## **The Jacobin Clubs In The French Revolution The Middle Years:**

The Jacobin Clubs in the French Revolution Michael L. Kennedy, 1982 The Description for this book The Jacobin Clubs in the French Revolution The First Years will be forthcoming      The Jacobin Clubs in the French Revolution, 1793-1795 Michael Kennedy, 2000-05-01 A pendant to two well received books by the same author on the departmental clubs during the early years of the Revolution this book is the product of thirty years of scholarly study including archival research in Paris and in more than seventy departments in France It focuses on the twenty eight months from May 1793 to August 1795 a period spanning the Federalist Revolt the Terror and the Thermidorian Reaction The Federalist Revolt in which many clubs were involved had momentous consequences for all of them and was in the local setting the principal cause of the Reign of Terror a period in which more than 5 300 communes had clubs that reached the zenith of their power and influence engaging in a myriad of political administrative judicial religious economic social and war related activities The book ends with their decline and final dissolution by a decree of the Convention in Paris      **The Jacobin Clubs in the French Revolution** Michael L. Kennedy, 1982      The Jacobin Clubs in the French Revolution, 1793-1795 Michael L. Kennedy, 2005-12 A pendant to two well received books by the same author on the departmental clubs during the early years of the Revolution this book is the product of thirty years of scholarly study including archival research in Paris and in more than seventy departments in France It focuses on the twenty eight months from May 1793 to August 1795 a period spanning the Federalist Revolt the Terror and the Thermidorian Reaction The Federalist Revolt in which many clubs were involved had momentous consequences for all of them and was in the local setting the principal cause of the Reign of Terror a period in which more than 5 300 communes had clubs that reached the zenith of their power and influence engaging in a myriad of political administrative judicial religious economic social and war related activities The book ends with their decline and final dissolution by a decree of the Convention in Paris      *The Jacobin Clubs in the French Revolution, 1793-1795* Michael L. Kennedy, 2000 A pendant to two well received books by the same author on the departmental clubs during the early years of the Revolution this book is the product of thirty years of scholarly study including archival research in Paris and in more than seventy departments in France It focuses on the twenty eight months from May 1793 to August 1795 a period spanning the Federalist Revolt the Terror and the Thermidorian Reaction The Federalist Revolt in which many clubs were involved had momentous consequences for all of them and was in the local setting the principal cause of the Reign of Terror a period in which more than 5 300 communes had clubs that reached the zenith of their power and influence engaging in a myriad of political administrative judicial religious economic social and war related activities The book ends with their decline and final dissolution by a decree of the Convention in Paris      **Urban Rivalries in the French Revolution** Ted W. Margadant, 2021-05-11 The reordering of France into a new hierarchy of administrative and judicial regions in 1791 unleashed an intense rivalry among small towns for seats of authority while raising vital issues for the vast majority of the

French population Here Ted Margadant tells a lively story of the process of politicization magistrates lawyers merchants and other townspeople who petitioned the National Assembly not only boasted of their own communities and denigrated rival towns but also adopted revolutionary slogans and disseminated new political ideas and practices throughout the countryside The history of this movement offers a unique vantage point for analyzing the regional context of town life and the political dynamics of bourgeois leadership during the French Revolution Margadant explores the institutional crisis of the old regime that brought about the reordering considers the rhetoric and politics of space in the first year of the Revolution and examines the fate of small towns whose districts and law courts were suppressed Combining descriptive narrative with statistical analysis and computer mapping he reveals the important consequences of the new hierarchy for the urban development of France in the post Revolutionary era

