Lister, 2015-03-02 An authoritative guide to the rise of the Islamic State and its senior leadership How did the Islamic State grow from regional terrorist group to a brutal multinational bureaucratic machine What are its goals How can it be stopped In 2014 the Islamic State seemingly appeared out of nowhere routing Iraqi forces conquering Iraq's second largest city boldly announcing the establishment of a caliphate and declaring itself the Islamic State IS Today IS controls thousands of square miles and is attempting to govern millions of people In this definitive guide to the Islamic State and its senior leadership Charles R Lister traces its roots from the release of its notorious father figure Abu Musab al Zarqawi from a Jordanian prison and the group's formation in Afghanistan in the late 1990s and finally to its stunning maturation in Iraq and Syria The West knows IS through its unrelenting propaganda war with its deft use of social media and videos of horrific acts Lister shares details of IS's sophisticated revenue machine attempts at governing and its formidable military With IS knocking on the doors of Lebanon Jordan and Saudi Arabia Lister's portrait helps us understand what to expect next and recommends a course of action to defeat IS extinguish extremism and encourage a tolerant Islam across the Middle East This book includes a Who's Who in the Islamic State's senior leadership From the foreword by Ahmed Rashid The Islamic State is the best basic understanding available of the ISIS phenomena and how to deal with it *The Islamic State* Charles R. Lister, 2015-05-01 The Islamic State Explained How did the Islamic State grow from regional terrorist group to a brutal multinational bureaucratic machine What are its goals How can it be stopped In 2014 the Islamic State seemingly appeared

out of nowhere conquering Mosul Iraq's second largest city and boldly announcing the establishment of a caliphate that seeks to eliminate all borders in the Middle East and to extend them as far as Central Asia and India Today it controls thousands of square miles is attempting to govern millions of people and has gained notoriety for its indiscriminate and savage beheadings Charles R Lister visiting fellow at the Brookings Institution's Doha Center traces the outfit's growth from the release of its notorious father figure Abu Musab al Zarqawi from a Jordanian prison in 1999 and the group's formation in Afghanistan finally to its stunning maturation in Iraq and Syria more than a decade later He helps us understand what to expect next and recommends a course of action to defeat the group This is an excellent primer on an organization that threatens to unseat the al Qaeda as the leader of transnational jihadism not to mention the risk it poses to global security

The Islamic State of Iraq and Syria Charles River Editors, 2014-07-08 Includes pictures Explains the formation influences ideology and goals of the group Includes footnotes and a bibliography for further reading Also known as ISIS Daesh al Qaeda in Iraq AQI and a host of other names the Islamic State in Iraq and the Levant ISIL has increasingly gained attention over the years for its brutal tactics and seemingly blatant disregard for human rights but it has recently dominated the global media spotlight and made headlines when it attacked and seized control of Mosul the second largest city in Iraq and drove out an Iraqi army force that was more than five times its size in June 2014 It has since laid claim to various territories throughout Iraq and the Levant and it has established operational control and maintained administrative structures on both sides of the Iraqi Syrian border Most recently it declared the restoration of a caliphate and renamed itself the Islamic State The ever deteriorating crises in Iraq and Syria have continued to highlight the prolific activities of ISIS but as a unified organization ISIS is believed to consist of only a few thousand militants led by a shadowy and secretive leader named Abu Bakr al Baghdadi Nonetheless despite its relatively small size the group has taken on and at times successfully battled U S and Coalition forces the Iraqi army and other rival Iraqi and Syrian militant groups The ferocity and fanaticism with which it fights and the absolute commitment it has to the jihad in Iraq and the Levant continue to set ISIS apart from other known terrorist organizations in the region One of the reasons ISIS has gone by so many different names is because it has rebranded itself numerous times in the past After starting as an al Qaeda inspired Sunni Islamist brigade that emerged from the ashes of the jihadist struggle against foreign forces in Iraq the group grew into a full fledged al Qaeda branch then evolved into a religiously motivated army then finally separated from al Qaeda to become the organization it is today The frequent name changes are hardly cosmetic they represent the multiple transformations the group has undergone and symbolize its flexibility and adaptability which is also how the ISIL has not only survived for over a decade but even flourished as one of the most influential groups in the region Today the group attracts fighters who wish to join its ranks not just from across Iraq and the region but from all over the world The group has also experienced many periods of withdrawal and reemergence further confounding the true nature and structure of the organization which has been littered with in

