Italian American Poetics of Place Sabrina

Vellucci, 2024-11-19 This volume examines the significance of place in contemporary Italian American literature from an ecocritical perspective. It fills a gap in the theoretical discourse on Italian American culture whose concerns about environmental justice have been mostly overlooked. From mid twentieth century poets such as John Ciardi and Diane di Prima to late twentieth and twenty first century fiction writers such as Carole Maso and Salvatore Scibona, the study combines Italian American literary criticism with the spatial turn that over the last decades has asserted the interpretive significance of place and the environment in literary texts. Questioning the prejudice that sees Italian American culture as detached from ecological issues, these works show that such diasporic heritage has helped forge different modes of relationship and new forms of expression in contact with the American land. Their relevance lies not so much in defining or redefining Italian American ethnicity but in forging ideas and futures beyond their immediate framework and subject matter. By focusing on the intersection of gender and ethnicity with local and transnational spaces and aesthetic practices, *Italian American Poetics of Place* contributes to the growing field of inquiry that explores the resources of the literary in laying the basis for more dialogic and inclusive forms of awareness and community with both the human and other than human. **The Heart and**

the Island Chiara Mazzucchelli, 2015-08-04 In *The Heart and the Island*, Chiara Mazzucchelli explores the strong bond between Sicilian American writers and the island of Sicily. Self contained yet connected to the mainland, geographically separated from yet politically united to the rest of Italy, Sicily occupies a unique position. Throughout the twentieth century, the sense of a distinct Sicilianity or Sicilianness has manifested itself in a corpus of texts that, although subsumed under the broader context of Italian literature, have distinguished themselves as examples of an exquisitely Sicilian literary experience. Mazzucchelli argues that a parallel phenomenon, Sicilian Americanity, has emerged in the United States. Focusing on the island's geography, history, and culture, she examines how many American authors of Sicilian descent derive inspiration from their ethnic milieu and lay out a recognizable set of Sicilian culture markers in their works, thereby producing a literature that is distinctly Sicilian American. Drawing on both Italian and Italian American scholarship, *The Heart and the Island* is the first full length study of Sicilian American literature and it opens a space for new interdisciplinary discussions on what it means to be Italian on both sides of the ocean. **Aftermath: Poems** Sandra M. Gilbert, 2011-07-05 Sandra Gilbert's poems are

beautifully situated at the intersection of craft and feeling. Billy Collins: The title of this collection, at times mournful, sardonic, and joyous, refers to the grief in the wake of loss. Yet these poems aren't just about the consequences of loss but also about the complex experiences of endurance, acquiescence, and rebirth that with luck mark the aftermath of sorrow. From *Aftermath*: Kite. But the thought is only paper, after all, a soul that clings to a stick, tears open shreds as if it's flung to the ground in a final shiny fall, and at last the line goes limp, the climbing ends. Beyond the rush, sweep, an arc of silence, though a mind
