalog of Motion Pictures Produced in the United States American Film Institute, 1993. The entire field of film historians awaits the AFI volumes with eagerness. Eileen Bowser, Museum of Modern Art Film Department. Comments on previous volumes: The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog. Thomas Cripps: Endlessly absorbing as an excursion into cultural history and national memory. Arthur Schlesinger Jr.: *Charles O'Malley, the Irish dragoon, by Harry Lorrequer. CURRENTS IN AMERICAN THOUGHT: AN INTERPRETATION OF AMERICAN LITERATURE FROM THE BEGINNINGS TO 1920 [New Approaches to Gone With the Wind](#), 2015-12-14. Since its publication in 1936, *Gone with the Wind* has held a unique position in American cultural memory both for its particular vision of the American South in the age of the Civil War and for its often controversial portrayals of race, gender and class. *New Approaches to Gone with the Wind* offers neither apology nor rehabilitation for the novel and its Oscar-winning film adaptation. Instead, the nine essays provide distinct, compelling insights that challenge and complicate conventional associations. Racial and sexual identity form a cornerstone of the collection. Mark C. Jerng and Charlene Regeister each examine Margaret Mitchell's reframing of traditional racial identities and the impact on audience sympathy and engagement. Jessica Sims mines Mitchell's depiction of childbirth.

for what it reveals about changing ideas of femininity in a postplantation economy while Deborah Barker explores transgressive sexuality in the film version by comparing it to the depiction of rape in D W Griffith s earlier silent classic Birth of a Nation Other essays position the novel and film within the context of their legacy and their impact on national and international audiences Amy Clukey and James Crank inspect the reception of Gone with the Wind by Irish critics and gay communities respectively Daniel Cross Turner Keaghan Turner and Rich Richardson consider its aesthetic impact and mythology and the ways that contemporary writers and artists such as Natasha Trethewey and Kara Walker have engaged with the work Finally Helen Taylor sums up the pervading influence that Gone with the Wind continues to exert on audiences in both America and Britain Through an emphasis on intertextuality sexuality and questions of audience and identity these essayists deepen the ongoing conversation about the cultural impact and influence of this monumental work Flawed in many ways yet successful beyond its time Gone with the Wind remains a touchstone in southern studies