The Oxford Handbook of the French Revolution David Andress, 2015-01-22 The Oxford Handbook of the French Revolution brings together a sweeping range of expert and innovative contributions to offer engaging and thought provoking insights into the history and historiography of this epochal event Each chapter presents the foremost summations of academic thinking on key topics along with stimulating and provocative interpretations and suggestions for future research directions Placing core dimensions of the history of the French Revolution in their transnational and global contexts the contributors demonstrate that revolutionary times demand close analysis of sometimes tiny groups of key political actors whether the king and his ministers or the besieged leaders of the Jacobin republic and attention to the deeply local politics of both rural and urban populations Identities of class gender and ethnicity are interrogated but so too are conceptions and practices linked to citizenship community order security and freedom each in their way just as central to revolutionary experiences and equally amenable to critical analysis and reflection This Handbook covers the structural and political contexts that build up to give new views on the classic question of the origins of revolution the different dimensions of personal and social experience that illuminate the political moment of 1789 itself the goals and dilemmas of the period of constitutional monarchy the processes of destabilisation and ongoing conflict that ended that experiment the key issues surrounding the emergence and experience of terror and the short and long term legacies for both good and ill of the revolutionary trauma for France and for global politics

A Social History of France 1780-1914 Peter McPhee, 2017-03-03 This volume provides a lively and authoritative synthesis of recent work on the social history of France and is now thoroughly updated to cover the long nineteenth century from 1789 1914 Peter McPhee offers both a readable narrative and a distinctive coherent argument about this remarkable century and explores key themes such as Peasant interaction with the environment The changing experience of work and leisure The nature of crime and protest Changing demographic patterns and family structures The religious practices of workers and peasants The ideology and internal repercussions of colonisation At the core of this social history is the exercise and experience of social relations of power not only because in these years there were four periods of protracted upheaval but also because the history of the workplace of

relations between women and men adults and children is all about human interaction Stimulating and enjoyable to read this indispensable introduction to nineteenth century France will help readers to make sense of the often bewildering story of these years while giving them a better understanding of what it meant to be an inhabitant of France during that turbulent time Marriage and Revolution Siân Reynolds,2012-06-07 A double biography of Jean Marie Roland and Marie Jeanne Phlipon later Madame Roland leading figures in the French Revolution *The British Periodical Press and the French Revolution 1789-99* S. Andrews,2000-09-19 This study challenges the conventional polarities used to describe British politics of the 1790s Pitt versus Fox Burke versus Paine Church versus Dissent ruling class versus working class Jacobin versus anti Jacobin Such polarities were sedulously promoted by Pitt s wartime government which applied Jacobin shamelessly to all its critics and opponents and thus foreshadowed the McCarthyite tactic of guilt by association The author seeks to make the less strident but more persuasive contemporary voices again audible He takes seriously those who questioned the necessity for Burke s crusade to destroy the French republic and who deplored Britain s alliance with the partitioners of Poland

**Gramsci, Political Economy, and International Relations Theory** A. Ayers,2008-11-10 This book seeks to provide the most comprehensive and sustained engagement and critique of neo Gramscian analyses available in the literature In examining neo Gramscian analyses in IR IPE the book engages with two fundamental concerns in international relations i The question of historicity and ii The analysis of radical transformation *The French army 1750-1820* Rafe Blaufarb,2021-02-02 This book examines the transformation of the French military profession during the momentous period that saw the death of royal absolutism the rise and fall of successive revolutionary regimes the consolidation of Napoleonic rule and the restoration of the Bourbon monarchy after the Empire s final collapse Crossing traditional chronological boundaries it brings together periods in French history that are usually treated separately and challenges established views of change and continuity during the Age of Revolution Based on a wealth of archival sources this book is as much a social history of ideas like equality talent and merit as a military history **The Enlightenment in Practice** Jeremy L. Caradonna,2012-03-15 Public academic prize contests the concours acad mique played a significant role in the intellectual life of Enlightenment France with aspirants formulating positions on such matters as slavery poverty the education of women tax reform and urban renewal and submitting the resulting essays for scrutiny by panels of judges In *The Enlightenment in Practice* Jeremy L. Caradonna draws on archives both in Paris and the provinces to show that thousands of individuals ranging from elite men and women of letters artisans and peasants participated in these intellectual competitions a far broader range of people than has been previously assumed Caradonna contends that the Enlightenment in France can no longer be seen as a cultural movement restricted to a small coterie of philosophers or a limited number of printed texts Moreover Caradonna demonstrates that the French monarchy took academic competitions quite seriously sponsoring numerous contests on such practical matters as deforestation the quality of drinking water and the nighttime illumination of