fighting rivalries and leadership shuffles But the group s terrorism and violent capabilities have been made quite clear in the Syrian civil war the fighting in Iraq and even attacks into other countries within the region Operatives have claimed bombings and attacks in Lebanon and Jordan and there are known recruiting cells in places as far away as Egypt Morocco and the U K The Islamic State of Iraq and Syria The History of ISIS ISIL chronicles the birth and growth of the group including the key figures and events that impacted its formation as well as the ideology of the group and the historical context and environment that strengthened it This book also looks at the various tactics and strategies the group has employed to achieve its goals and further its ideology especially its notorious terrorist attacks Along with pictures of important people places and events you will learn about ISIS like never before in no time at all **The ISIS Reader** Haroro J. Ingram, Craig Whiteside, Charlie Winter, 2020-01-01 In the wake of its Caliphate declaration in 2014 the self described Islamic State has been the focus of countless academic papers government studies media commentaries and documentaries Despite all this attention persistent myths continue to shape and misdirect public understanding and strategic policy decisions A significant factor in this trend has been a strong disinclination to engage critically with Islamic State s speeches and writings as if doing so reflects empathy with the movement s goals or even more absurdly may itself lead to radicalisation Going beyond the descriptive and the sensationalist this volume presents and analyses a series of milestone Islamic State primary source materials Scholar practitioners with field experience in confronting the movement explore and contextualise its approach to warfare propaganda and governance examining the factors behind its dramatic evolution from failed proto state in 2010 to standard bearer of global jihadism in 2014 to besieged insurgency in 2018 The ISIS Reader will help anyone students and journalists military personnel civil servants and inquisitive observers to better understand not only the evolution of Islamic State and the dynamics of asymmetric warfare but the importance of primary sources in doing so

The Rise of Islamic State Patrick Cockburn, 2015-02-03 Born of the Iraqi and Syrian civil wars the Islamic State astonished the world in 2014 by creating a powerful new force in the Middle East By combining religious fanaticism and military prowess the new self declared caliphate poses a threat to the political status quo of the whole region In The Rise of

Islamic State Patrick Cockburn describes the conflicts behind a dramatic unraveling of US foreign policy He shows how the West created the conditions for ISIS s explosive success by stoking the war in Syria The West the US and NATO in particular underestimated the militants potential until it was too late and failed to act against jihadi sponsors in Saudi Arabia Turkey and Pakistan *The Islamic State* 50minutes,2017-08-25 Keen to learn but short on time Get to grips with the history of the Islamic State in next to no time with this concise guide 50Minutes.com provides a clear and engaging analysis of the history of the Islamic State The brutal terror attacks in Paris in 2015 sent shockwaves across Europe The group which claimed responsibility for them the Islamic State of Iraq and the Levant has been active since 2006 and seeks to impose its radical and distorted version of Islam across the Middle East The international coalition established to combat the organisation has made some significant advances but the fight against fundamentalism is still far from over In just 50 minutes you will Understand the history of the Islamic State and the events leading up to its foundation including colonial rule and the regime of Saddam Hussein Learn about the key figures in the organisation including current leader Abu Bakr al Baghdadi Evaluate the successes and failures of the coalition fighting against the Islamic State ABOUT 50MINUTES.COM History Culture 50MINUTES.COM will enable you to quickly understand the main events people conflicts and discoveries from world history that have shaped the world we live in today Our publications present the key information on a wide variety of topics in a quick and accessible way that is guaranteed to save you time on your journey of discovery **The Islamic State in Africa** Jason Warner,2022-04-01 In 2019 Islamic State lost its last remaining sliver of territory in Syria and its Caliph Abu Bakr al Baghdadi was killed These setbacks seemed to herald the Caliphate s death knell and many now forecast its imminent demise Yet its affiliates endure particularly in Africa nearly all of Islamic State s cells on the continent have reaffirmed their allegiance attacks have continued in its name many groups have been reinvigorated and a new province has emerged Why in Africa did the two major setbacks of 2019 have so little impact on support for Islamic State The Islamic State in Africa suggests that this puzzle can be explained by the emergence and evolution of Islamic State s provinces in Africa which it calls sovereign subordinates By examining the rise and development of eight Islamic State cells the authors show how having pledged allegiance to IS Central cells evolved mostly autonomously using the IS brand as a means for accrual of power but in practice receiving relatively little if any direction or material support from central command Given this pattern IS Central s relative decline has had little impact on its African affiliates who are likely to remain committed to the Caliphate s cause for the foreseeable future **The Evolution of the Islamic State** Douglas C. Changes in Jihadi Discourse in the Wake of the "Islamic State" Christina Hartmann, 2022-11-10 Changes in Jihadi Discourse in the Wake of the Islamic State explores how the transnational jihadi discourse changed with the development of the Islamic State terrorist group and resulted in the fragmentation of the jihadi movement From the Middle East through Africa to South East Asia today's jihadi movement is more fragmented than ever Al Qaeda and the Islamic State compete not only with each other but also with local jihadi groups Despite the fact that in the wake of the Islamic State international jihadi groups are in fierce competition for supporters little has been said on how the process of competition as well as external events changed the ideology of these groups and the topics relevant to them Countering dominant research focusing on the differences between jihadi strains this book explores how the appearance and temporary strength of the Islamic State

