Holmes, David Duniway, 1995-01-01 In 1852 a record number of women helped keep the wagons rolling over the perilous western trails The fourth volume of Covered Wagon Women is devoted to families headed for California that year Diaries and letters of six pioneer women describe the rigors en route trailside celebrations and tragedies the scourge of cholera and encounters with the Indians It's All About Love Fran Wellgood, 2019-04-25 What if we loved ourselves more than we could imagine We are told to love ourselves but we don't know how or even why What if we learned actual techniques that helped us love ourselves and align our energy with our Higher Self and the Universe for a more joyous life It's possible and it just takes willingness and practice When we learn and use real tools we are better able to surf the waves of life and meet life with grace When we learn how we are resisting loving ourselves and learn how to allow the love we are to flow through us we utilize the buoyant loving energy of the Universe to flow more smoothly and joyously through life Everything is energy including us When our energy is in balance and flows smoothly we feel harmonious peaceful and aligned with our true nature our Higher Self part of the Universe This is our natural state Daily life often seems to interrupt our connection with our true state of being By working with our energy and metaphysical principles we can remember who we really are we realign with our true self which is pure Love and experience the ease peace and joy that results Metaphysics is about using the energy we are beyond our body in a practical way while we are in this body By understanding that we are both human and Divine and having compassion for how challenging it is to live in this world we begin to understand Love the most powerful force in the Universe This is not mysterious this is very real and very available to each of us The keys to healing are Love and Willingness The keys are yours for the taking **The Joy of Hate** Greg Gutfeld, 2014-01-07 From the irreverent star of Fox News's Red Eye and The Five hilarious observations on the manufactured outrage of an oversensitive wussified culture Greg Gutfeld hates artificial tolerance At the root of every single major political conflict is the annoying coddling Americans must endure of these harebrained liberal hypocrisies In fact most of the time liberals use the mantle of tolerance as a guise for their pathetic intolerance And what we really need is smart intolerance or as Gutfeld reminds us what we used to call common sense The Joy of Hate tackles this conundrum head on replacing the idiocy of open mindedness with a shrewd judgmentalism that rejects stupid ideas notions and people With countless examples grabbed from the headlines Gutfeld provides readers with the enormous tally of what pisses us all off For example The double standard You can make fun of Christians but God forbid Muslims It's okay to call a woman any name imaginable as long as she's a Republican And no problem if you're a bigot as long as you're politically correct about it The demonizing of the Tea Party and romanticizing of the Occupy Wall Streeters The media who are always offended see MSNBC lineup How critics of Obamacare or illegal immigration are somehow immediately labeled racists The endless debate over the Ground Zero Mosque which

Gutfeld planned to open a Muslim gay bar next to As well as pretentious music criticism slow moving ceiling fans and snotty restaurant hostesses Funny and sarcastic to the point of being mean but in a nice way The Joy of Hate points out the true jerks in this society and tells them all off
