

The Gentle Gardener

*I'd like to leave but daffodills
to mark my little way,
To leave but tulips red and white
behind me as I stray;
I'd like to pass away from earth
and feel I'd left behind
But roses and forget-me-nots
for all who come to find.*

*I'd like to sow the barren spots
with all the flowers of earth,
To leave a path where those who come
should find but gentle mirth;
And when at last I'm called upon
to join the heavenly throng
I'd like to feel along my way
I'd left no sign of wrong.*

*And yet the cares are many
and the hours of toil are few;
There is not time enough on earth
for all I'd like to do;
But, having lived and having toiled,
I'd like the world to find
Some little touch of beauty
that my soul had left behind.*

Yang, 2020-05-11 The Chinese garden has been explored from a variety of angles Much has been written about its structural features as well as its cosmological religious philosophical moral aesthetic and economic underpinnings This book deals with the poetic configurations of the private garden in cities from the ninth to the eleventh century in relation to the development of the private sphere in Chinese literati culture It focuses on the ways in which the new values and rhetoric associated with gardens and the objects found in them helped shape the processes of self cultivation and self imaging among the literati as they searched for alternatives to conventional values at a time when traditional political moral and aesthetic norms were increasingly judged inapplicable or inadequate The garden was also an artifact and a locus for material culture and social competition Focusing on a series of anecdotes about private transactions involving objects in gardens the author dissects the intricate nexus between the exchange of poetry and the poetry of exchange In tracing the development of the private urban garden through the writings of Bai Juyi Su Shi Sima Guang and their contemporaries the author argues that this private space figured increasingly as a place of disengagement for those out of political power and hence was increasingly invaded by political forces
