Connie Eble

The Jonathan David Dictionary Of Popular Slang:

The Jonathan David dictionary of popular slang Anita Pearl,1980 **The Jonathan David Dictionary of Popular Slang** Anita May Pearl,1980 **Cursing in America** Timothy Jay,1992 Who uses dirty words And when How is the bad language we use reflected in the movies in the courts and elsewhere With Cursing in America psychologist Timothy Jay presents the first serious and extensive examination of American profanity from a psycholinguistic contextual point of view An amazing amount of factual data gathered through several field studies and numerous laboratory based experiments reveals the relationship between cursing and language acquisition anger expression gender stereotypes and offensiveness Sexual harassment censorship language content of film obscene phone calls and cursing at public schools are some of the topics which are analyzed and related to the data Word by word tables demonstrate the influence that factors such as frequency of occurrence degree of offensiveness and gender and age of the speaker have on obscene language usage in America today **Why We Curse** Timothy Jay,1999-12-15 Psychiatrists psychologists neurologists linguists and speech pathologists currently have no coherent theory to explain why we curse and why we choose the words we do when we curse The Neuro Psycho Social Theory of Speech draws together information about cursing from different disciplines and unites them to explain and describe the psychological neurological cultural and linguistic factors that underlie this startling phenomenon Why We Curse is divided into five parts Part 1 introduces the dimensions and scope of cursing and outlines the NPS Theory while Part 2 covers neurological variables and offers evidence for right brain dominance during emotional speech events Part 3 then focuses on psychological development including language acquisition personality development cognition and so forth while Part 4 covers the wide variety of social and cultural forces that define curse words and restrict their usage Finally Part 5 concludes by examining the social and legal implications of cursing treating misconceptions about cursing and setting the agenda for future research The work draws on new research by Dr Jay and others and continues the research reported in his groundbreaking 1992 volume Cursing in America A psycholinguistic study of dirty language in the courts in the movies in the schoolyards and on the streets [Come Again?](#) Jeremy R. Ellis,2012-07-01 We all swear whether we admit it or not but do you know the fascinating origins of the curses and maledictions that we spout out of spite and malice or simply to entertain Here is practically every dirty word and foul phrase you ve ever heard in English along with a great many that you may not have heard From Chaucer and Shakespeare to Lenny Bruce and Mel Brooks Come Again offers you the frank and the filthy the obtuse and the obscene and the stories behind them Jeremy Ellis offers readers some things old some things new some things borrowed and plenty of things blue Chapters include Private Parts on anatomical descriptions Caught in the Act on the act of sex and even Black and Blue on African American phrases This is absof ckinglutely one of the dirtiest and most entertaining books on language ever published **The Polish-English Dictionary of Slang and Colloquialism** Maciej Widawski,1998 To be able to use colloquialisms appropriately is what separates the

fluent speaker from the student This dictionary provides definitions and usage examples for the most common Polish colloquial expressions **Dictionary of Dictionaries and Eminent Encyclopedias** Thomas Kabdebo, Neil Armstrong, 1997 Enlarged by some 50 percent and equipped with more comprehensive name and subject indexes the second edition of this unique guide contains bibliographic and descriptive annotations for 8 000 dictionaries It features 1 500 additional bilingual works 400 new subject categories and all the major electronic dictionaries produced in English While the primary emphasis is on language dictionaries subject dictionaries on topics as varied as ceramics bookbinding and theatre as well as dictionaries issued by international bodies and agencies are included Covering all the world s languages works may be bilingual monolingual or multilingual as long as there is an English element **Maledicta** Reinhold Aman, 1984

Dictionary of Dictionaries Thomas Kabdebo, 1992 *Taking Penguins to the Movies* Emil Draitser, 1998 Draitser uses humor as a means of understanding the attitudes and customs beliefs and idiosyncrasies and inter and intra group relationships of this multinational society In analyzing the jokes he seeks to determine what makes them funny why certain groups are targeted and even why a mediocre joke can be received with great enthusiasm *Reference Sources for Small and Medium-sized Libraries* American Library Association. Ad Hoc Committee for the Fourth Edition of Reference Sources for Small and Medium-sized Libraries, Jovian Lang, Deborah C. Masters, 1984 Grammatical Number in English Nouns Mark A. Wickens, 1992-03-12 Apart from the coverage given to it in the grammars number in English nouns has received relatively little attention especially in the area of theoretical considerations Guided by the principles of psychomechanics Hirtle 1982a put forth a fairly elaborate theory of number in English nouns The aim of this work is to provide evidence to validate parts of Hirtle s theory to verify some of his analyses and to investigate several problems some of which are mentioned in his work as subjects for further research Specific areas treated are ailment nouns liquid names ending in ings binary objects abstract s and external singulars **Reference Sources, 1981** S. Balachandran, M. Balachandran, 1992-03

Encyclopedia Americana, 1993 **Slang and Sociability** Connie Eble, 2012-12-01 Slang is often seen as a lesser form of language one that is simply not as meaningful or important as its regular counterpart Connie Eble refutes this notion as she reveals the sources poetry symbolism and subtlety of informal slang expressions In *Slang and Sociability* Eble explores the words and phrases that American college students use casually among themselves Based on more than 10 000 examples submitted by Eble s students at the University of North Carolina at Chapel Hill over the last twenty years the book shows that slang is dynamic vocabulary that cannot be dismissed as deviant or marginal Like more formal words and phrases slang is created modified and transmitted by its users to serve their own purposes In the case of college students these purposes include cementing group identity and opposing authority The book includes a glossary of the more than 1 000 slang words and phrases discussed in the text as well as a list of the 40 most enduring terms since 1972 Examples from the glossary group gropes encounter groups squirrel kisser environmentalist Goth student who dresses in black and listens to avant garde
