## **The Jewish Wife And Other Short Plays:**

The Jewish Wife and Other Short Plays Bertolt Brecht, 1978      **The Jewish Wife and Other Short Plays**, 1992      *The Jewish Wife and Other Short Plays* Bertolt Brecht, 1965 These six plays represent the best and most humorous of Brecht's shorter works. The Jewish Wife is from the Fear and Misery in the Third Reich cycle of one act plays which along with In Search of Justice and The Informer chronicles the hardships of life in Nazi Germany. The Exception and the Rule one of Brecht's most popular short works grimly depicts the consequences of the mutually dependent yet inevitable inequitable relationship between the privileged and the poor it is included here with The Measures Taken and The Elephant Calf. Though all of these tales of horror and Eric Bentley calls them have tragic undertones they are also infused with farcical absurdities and cosmic irony so characteristic of Brecht's work.

**Jewish Wife**, 1970-08-15      **Theatre in Transformation** Wolfgang Schneider, Lebogang L. Nawa, 2019-01-23 Are artists seismographs during processes of transformation? Is theatre a mirror of society? And how does it influence society offstage? To address these questions this collection brings together analyses of cultural policy in post-apartheid South Africa and actors of the performing arts discussing political theatre and cultural activism. Case studies grant inside views of the State Theatre in Pretoria, the Market Theatre in Johannesburg and the Baxter Theatre in Cape Town followed by a documentation of panel discussions on the Soweto Theatre. The texts collected here bring to the surface new faces and voices who advance the performing arts with their images and lexicons revolving around topics such as patriarchy, femicide and xenophobia.

**The Ticklish Subject** Slavoj Žižek, 2020-05-05 Slavoj Žižek the maverick philosopher author of over 30 books acclaimed as the Elvis of cultural theory and today's most controversial public intellectual. His work traverses the fields of philosophy, psychoanalysis, theology, history and political theory taking in film, popular culture, literature and jokes all to provide acute analyses of the complexities of contemporary ideology as well as a serious and sophisticated philosophy. His recent films *The Pervert's Guide to the Cinema* and *Žižek* reveal a theorist at the peak of his powers and a skilled communicator. Now Verso is making his classic titles each of which stand as a core of his ever-expanding life's work available as new editions. Each is beautifully re-packaged including new introductions from Žižek himself. Simply put they are the essential texts for understanding Žižek's thought and thus cornerstones of contemporary philosophy.

**The Ticklish Subject: The Absent Centre of Political Ontology** A specter is haunting Western thought: the specter of the Cartesian subject. In this book Slavoj Žižek unearths a subversive core to this elusive specter and finds within it the indispensable philosophical point of reference for any genuinely emancipatory project.

A User's Guide to German Cultural Studies Scott D. Denham, Irene Kacandes, Jonathan Petropoulos, 1997 Capitalizes on the ripeness of the German case for interdisciplinary investigation.

**Recovering Jewishness** Frederick S. Roden, 2016-02-22 Judaism and Jewish life reflect a diversity of identity after the past two centuries of modernization. This work examines how the early reformers of the 19th century and their legacy into the 20th century created a livable liberal

Jewish identity that allowed a reinvention of what it meant to be Jewish a process that continues today Many scholars of the modern Jewish identity focus on the ways in which the past two centuries have resulted in the loss of Jewishness through assimilation intermarriage conversion to other faiths genocide in the Holocaust and decline in religious observance In this work author Frederick S Roden presents a decidedly different perspective that the changes in Judaism throughout the 19th and 20th centuries resulted in a malleable welcoming and expanded Jewish identity one that has benefited from intermarriage and converts to Judaism The book examines key issues in the modern definition of Jewish identity who is and is not considered a Jew and why issues of Jewish authenticity and the recent history of the debate Attention is paid to the experiences of individuals who came to Judaism from outside the tradition through marrying into Jewish families and or choosing Judaism as a religion In his consideration of the tragedy of the Holocaust the author examines how a totalitarian regime s racial policing of Jewish identity served to awaken a connection with and reconfiguration of what that Jewish identity meant for those who retrospectively realized their Jewishness in the postwar era *Street Scenes* S.

Aronson-Lehavi,2011-03-28 *Street Scenes* offers a theory of late medieval acting and performance through a fresh and original reading of the *Tretyse of Miraclis Pleyinge* The performance theory perspective employed here along with the examination of actor character dialectics paves the way to understanding both religious theatre and the complexity of late medieval theatricalities Sharon Aronson Lehavi demonstrates the existence of a late medieval discourse about the double appeal of theatre performance an artistic medium enacting sacred history while simultaneously referring to the present lives of its creators and spectators **Theaters of Justice** Yasco Horsman,2011 *Theaters of Justice* is an important and highly readable in depth study of post war legal and literary events that continue to exert their influence on the contemporary understanding of justice and historical truth Ulrich Baer New York University

**Reality Principles** Herbert Blau,2011-06-07 A panoramic view of how we think about life and the imitation of life on stage *The Nervous System* Michael Taussig,2012-09-10 In a series of intriguing essays ranging over terror State fetishism shamanic healing in Latin America homesickness and the place of the tactile eye in both magic and modernity anthropologist Michael Taussig puts into representational practice a curious type of engaged writing Based on a paranoiac vision of social control and its understanding as in a permanent state of emergency leaving no room for contemplation between signs and things these essays hover between story telling and high theory and thus create strange new modes of critical discourse *The Nervous System* will appeal to writers scholars artists film makers and readers interested in critical theory aesthetics and politics
