

The Japanese Party System

Three Stages:

- 1946-1955: brief and chaotic
- 1955-1993: Liberal Democratic Party vs. Japan Socialist Party
- Since 1993: LDP with Japan Socialist Party as coalition
- New party system elements of single member district systems plus proportional systems

The Japanese Party System

Sarah Hyde

The Japanese Party System:

The Japanese Party System Ronald J Hrebenar, 2019-07-09 This is a nuts and bolts textbook in the best sense of the term It is bound to be a great boon both to teachers and students of contemporary Japanese politics from the Foreword by Haruhiro Fukui This timely volume is the first book in nearly twenty five years to focus on the party system of Japan In the past two decades the Japanese political scene has undergone a dramatic transformation What had been a two party system proliferated during the 1960s and 1970s into a seven party system This book provides a comprehensive look at all of Japan s current major and minor national level parties For the first time in English detailed analyses are presented on the Democratic Socialists the Clean Government party K meit and the New Liberal Club Thorough coverage is provided for parties in the 1955 System the ruling Liberal Democratic party and the two long term opposition parties the Socialists and the Communists Many of the new miniparties that have appeared in recent elections are also discussed Japanese Political Parties gives readers a solid understanding of party histories leadership and internal organization as well as a look at prospects for the future The party discussions are preceded by three chapters on the laws and political forces affecting Japanese politics Chapter 1 describes the basic characteristics of the Japanese party system since 1945 and provides an overview of Japanese voting behavior and political values Chapter 2 describes the rules of the game the electoral laws and discusses the ongoing political problem of malapportionment Chapter 3 interprets data on political finance in contemporary Japan Along with a wealth of information and interpretation the authors offer insight into the common patterns Japan shares with democracies around the world placing the Japanese system within the larger context of world party systems Designed for courses on Japanese politics this text should also prove useful to students of comparative politics and political parties

The Japanese Party System Ronald J. Hrebenar, 2019 This is a nuts and bolts textbook in the best sense of the term It is bound to be a great boon both to teachers and students of contemporary Japanese politics from the Foreword by Haruhiro Fukui This timely volume is the first book in nearly twenty five years to focus on the party system of Japan In the past two decades the Japanese political scene has undergone a dramatic transformation What had been a two party system proliferated during the 1960s and 1970s into a seven party system This book provides a comprehensive look at all of Japan s current major and minor national level parties For the first time in English detailed analyses are presented on the Democratic Socialists the Clean Government party K meit and the New Liberal Club Thorough coverage is provided for parties in the 1955 System the ruling Liberal Democratic party and the two long term opposition parties the Socialists and the Communists Many of the new miniparties that have appeared in recent elections are also discussed Japanese Political Parties gives readers a solid understanding of party histories leadership and internal organization as well as a look at prospects for the future The party discussions are preceded by three chapters on the laws and political forces affecting Japanese politics Chapter 1 describes the basic characteristics of the Japanese party system since 1945 and provides an

overview of Japanese voting behavior and political values Chapter 2 describes the rules of the game the electoral laws and discusses the ongoing political problem of malapportionment Chapter 3 interprets data on political finance in contemporary Japan Along with a wealth of information and interpretation the authors offer insight into the common patterns Japan shares with democracies around the world placing the Japanese system within the larger context of world party systems Designed for courses on Japanese politics this text should also prove useful to students of comparative politics and political parties

Japan's New Party System Ronald J Hrebenar,2000 In the summer of 1993 Japanese politics changed fundamentally from the pattern which had been the norm since 1955 No longer does the Liberal Democratic Party LDP rule national level politics without the need to resort to coalitions and lesser parties Even more significant are the two non LDP governments formed under Prime Ministers Hosokawa and Hata No longer is the opposition dominated by the never to govern Socialist Party By December 1994 a new opposition party emerged from nine former opposition parties to move Japan towards a two party system

