## The Jewish Of Days:

The Jewish Book of Days Jill Hammer, 2010-01-01 Throughout the ages Jews have connected legends to particular days of the Hebrew calendar Abraham's birth the death of Rachel and the creation of light are all tales that are linked to a specific day and season The Jewish Book of Days invites readers to experience the connection between sacred story and nature's rhythms through readings designed for each and every day of the year These daily readings offer an opportunity to live in tune with the wisdom of the past while learning new truths about the times we live in today Using the tree as its central metaphor The Jewish Book of Days is divided into eight chapters of approximately forty five days each These sections represent the tree's stages of growth seed root shoot sap bud leaf flower and fruit and also echo the natural cadences of each season Each entry has three components a biblical quote for the day a midrash on the biblical quote or a Jewish tradition related to that day and commentary relating the text to the cycles of the year The author includes an introduction that analyzes the different months and seasons of the Hebrew calendar and explains the textual sources used throughout Appendixes provide additional material for leap years equinoxes and solstices A section on seasonal meditations offers a new way to approach the divine every day

Hunt, James C. ,1905 Carper, 2012-08-06 Exploring a subject that is as important as it is divisive this two volume work offers the first current definitive work on the intricacies and issues relative to America's faith based schools The Praeger Handbook of Faith Based Schools in the United States K 12 is an indispensable study at a time when American education is increasingly considered through the lenses of race ethnicity gender and social class With contributions from an impressive array of experts the two volume work provides a historical overview of faith based schooling in the United States as well as a comprehensive treatment of each current faith based school tradition in the nation The first volume examines three types of faith based

schools Protestant schools Jewish schools and Evangelical Protestant homeschooling The second volume focuses on Catholic Muslim and Orthodox schools and addresses critical issues common to faith based schools among them state and federal regulation and school choice as well as ethnic cultural confessional and practical factors Perhaps most importantly for those concerned with the questions and controversies that abound in U S education the handbook grapples with outcomes of faith based schooling and with the choices parents face as they consider educational options for their children piety: directing a Christian how to walk, that he may please God.