cities In some cases the contests served as an early mechanism for technology transfer the state used submissions to identify technical experts to whom it could turn for advice Finally the author shows how this unique intellectual exercise declined during the upheavals of the French Revolution when voicing moderate public criticism became a rather dangerous act

**The Revolutionary Organisation** Erik van Ree,2025-09-22 This is the first comprehensive study of the phenomenon of the armed struggle revolutionary organisation The Revolutionary Organisation covers the period from the late 18th century to the present is global in scope and discusses organisations inspired by all main ideological traditions communist anti colonialist nationalist democratic Islamist fascist and white supremacist The condition of life and death struggle with the state imposes similar patterns of operation upon these organisations irrespective of their ideological inclinations This work interprets armed struggle revolutionary organisations as hybrids of three orientations an apparatus of professional revolutionaries an emotional community sustained by ideology battle comradeship and ritual and an instrument of physical force nurturing an heroic organisational ethos

Robespierre Peter McPhee,2012-03-13 For some historians and biographers Maximilien Robespierre 1758 94 was a great revolutionary martyr who succeeded in leading the French Republic to safety in the face of overwhelming military odds For many others he was the first modern dictator a fanatic who instigated the murderous Reign of Terror in 1793 94 This masterful biography combines new research into Robespierre s dramatic life with a deep understanding of society and the politics of the French Revolution to arrive at a fresh understanding of the man his passions and his tragic shortcomings Peter McPhee gives special attention to Robespierre s formative years and the development of an iron will in a frail boy conceived outside wedlock and on the margins of polite provincial society Exploring how these experiences formed the young lawyer who arrived in Versailles in 1789 the author discovers not the cold obsessive Robespierre of legend but a man of passion with close but platonic friendships with women Soon immersed in revolutionary conflict he suffered increasingly lengthy periods of nervous collapse correlating with moments of political crisis yet Robespierre was tragically unable to step away from the crushing burdens of leadership Did his ruthless uncompromising exercise of power reflect a descent into madness in his final year of life McPhee reevaluates the ideology and reality of the Terror what Robespierre intended and whether it represented an abandonment or a reversal of his early liberalism and sense of justice

**The Death of the French Atlantic** Alan Forrest,2020-01-31 The Death of the French Atlantic examines the sudden and irreversible decline of France s Atlantic empire in the Age of Revolution and shows how three major forces undermined the country s competitive position as an Atlantic commercial power The first was war especially war at sea against France s most consistent enemy and commercial rival in the eighteenth century Great Britain A series of colonial wars from the Seven Years War and the War of American Independence to the Revolutionary and Napoleonic Wars did much to drive France out of the North Atlantic The second was anti slavery and the rise of a new moral conscience which challenged the right of Europeans to own slaves or to sacrifice the freedom of others to pursue national

economic advantage The third was the French Revolution itself which not only raised French hopes of achieving the Rights of Man for its own citizens but also sowed the seeds of insurrection in the slave societies of the New World leading to the loss of Saint Domingue and the creation of the first black republic in Haiti at the beginning of the nineteenth century This proved critical to the economy of the French Caribbean driving both colons and slaves from Saint Domingue to seek shelter across the Atlantic world and leaving a bitter legacy in the French Caribbean It has also created an uneasy memory of the slave trade in French ports like Nantes La Rochelle and Bordeaux and has left an indelible mark on race relations in France today