Party Politics in Japan Ronald J. Hrebenar,Akira Nakamura,2014-09-19 The Japanese political system is a parliamentary democracy and was the first western style government in Asia when the parliamentary system was adopted in the 1880s It has a multiparty system free elections and a parliament that functions much the same way that any other democratic parliament functions however for much of its existence the Japanese party system has been dominated by one party This fact is crucial to understanding contemporary politics in Japan especially since the long term ruling party the Liberal Democratic Party is once again back in power This book presents an up to date analysis of the political parties that make up the Japanese party system and their impact on Japanese politics and government Given that the executive branch is selected as a result of the pattern of party numbers in the parliament to understand Japanese politics and policy one must first know the nature of the ruling and opposition parties and their leaders Indeed in the past decade the quality of Japan's government has been closely associated with the strengths and weaknesses of Japan's prime ministers and the dominant party in the system This book focuses on a central question why Japanese politics and government has been so dysfunctional in the past two decades With this question in mind the chapters provide key background information on Japanese politics and political parties discuss each of the major political parties that have governed Japan since 1955 and finally examine the December 2012 House of Representatives elections that returned the LDP to power and the differences between the First 1955 1993 and the Second Post War Party Systems 1993 Party Politics in Japan provides a comprehensive analysis of the past sixty years of Japanese party politics As such it will be of great interest to students and scholars of Japanese politics and Asian politics as well as to those interested in political parties and political systems more broadly

Party Politics in Japan
Ronald J. Hrebenar,Akira Nakamura,2014-09-19 The Japanese political system is a parliamentary democracy and was the first western style government in Asia when the parliamentary system was adopted in the 1880s It has a multiparty system free elections and a parliament that functions much the same way that any other democratic parliament functions however

for much of its existence the Japanese party system has been dominated by one party This fact is crucial to understanding contemporary politics in Japan especially since the long term ruling party the Liberal Democratic Party is once again back in power This book presents an up to date analysis of the political parties that make up the Japanese party system and their impact on Japanese politics and government Given that the executive branch is selected as a result of the pattern of party numbers in the parliament to understand Japanese politics and policy one must first know the nature of the ruling and opposition parties and their leaders Indeed in the past decade the quality of Japan s government has been closely associated with the strengths and weaknesses of Japan s prime ministers and the dominant party in the system This book focuses on a central question why Japanese politics and government has been so dysfunctional in the past two decades With this question in mind the chapters provide key background information on Japanese politics and political parties discuss each of the major political parties that have governed Japan since 1955 and finally examine the December 2012 House of Representatives elections that returned the LDP to power and the differences between the First 1955 1993 and the Second Post War Party Systems 1993 Party Politics in Japan provides a comprehensive analysis of the past sixty years of Japanese party politics As such it will be of great interest to students and scholars of Japanese politics and Asian politics as well as to those interested in political parties and political systems more broadly

Japan's New Party System Ronald J Hrebenar, 2019-08-15 The authors of this book have joined together for a third time to produce a book on Japanese political parties and elections The first two books under the title of The Japanese Party System were also published by Westview Press in 1986 and 1992 This book Japan s New Party System has a different purpose than the previous volumes The first two books had as their task the presentation of a vast amount of material on the various parties of the 1955 1993 party system Since 1955 Japanese politics and parties had been rather uneventful and predictable consequently many Japanese political scientists preferred to study other nations Decade after decade the Liberal Democratic Party LDP ruled Japan while the permanent opposition party the Japan Socialist Party GSP revolved around it but could never even come close to replacing it in power on the national level All of this changed in 1993 after the LDP split new parties emerged and formed a non LDP government and a new party system began This book is about the Second Party System and how Japanese politics has changed from the old LDP dominated First Party System

The Japanese Party System Ronald J Hrebenar, Peter Berton, 1992-01-27 This edition provides a detailed review of the significant political events in Japan between 1986 and 1991 The bulk of the book concentrates on Japan s six party system and the election and political finance laws that govern it

The Evolution of Japan's Party System Leonard James Schoppa, 2011-01-01 The Evolution of Japan s Party System analyses the transition by examining both party politics and public policy This volume discuss how older parties such as the LDP and the Japan Socialist Party failed to adapt to the new policy environment of the 1990s

