Expanding Welfare in an Age of Austerity Anthony Kevins,2025-10-01 In recent decades and particularly since the financial crisis continental Europe has seen an increasing gap between those workers who have well protected good paying jobs with strong benefits and those who work lower quality nonstandard jobs or who have no regular work at all This situation would seem to call for increased spending on the social safety net yet governments throughout the region have instead been turning to austerity In the face of that reality the options for helping disadvantaged workers are to extend coverage through re allocating the benefits given to higher level workers maintain the benefits of the well off as the number of outsiders continues to grow or simply ignore the problem This book asks why different nations have taken different tacks in handling or not handling this problem *Politics and Society in Western Europe* Jan-Erik Lane,Svante O.
