Asian Diasporic Fiction P. Liao, 2012-12-07 While much of the critical discussion about the emerging genre of 9 11 fiction has centred on the trauma of 9 11 and on novels by EuroAmerican writers this book draws attention to the diversity of what might be meant by post 9 11 by exploring the themes of uncanny terror through a close reading of four post 9 11 South Asian diasporic fictions *The Virus in the Age of Madness* Bernard-Henri Lévy, 2020-07-28 A trenchant look at how the

coronavirus reveals the dangerous fault lines of contemporary society As seen on CNN s Fareed Zakaria GPS A stirring alarm addressed to an unsettled world Kirkus Reviews Forget the world that came before The author of *American Vertigo* serves up an incisive look at how COVID 19 reveals the dangerous fault lines of contemporary society With medical mysteries rising death tolls and conspiracy theories beamed minute by minute through the vast web universe the coronavirus pandemic has irrevocably altered societies around the world In this sharp essay world renowned philosopher Bernard Henri L vy interrogates the many meanings and metaphors we have assigned to the pandemic and what they tell us about ourselves Drawing on the philosophical tradition from Plato and Aristotle to Lacan and Foucault L vy asks uncomfortable questions

about reality and mythology he rejects the idea that the virus is a warning from nature the inevitable result of global capitalism he questions the heroic status of doctors asking us to think critically about the loci of authority and power he challenges the panicked polarization that dominates online discourse Lucid incisive and always original L vy takes a bird s eye view of the most consequential historical event of our time and proposes a way to defend human society from threats to our collective future A portion of the author s proceeds will be donated to Binc The Book Industry Charitable Foundation

A COMPENDIUM OF CLASSIC AND POSTMODERN NOVEL SUMMARIES Vivian Siahaan,2019-08-03 This book is comprised of a compendium of summaries from all novels that I have read for almost twelve years Obviously the summaries have been documented on my blog since 2016 and seemingly in my opinion it is better bundled in a book form since the statistic views show that the classic fictions are those among most read so I rose to comply with that demand The purpose for which I devote myself to compose 85 summaries is to provide quick reading for novel readers and students Numerous genres are presented because I am quite concious those will bequeath you an imaginative horizon As a work of art many of them transcend their expiatory aspects And still more important to us than scientific significance and literary worth is the inspirational impact those novels have on serious readers Finally happy reading and I hope you will find this book useful

The Mind of Jihad Laurent Murawiec,2008-08-11 This book examines contemporary jihad as a cult of violence and power All jihadi groups whether Shiite or Sunni Arab or not are characterized by a similar bloodlust Murawiec characterizes this belief structure as identical to that of Europe s medieval millenarians and apocalyptics arguing that both jihadis and their European cousins shared in a Gnostic ideology a God given mission endowed the Elect with supernatural powers and placed them above the common law of mankind Although the ideology of jihad is essentially Islamic Murawiec traces the political technologies used by modern jihad to the Bolsheviks Their doctrines of terror as a system of rule were appropriated by radical Islam through multiple lines of communication This book brings history anthropology and theology to bear to understand the mind of jihad that has declared war on the West and the world The Dark at the End F.