Introduction to Japanese Politics Louis D. Hayes, 2016-09-17 This classic introduction to the Japanese political system has been revised and updated to take the account of a time of turmoil in the

country's political life. It incorporates new coverage of the end of the Koizumi era, the brief and troubled premiership of Abe and the selection of Fukuda as prime minister. This edition also includes expanded material on bubble and post-bubble economic developments as well as all new coverage of health care policy. The text opens with an overview of Japan's geographical setting and history. The next group of chapters covers political institutions, processes and actors. Two sections then address the country's distinctive social order and economy, educational, healthcare and public safety systems. Part five looks at the increasingly contentious realm of foreign relations and security issues, including China's expanding role and the issue of North Korea. A concluding section considers dynamics of change in Japanese politics. Japanese Legal System

Dean, 2002-02-14. Meryll Dean's superb new edition of Japanese Legal System provides a wide-ranging and unique insight into the legal system of a country which is at the forefront of global development yet rarely examined by legal scholars. It is a major contribution to the study of comparative law and through its multidisciplinary approach breaks new ground in providing a comprehensive text on the subject. It draws on the author's first-hand knowledge of Japan but is written for non-Japanese speakers. Through its approachable yet scholarly style, the reader is introduced to the essentials of the legal system and guided through historical and cultural context from which they will be able to develop an informed critique. The book covers the history, structure and tradition of the Japanese legal system as well as providing an insight into areas of substantive law. It contains extracts from diverse contemporary sources which, together with the author's commentary, guide the reader through the complexities of a different culture. The use of multidisciplinary sources which are contextualised by the author makes what would otherwise be inaccessible material available for comparative analysis. This book may be used as a textbook for undergraduate and postgraduate courses. It will be useful for those engaged in the study of history, politics, international relations and law as well as being of value to academics, practitioners and those in business. The Transformation of the Japanese Left

Sarah Hyde, 2009-09-23. This book examines the transition within the Japanese party system that has seen the demise of the old socialists, the Japan Socialist Party, and in its place the emergence of the Democratic Party of Japan as the leading opposition party. Sarah Hyde has produced an original book which looks at the intra-left, non-communist opposition party manoeuvrings during the 1990s through to the new millennium in a highly detailed and focused manner whilst simultaneously looking at the three most significant changes for the left nationally: the change to the electoral system, the change to public opinion regarding defense and the Constitution after the First Gulf War, and the changes to the Labour Union movement. Ending with a chapter on the incredibly important 2007 Upper House election which brings the development of the opposition full circle, this book will be a valuable source for students and scholars of Japanese politics, electoral systems and opposition politics. Japan's Postwar Party Politics Masaru Kohno, 2020-11-10. In this sophisticated theoretical work, Masaru Kohno presents a systematic reexamination of the evolution of party politics in Japan since the end of the second World War. Because of the long one-party dominance by the Liberal Democratic Party, Japan's

parliamentary democracy has often been viewed as unique in the developed world and most of the existing studies of Japanese party politics have addressed such determinants as its political culture historical background and socio ideological cleavages According to the author these explanations do not adequately account for some of the most important changes that took place in Japanese party politics during the postwar period This study advances an alternative set of interpretations based on a microanalytic approach that highlights the incentive and bargaining power of individual political actors and their competitive and strategic behavior under existing institutional constraints According to Kohno the evolution of political life in postwar Japan depends on the same factors that are acknowledged to be at work in other industrialized nations He reveals through detailed case studies of government formation processes and statistical examinations of candidate nomination patterns that the microanalytic approach can establish forward looking and internally consistent interpretations of the postwar development of Japanese party politics Because Japan has usually been treated as a country of unique cultural historical and societal characteristics the analyses of this study point to the broader applicability of the microanalytic approach in the field of comparative politics especially for the exploration of party competition in advanced industrial democracies

