The Jesus People Old Time Religion In The Age Of Aquarius:

The Jesus People Ronald M. Enroth, Edward E. Ericson (jr.), C. Breckinridge Peters, 1972 *The Jesus People* Ronald M. Enroth, 1972 *Religion in America Since 1945* Patrick Allitt, 2003 Discusses the Cold War communism Eisenhower the civil rights movement African Americans and religion Mormons Vietnam Catholics feminism cults creationism and evolution American Islam home schooling abortion homosexuality and religion and the Christian Right *The Holy Spirit as Person and Power* Rob Yule, 2020-01-10 In just over one hundred years the Pentecostal charismatic movement has transformed world Christianity Noted for their rediscovery of spiritual gifts and commitment to world evangelization 700 million Pentecostals and charismatics now account for more than 27 percent of the global Christian movement The Pentecostal charismatic movement has been more noted for its activism than for theological reflection But this may be changing The Holy Spirit as Person and Power challenges traditional theology to take account of what has been disclosed in the dynamism and variety of charismatic experience The author is a theologically trained practitioner impacted in midlife by a transforming experience of the Holy Spirit He has been a hands on leader in the renewal movement Now in his later years he reflects on the meaning of the grace imparted to the church by the renewing activity of God s Spirit This is not the work of an enthusiast claiming a new revelation Rather the author draws attention to many nuances in the Bible s description of the Spirit that have been overlooked in traditional pneumatology By relating these insights to Orthodox Catholic Protestant and evangelical theology he has produced a book with ecumenical implications for all branches of world Christianity The Promise Keepers Dane S. Claussen, 2000 Now nearly 15 years old during which time it exploded in size then declined and has now plateaued the Promise Keepers and its policies have invited reactions ranging from celebration to suspicion Many see the Christian men s organization as a powerful tool to encourage and equip Christian men to face a morally complex future Others view the group as sexist or even heretical This book was the first and in most ways still the only objective analysis of the Promise Keepers and the many reactions to it Contributors to this collection of critical essays hail from the fields of political science history sociology religion and theology journalism and mass communication speech English women s studies American studies and sports science The responses range from supportive to skeptical and cover topics that go beyond the Promise Keepers to issues of evangelical Christianity gender roles men s organizations mass media and social movements The Evangelicals Robert Krapohl, Charles H. Lippy, 1999-04-30 The different facets of American religious life are more thoroughly understood with an awareness of the Evangelical heritage that intersects the different denominational boundaries Since Evangelicalism is not confined to one religious denomination or group it has associations with a number of American religious movements such as Fundamentalism Pentecostalism the Charismatic Movement and Revivalism This study modeled after the popular Greenwood Denominations in America series analyzes the people institutions and the religious culture of modern American Evangelicals Divided into three sections the book presents a history of American Evangelicalism discusses themes and issues

in modern American Evangelicalism and provides a biographical dictionary of modern American Evangelical leaders The combination of critical narrative and reference will appeal to religion scholars and American culture scholars alike Separate bibliographies unique to the history section and to the themes and issues section provide valuable resources for further research Equally helpful is the bibliographic material that completes each entry in the biographical dictionary section of the book The three part organization makes this an accessible research tool clearly organized for easy cross referencing To Think Christianly Charles E. Cotherman,2020-04-28 In this comprehensive history Charles Cotherman traces the stories of notable study centers and networks as well as their influence on twentieth century Christianity Beginning with the innovations of L Abri and Regent College Cotherman sheds new light on these defining places in evangelicalism s life of the mind

The Color of Christ Edward J. Blum, Paul Harvey, 2012-09-21 How is it that in America the image of Jesus Christ has been used both to justify the atrocities of white supremacy and to inspire the righteousness of civil rights crusades In The Color of Christ Edward J Blum and Paul Harvey weave a tapestry of American dreams and visions from witch hunts to web pages Harlem to Hollywood slave cabins to South Park Mormon revelations to Indian reservations to show how Americans remade

the Son of God visually time and again into a sacred symbol of their greatest aspirations deepest terrors and mightiest strivings for racial power and justice The Color of Christ uncovers how in a country founded by Puritans who destroyed depictions of Jesus Americans came to believe in the whiteness of Christ Some envisioned a white Christ who would sanctify the exploitation of Native Americans and African Americans and bless imperial expansion Many others gazed at a messiah not necessarily white who was willing and able to confront white supremacy The color of Christ still symbolizes America's most combustible divisions revealing the power and malleability of race and religion from colonial times to the presidency of Barack Obama
