The Journals of Washington Irving Washington Irving,1919 [Journals of Washington Irving \(Vol 1\)](#) Washington Irving,William Trent,George Hellman,2003-01-30 Best known for his short stories The Legend of Sleepy Hollow and Rip van Winkle Washington Irving was a prolific essayist biographer and historian as well as a member of the American diplomatic staff The three volumes of his Journals provide detailed accounts of Irving s travels experiences and observations creating an enlightening backdrop to both his literary and historical works Noteworthy for his descriptions of his travels in Europe of particular interest is Irving s perspective on 19th century American culture and politics including his beloved New York as well as his commentary on the treatment of Native Americans and their culture vol 1 of 3 *Journal of Washington Irving, 1823-1824* Washington Irving,1968

The Journals of Washington Irving Washington Irving,2014-01-09 These are the notebooks of Washington Irving containing the jottings made by Irving during his travels in Europe between 1815 and 1830 These journals have been kept in the Irving family until within the last few years of the 19th century The number of people who think they could write is larger than most of us suspect it is pleasantly larger than the number who think they can write There is not one of the former but will be eager to read Irving s notebooks For they are the genuine backstage of literature They are real notebooks they are not journals written with an eye on the public as are most of the notebooks that push into print They are not a collection of Irving s profound thoughts Neither are they commentaries Waterloo was but just over but you will find in these pages few choice bits of gossip concerning the men and affairs of that momentous period Obeying the strange impulse which seems to be common to all of us big and little Irving did set down each day the state of the weather and if he slept well But this is about as far as the journalizing goes the rest is observations character sketches scraps of sentences skeleton plots these three volumes should help to dispel the notion that writers make up their books only the poor writers invent anything for they write for the sake of writing fellows like Irving write for the sake of life straining to catch and fix some of its overwhelming stream of pictures and passions