Japanese Politics and Government Alisa Gaunder, 2023-02-27 The revised 2nd edition of this successful textbook explores Japanese politics in the postwar era from theoretical and comparative perspectives After providing historical context it offers an in depth exploration of postwar political institutions political reform in the 1990s the policymaking process and the politics of economic growth and stagnation By delving into Japan s international relations the book sheds light on Japan s security and foreign policies and Japan s role in Asia The textbook concludes by addressing what has changed since party alternation in 2009 the triple disaster in March 2011 and the global Covid pandemic Themes and questions addressed throughout the text include How and why did Japan modernize so successfully when so many other countries fell prey to colonialism and authoritarianism What explains the Japanese economic miracle and its subsequent economic stagnation What accounts for Japan s successful democratization In the international realm why has Japan achieved economic superpower status without achieving political superpower status What is the future trajectory of Japanese politics Connecting Japan to larger themes in comparative politics and linking Japan s history institutions policymaking process and international relations to experiences and structures in other countries this book is essential reading for students of Japanese or Asian Politics

Political Transitions in Dominant Party Systems Joseph Wong, Edward Friedman, 2008-10-27 Using country specific case studies top rank analysts in the field focus on the lessons that dominant parties might learn from losing and the adaptations they consequently make in order to survive to remain competitive or to ultimately re gain power

The Japanese Voter Scott C. Flanagan, Shinsaku Kohei, Ichiro Miyake, Bradley M. Richardson, 1991-09-25 This survey of the major factors that influence voting behaviour in Japan demonstrates through a wide range of examples that there are recognizable bases of comparison between Japanese and Western voting behaviour It also produces a number of contrasts with voting in

the West **The American Party System** Charles Edward Merriam, 1923 *The Presidentialization of Japanese Politics* Masahiro Iwasaki, 2023-04-14 Are we seeing the presidentialization of politics in Japan Certainly many recent prime ministers have demonstrated powerful leadership notably Junichiro Koizumi and Shinzo Abe While the phenomenon of presidentialization has been much discussed for years the Japanese case has not received much attention in the English language Iwasaki analyses the state of Japanese politics using the established analytical framework of presidentialization looking at leadership power resources leadership autonomy and the personalization of the electoral process and assesses the factors that have been claimed to lead to similar changes in other countries He argues that there are also unique variables that contribute to the presidentialization of Japanese politics Most notably the introduction of public subsidies to political parties and electoral reform in 1994 A valuable contribution to the global scholarship on presidentialization which will be of particular interest to scholars of Japanese politics *The Japanese Party System* Ronald J. Hrebienar, Peter Berton, 1986

Parties and Party Systems Giovanni Sartori, 2014-01-01 In this rich and broad ranging volume Giovanni Sartori outlines what is now recognised to be the most comprehensive and authoritative approach to the classification of party systems He also offers an extensive review of the concept and rationale of the political party and develops a sharp critique of various spatial models of party competition This is political science at its best combining the intelligent use of theory with sophisticated analytic arguments and grounding all of this on a substantial cross national empirical base *Parties and Party Systems* is one of the classics of postwar political science and is now established as the foremost work in its field

Japanese Electoral Politics Steven Reed, 2004-03-01 The old Japanese single party system collapsed in 1993 but a new system has not yet fully evolved Following the most significant party reform in Japanese history this book analyses the most recent national elections examining voter behaviour and how it is influenced It provides a comprehensive overview of Japanese politics from 1955 to 1993 and a detailed historical study of events leading up to the 1996 and 2000 elections before presenting statistical analysis of the elections themselves The authors then look to the future anticipating what form the new political system will take *Japanese Electoral Politics* contains four very detailed case studies and a wealth of new data It will appeal to students and researchers of Japanese politics and elections and electoral systems

Yeah, reviewing a ebook **The Japanese Party System** could add your near contacts listings. This is just one of the solutions for you to be successful. As understood, ability does not recommend that you have astounding points.

Comprehending as skillfully as understanding even more than further will have the funds for each success. neighboring to, the declaration as capably as acuteness of this The Japanese Party System can be taken as skillfully as picked to act.

The Japanese Party System Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Japanese Party System has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Japanese Party System has opened up a world of possibilities. Downloading The Japanese Party System provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Japanese Party System has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Japanese Party System. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Japanese Party System. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Japanese Party System, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Japanese Party System has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing

so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Japanese Party System Books

1. Where can I buy The Japanese Party System books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
