The Portrayal of the Jew in American Cinema, 1900-1953 Josh D. Kanin, 19??

The American Jewish Story Through Cinema Eric A. Goldman, 2013-04-15 Like the haggadah the traditional telling of the story of the Israelites exodus from Egypt that is read at the Passover seder cinema offers a valuable text from which to gain an understanding of the social political and cultural realities of Jews in America In an industry strongly influenced by Jewish filmmakers who made and continue to make the decisions as to which films are produced the complex and evolving nature of the American Jewish condition has had considerable impact on American cinema and in particular on how Jews are reflected on the screen This groundbreaking study analyzes select mainstream films from the beginning of the sound era to today to

provide an understanding of the American Jewish experience over the last century In the first half of the twentieth century Hollywood's movie moguls most of whom were Jewish shied away from asserting a Jewish image on the screen for fear that they might be too closely identified with that representation Over the next two decades Jewish moviemakers became more comfortable with the concept of a Jewish hero and with an overpowered yet heroic Israel In time the Holocaust assumed center stage as the single event with the greatest effect on American Jewish identity Recently as American Jewish screenwriters directors and producers have become increasingly comfortable with their heritage we are seeing an unprecedented number of movies that spotlight Jewish protagonists experiences and challenges

Italy in Early American Cinema Giorgio Bertellini, 2010 Giorgio Bertellini traces the origins of American cinema's century long fascination with Italy and Italian immigrants to the popularity of the pre photographic aesthetic the picturesque Once associated with landscape painting in northern Europe the picturesque came to symbolize Mediterranean Europe through comforting views of distant landscapes and exotic characters Taking its cue from a picturesque stage backdrop from *The Godfather Part II* *Italy in Early American Cinema* shows how this aesthetic was transferred from 19th century American painters to early 20th century American filmmakers *Italy in Early American Cinema* offers readings of early films that pay close attention to how landscape representations that were related to narrative settings and filmmaking locations conveyed distinct ideas about racial difference and national destiny

Sander L. Gilman, 1997-01-01 *Smart Jews* addresses one of the most controversial theories of our day the alleged connection between race or ethnicity intelligence and virtue Sander Gilman shows that such theories have a long disturbing history He examines a wide range of texts scientific treatises novels films philosophical works and operas that assert the greater intelligence and often lesser virtue of Jews The book opens with a discussion of concepts that relate intelligence and race particularly those that figure in the controversial bestseller *The Bell Curve* it then describes scientific theories of Jewish superior intelligence that were developed in the nineteenth and early twentieth centuries Gilman explores the reactions to those theories by Jewish scientists and intellectuals of that era including Sigmund Freud Ludwig Wittgenstein and Hugo von Hofmannsthal The conclusion turns to how such ideas figure in modern novels and films from F Scott Fitzgerald's *The Last Tycoon* to Stephen Spielberg's *Schindler's List* and Robert Redford's *Quiz Show* Gilman demonstrates how stereotypes can permeate society finding expression in everything from scientific work to popular culture And he shows how the seemingly flattering attribution of superior intelligence has served to isolate Jews and to cast upon them the imputation of lesser virtue A fascinating highly readable book *Smart Jews* is an essential work in our ongoing debates about race ethnicity intelligence and virtue Sander Gilman is Henry R Luce Professor of the Liberal Arts in Human Biology at the University of Chicago His works include *Difference and Pathology Stereotypes of Sexuality Race and Madness Jewish Self Hatred Anti-Semitism and the Hidden Language of Jews* and *Inscribing the Other* Nebraska 1992

Movie-Made Jews Helene Meyers, 2021-09-17 *Movie Made Jews* focuses on a rich usable American Jewish cinematic tradition This tradition includes fiction and documentary films that make Jews through antisemitism Holocaust indirection and discontent with assimilation It prominently features the unapologetic assertion of Jewishness queerness and alliances across race and religion Author Helene Meyers shows that as we go to our local theater attend a Jewish film festival play a DVD watch streaming videos Jewishness becomes part of the multicultural mosaic rather than collapsing into a generic whiteness or being represented as a life apart This engagingly written book demonstrates that a Jewish movie is neither just a movie nor for Jews only With incisive analysis *Movie Made Jews* challenges the assumption that American Jewish cinema is a cinema of impoverishment and assimilation While it's a truism that Jews make movies this book brings into focus the diverse ways movies make Jews