changed the topics and talking points of other jihadi actors such as al Qaida By analyzing primary sources in Arabic and English the author sheds light on the inner and inter jihadi discourse and its development over the years The book does not simply describe changes in topics it traces these changes quantitatively and relates them to external events This book is aimed at academics researchers and postgraduate students interested in political science security studies jihadism jihadi discourse al Qaida Islamic State and Salafism as well as practitioners and decision makers in government agencies who wish to understand how transnational jihadi discourse has developed over the previous two decades The Islamic State and the Muslims of Trinidad and Tobago in the 21st Century Daurius Figueira ,2021-04-11 This work analyses 1 the discursive terrain of the Muslim community Ummah of Trinidad and Tobago from the Jihad of the Jamaat al Muslimeen on July 27th 1990 to 2015 with emphasis on the evolution of militant Islam in this period 2 It deconstructs the discourse of the Islamic State constructed to motivate Muslims of the world especially of the West to migrate to undertake Hijrah to the Islamic State with emphasis on the discursive concepts of the Islamic Apocalypse the Malahim Hijrah and Jihad is War 3 It deconstructs the specific discourse of the Islamic State constituted for the Muslims of Trinidad and Tobago which reveals the importance of the Trinidad and Tobago contingent to the propaganda machinery of the Islamic State 4 It deconstructs the discourse of the survivors which reveals the complex motivational structure that drove Muslims of Trinidad and Tobago to journey to the Islamic State What is revealed is a power relation between the Muslims of Trinidad and Tobago who are a minority group of the population of Trinidad and Tobago the kufr State of Trinidad and Tobago and the discourse of the Islamic State The reality that the Trinidad and Tobago contingent to Islamic State was the largest per capita amongst Muslims that undertook Hijrah to the Islamic State speaks volumes to the susceptibility of the Muslim community to the call of the Islamic State This work deconstructs the underlying reality that ensured the virulence of the discourse of the Islamic State in its impact on Muslims of Trinidad and Tobago *The Islamic State of Khorasan and the Prospect of Nuclear Jihad against Russia and Central Asia* Musa Khan Jalalzai,2020-02-07 Daesh is worse than the Taliban which is now trying to bring a new ideology as Daesh ism which is anti Islam This book brings out the alarming situation of presence of Daesh in Pakistan and its expanding activities It serves the international community as a reminder the role they need to play in crushing this monster *Faith and Politics in Iran, Israel, and the Islamic State* Ori Goldberg,2017-12-21 Religious faith has been gaining in reach and influence throughout global politics over the last three decades most prominently in the Middle East and theologies of this nature are based on the understanding that faith in God is to be based primarily and predominantly on the realness of God s presence The West accustomed to its own discussion on religion and politics emphasising democracy and individual freedoms has been at a loss to explain and engage these rising religious polities Through an innovative approach to the role of faith in politics Faith and Politics in Iran Israel and the Islamic State considers political theologies of the real formulated during the twentieth century and proposes that while religion in the West has been committed to absolutist vision these theologies have
