**The Journey Home** Lee Carroll,1998-05-01 Kryon is a gentle loving entity who is currently on the earth to help us move into the high energy of what we call our new age Kryon s words have changed lives and brought love and light into some of the darkest places of our inner being The storyline for THE JOURNEY HOME was inspired by Kryon and written by Lee Carroll This fascinating parable tells the story of Michael Thomas a seemingly ordinary man who was born in Minnesota and who is now working in Los Angeles He represents the American icon of normalcy and discontent After having an accident that leaves him near death Michael is visited by a wise angel who asks what it is that Michael really wants from life Michael replies that he really wants to go HOME In order to get to his final destination Michael must first go through a series of adventures and trials in an astounding land filled with angelic beings wise teachers and even sinister entities Michael s quest is an emotional humorous awe inspiring one that he could have scarcely imagined Travel with Michael Thomas on his metaphysical journey home it s a wondrous and memorable trip that will stay with you always **Travel and Home in**

**Homer's Odyssey and Contemporary Literature** Carol Dougherty,2019-06-20 Travel and Home in Homer s Odyssey and Contemporary Literature brings Homer s Odyssey together with contemporary literary texts ranging from Rebecca West s The Return of the Soldier to Marilynne Robinson s Housekeeping and Cormac McCarthy s The Road to produce new readings that reframe reorient and ultimately revise aspects of Homer s iconic story of travel and home While some novels share with the Odyssey a celebration of the creative process of improvisation to rethink the relationship between home and travel others draw upon nostalgia our complicated longing for home to unsettle the inevitability of return Rather than offering an explicit retelling of Homer s poem each of these novels prompts us to revisit the relationship between travel and home that Odysseus and Penelope embody to ask new questions of that well read text Does travel reinforce or destabilize our notion of home Are mobility and domesticity irrevocably gendered or can we imagine a world in which Penelope travels and Odysseus stays home Just as Odysseus continually reinvents his own identity with each new encounter both abroad and at home so too we as readers participate in an improvisatory interpretive experiment of our own This volume sets out a new model for reading ancient and contemporary texts together one that challenges the conventional chronological assumptions inherent in many works of classical reception No longer a stable text to which we as readers return time and again to find it the same the Odyssey together with the novels with which it engages changes and adapts with each new literary encounter **Van**

**The Modern Afterlives of Old Irish Travel Narratives** Natalia I. Petrovskaja, 2025-07-24 This book explores the reception of the medieval Irish tradition of fantastic journey tales in Jonathan Swift's *Gulliver's Travels* C. S. Lewis's *The Voyage of the Dawn Treader* Umberto Eco's *Baudolino* and the science-fiction television franchises *Star Trek* and *Stargate* In doing so the book opens the door to a new history of literary reception using Old Irish genre categories to analyse post-medieval texts It aims to show that there is a family of texts produced in the post-medieval period that are heirs of the medieval Irish literary tradition of fantastic voyage narratives and that using Old Irish genre categories to analyse post-medieval works can open up new perspectives in our understanding of these works

**Herself an Author** Grace S. Fong, 2008-05-08 Grace Fong has written a wonderful history of female writers' participation in the elite conventions of Chinese poetics Fong's recovery of many of these poets her able exegesis and elegant analytical grasp of what the poets were doing is a great read and her bilingual presentation of their poetry gives the book additional power This is a persuasive and elegant study Tani Barlow author of *The Question of Women in Chinese Feminism* In this quietly authoritative book Grace Fong has brought a group of women poets back to life Previously ignored by scholars because of their marginal status or the inaccessibility of their works these remarkable writers now speak to us about the sensualities pains satisfactions and sadness of being a woman in a patriarchal society Professor Fong a superb translator of Chinese poetry prose and criticism has rendered the works of these women in a way that is true both to our theoretical concerns and theirs Dorothy Ko author of *Cinderella's Sisters: A Revisionist History of Footbinding* Professor Fong approaches the poetry of Ming-Qing upper-class women as a social-cultural activity that allowed these women to manifest their agency and assert their own subjectivity against the background of virtual and actual networks of fellow female poets As the distillation of more than ten years of research by one of the leading scholars in this

field this work is a timely contribution that eminently deserves our attention Given the inclusion of translations of some of the texts discussed the book provides a comprehensive introduction to the reading of women s poetry of the Ming Qing period Wilt Idema Harvard University Herself an Author addresses the critical question of how to approach the study of women s writing It explores various methods of engaging in a meaningful way with a rich corpus of poetry and prose written by women of the late Ming and Qing periods much of it rediscovered by the author in rare book collections in China and the United States The volume treats different genres of writing and includes translations of texts that are made available for the first time in English Among the works considered are the life long poetic record of Gan Lirou the lyrical travel journal kept by Wang Fengxian and the erotic poetry of the concubine Shen Cai Taking the view that gentry women s varied textual production was a form of cultural practice Grace Fong examines women s autobiographical poetry collections travel writings and critical discourse on the subject of women s poetry offering fresh insights on women s intervention into the dominant male literary tradition The wealth of texts translated and discussed here include fascinating documents written by concubines women who occupied a subordinate position in the family and social system Fong adopts the notion of agency as a theoretical focus to investigate forms of subjectivity and enactments of subject positions in the intersection between textual practice and social inscription Her reading of the life and work of women writers reveals surprising instances and modes of self empowerment within the gender constraints of Confucian orthodoxy Fong argues that literate women in late imperial China used writing and reading to create literary and social communities transcend temporal spatial and social limitations and represent themselves as the authors of their own life histories

**Political Pilgrims** Paul Hollander, 2017-07-05 Why did so many distinguished Western Intellectuals from G B Shaw to J P Sartre and closer to home from Edmund Wilson to Susan Sontag admire various communist systems often in their most repressive historical phases How could Stalin s Soviet Union Mao s China or Castro s Cuba appear at one time as both successful modernizing societies and the fulfillments of the boldest dreams of social justice Why at the same time had these intellectuals so mercilessly judged and rejected their own Western liberal cultures What Impulses and beliefs prompted them to seek the realization of their ideals in distant poorly known lands How do their journeys fit into long standing Western traditions of looking for new meaning In the non Western world These are some of the questions Paul Hollander sought to answer In his massive study that covers much of our century His success is attested by the fact that the phrase political pilgrim has become a part of intellectual discourse Even in the post communist era the questions raised by this book remain relevant as many Western and especially American intellectuals seek to come to terms with a world which offers few models of secular fulfillment and has tarnished the reputation of political Utopias His new and lengthy introduction updates the pilgrimages and examines current attempts to find substitutes for the emotional and political energy that used to be invested in them
