The Upper Kennebec Valley Jon F. Hall,1997-05-01

The scenic Upper Kennebec Valley has played an important role in the history of Maine Long frequented by Native Americans this area was settled year round after Benedict Arnold's ill fated 1775 expedition to Quebec The earliest settlers found great natural resources in the woods lakes and the river and moved in to set the stage for this area's future The images in The Upper Kennebec Valley show life in the area from the earliest days of photography through the 1950s You see the area's growth and development and its people at work and play Examining these pages you will see early loggers intrepid river drivers braving log jams and swift currents to get their wood to market hunters and fishermen long drawn to the area and families going about their daily business You will also see the results of disastrous fires and floods as well as the parades picnics and other occasions that brought local people together

Black Robe on the Kennebec Mary R. Calvert,1991 The Abenaki Indians called him patlihoz meaning Black Robe The French in Quebec thought of him as a

saintly man possessed of great learning and dedication The English in Boston called him a bloody incendiary and were convinced that he was inciting Indian attacks on their frontier settlements in Maine The controversy continues today What was Sebastian Rale really like In this volume Mary Calvert gathers together the complete story of Father Rale Starting with his birth in 1652 and his upbringing near the border of Switzerland she follows the trail of evidence leading through his Jesuit education and years of teaching in France his assignment to the New World his first meeting with Abenakis in Canada and his perilous journey to far off Illinois Upon his return from the Illinois mission Father Rale was assigned to the village of the Norridgewock Indians on the Kennebec River in Maine Here he would live for most of the remaining thirty years of his life preaching and teaching corresponding with his family in France and his superiors in Quebec and compiling a massive dictionary of the Abenaki language for which he is best known today Death came suddenly August 23 1724 when Rale was killed along with scores of his beloved Abenakis in an English raid The story is largely told by Father Rale himself in excerpts from his published and unpublished letters and passages from his dictionary The English point of view is shown through excerpts from colonial documents and the author has sketched in the background of the French and English settlement of North America The story is a dramatic one set against the backdrop of bloody Indian wars and brave pioneer families heartbreaking tales of captivity religious clashes tragic misunderstandings adventures and narrow escapes that seem stranger than fiction Above all there is the intimate picture she draws of the proud Maine Abenakis of the colonial era and the educated man who shared his life and soul with them The story of Sebastian Rale is truly a Maine epic Publisher's description *A Deaf Artist in Early America* Harlan Lane, 2004-09-24 John Brewster Jr 1766 1854 was one of the most prominent early American portrait painters His hauntingly beautiful portraits have a directness and intensity of vision that were rarely equaled as the images in this book attest Brewster's portraits have sold astonishingly well at auction and his work is featured in the collections of prestigious museums yet curiously little has been written about the life of this deaf artist Traveling the New England coast to paint the portraits of the merchant class that arose after the Revolution he lived precisely when a Deaf World with its own language social institutions and culture was forming Harlan Lane award winning historian of the Deaf argues that deaf people are often visually gifted and that Brewster as a deaf artist is part of a long and continuing distinguished tradition Lane's unprecedented biography both vividly and comprehensively explores Brewster's worlds he was a seventh generation descendant of William Brewster who led the Pilgrims on the Mayflower voyage he was a member of the Federalist elite a Deaf man and finally an artist In 1817 at the age of fifty one Brewster attended the first school for the Deaf in America the Connecticut Asylum for the Education and Instruction of Deaf the Deaf communities of Martha's Vineyard Maine and New Hampshire in the nineteenth century and on contemporary Deaf art *A Deaf Artist in Early America* provides a multifaceted glimpse of Brewster New England history and the distinctive culture language and social institutions of the Deaf in America *The First Maine Cavalry* Mary R.