**British Jacobin Politics, Desires, and Aftermaths** James Epstein, David Karr, 2021-01-31 This book explores the hopes desires and imagined futures that characterized British radicalism in the 1790s and the resurfacing of this sense of possibility in the following decades The articulation of Jacobin sentiments reflected the emotional investments of men and women inspired by the French Revolution and committed to political transformation The authors emphasize the performative aspects of political culture and the spaces in which mobilization and expression occurred including the club room tavern coffeehouse street outdoor meeting theater chapel courtroom prison and convict ship America imagined as a site of republican citizenship and New South Wales experienced as a space of political exile widened the scope of radical dreaming Part 1 focuses on the political culture forged under the shifting influence of the French Revolution Part 2 explores the afterlives of British Jacobinism in the year 1817 in early Chartist memorialization of the Scottish martyrs of 1794 and in the writings of E P Thompson The relationship between popular radicals and the Romantics is a theme pursued in several chapters a dialogue is sustained across the disciplinary boundaries of British history and literary studies The volume captures the revolutionary decade s effervescent yearning and its unruly persistence in later years *Fatal Purity* Ruth

Scurr, 2007-04-17 Judicious balanced and admirably clear at every point This is quite the calmest and least abusive history of the Revolution you will ever read Hilary Mantel London Review of Books Since his execution by guillotine in July 1794 Maximilien Robespierre has been contested terrain for historians Was he a bloodthirsty charlatan or the only true defender of revolutionary ideals The first modern dictator or the earliest democrat Was his extreme moralism a heroic virtue or a ruinous flaw Against the dramatic backdrop of the French Revolution historian Ruth Scurr tracks Robespierre s evolution from provincial lawyer to devastatingly efficient revolutionary leader righteous and paranoid in equal measure She explores his reformist zeal his role in the fall of the monarchy his passionate attempts to design a modern republic even his extraordinary effort to found a perfect religion And she follows him into the Terror as the former death penalty opponent makes summary execution the order of the day himself falling victim to the violence at the age of thirty six Written with epic sweep full of nuance and insight *Fatal Purity* is a fascinating portrait of a man who identified with the Revolution to the point of madness and in so doing changed the course of history

**A Companion to the French Revolution** Peter McPhee, 2014-12-15 A Companion to the French Revolution comprises twenty nine newly written essays reassessing the origins development and

impact of this great turning point in modern history Examines the origins development and impact of the French Revolution Features original contributions from leading historians including six essays translated from French Presents a wide ranging overview of current historical debates on the revolution and future directions in scholarship Gives equally thorough treatment to both causes and outcomes of the French Revolution Choosing Terror Marisa Linton, 2015-06-04 Choosing Terror Virtue Friendship and Authenticity in the French Revolution examines the leaders of the French Revolution Robespierre and his fellow Jacobins and particularly the gradual process whereby many of them came to choose terror These men led the Jacobin Club between 1789 and 1794 and were attempting to establish new democratic politics in France Exploring revolutionary politics through the eyes of these leaders and against a political backdrop of a series of traumatic events wars and betrayals Marisa Linton portrays the Jacobins as complex human beings who were influenced by emotions and personal loyalties as well as by their revolutionary ideology The Jacobin leaders entire political careers were constrained by their need to be seen by their supporters as men of virtue free from corruption and ambition and concerned only with the public good In the early stages of the Revolution being seen as men of virtue empowered the Jacobin leaders and aided them in their efforts to forge their political careers However with the onset of war there was a growing conviction that political leaders who feigned virtue were the enemy within secretly conspiring with France s external enemies By Year Two the year of the Terror the Jacobin identity had become a destructive force in order to demonstrate their own authenticity they had to be seen to act virtuously and be prepared if the public good demanded it to denounce and destroy their friends and even to sacrifice their own lives This desperate thinking resulted in the politicians terror one of the most ruthless of all forms of terror during the Revolution Choosing Terror seeks neither to cast blame nor to exonerate but to understand the process whereby such things can happen
