The Guillotine At Work Vol 1 The Leninist Counterrevolution:

The Guillotine at Work Vol. 1: The Leninist Counter-Revolution Gregory Petrovich Maximoff, 1979-05 Originally published in 1940 in two volumes this is the partly eyewitness account of the Leninist terror inflicted upon Russia Maximoff a life long anarchist fought in the Russian Revolution organized with the metal workers and was imprisoned by Lenin's secret police in 1920 when he refused to join the Red Army he was happy to fight the Whites but not put down workers_ and peasants_ uprisings Exiled he wrote this incredible volume in English Over the course of nearly 400 pages he recounts not only the Leninist terror and reaction against the popular revolution but shows how the actions of Stalin followed deliberately in his master and mentor's footsteps Volume 2 unfortunately never reprinted was a collection of supporting documents primary evidence Regardless this volume stands alone as a stunning and sadly relevant indictment of the Bolshevik terror This is the original American edition of the Cienfuegos Press edition published here in America in 1979 **The Guillotine**

at Work Vol. 1 Grigoriĭ Petrovich Maksimov, 1978 *Political Thought From Machiavelli to Stalin* E. A. Rees, 2004-03-12 This is the first book in English to explore the relationship between Stalin's ideas and methods and the practices advocated by Machiavelli and those associated with Machiavellian politics It advances the concept of revolutionary Machiavellism as a way of understanding a particular strand of revolutionary thought from the Jacobins through to Leninism and Stalinism By providing a wide ranging survey of European political thought in the Nineteenth and early Twentieth century E A Rees locates the Bolshevik tradition within the wider European tradition **The "Russian" Civil Wars, 1916-1926** Jonathan

Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book's focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow **The Russian Revolution and Civil War**

1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated

bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916-1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War

Russian Nights Autocracy and Testimony: Life in Russia during the Soviet Period as Told by Those Who Lived it Roberto Echavarren, 2023-09-12 The details of the Jewish Holocaust have become part of our history through the testimony of those who survived the death camps The details of Lenin's and Stalin's reigns of terror are far less known because they took place behind a wall of secrecy and survivors have been reluctant to speak about them for fear of retribution This is an encompassing volume presenting an intense display as complete as can be of testimonies gathered between 2001 and 2005 of actors implicated in different aspects of Russian life roughly through the period 1917-1956 They were people who had lived under the Soviet regime in times of peace and in times of war from the Red Terror through the Great Terror One must bear in mind the political and economic conditions in which those lives developed the one Party rule placed above both the government and the citizens the abashment of the division of powers the suppression of private property and private economic initiative the political police and the GULAG Russian Nights offers a wide and detailed perspective of what we call the Russian Century Lenin's takeover the all powerful Party the GULAG and the Second World War

The Origins of the Stalinist Political System Graeme Gill, Graeme J. Gill, 2002-07-18 New and challenging perspectives on Soviet political development from 1917 to 1941

No Less Than Mystic John Medhurst, 2017-08-22 Published in the centenary year of the 1917 Russian Revolution No Less Than Mystic is a fresh and iconoclastic history of Lenin and the Bolsheviks for a generation uninterested in Cold War ideologies and

stereotypes Although it offers a full and complete history of Leninism 1917 the Russian Civil War and its aftermath the book devotes more time than usual to the policies and actions of the socialist alternatives to Bolshevism to the Menshevik Internationalists the Socialist Revolutionaries SRs the Jewish Bundists and the anarchists It prioritises Factory Committees local Soviets the Womens Zhenotdel movement Proletkult and the Kronstadt sailors as much as the statements and actions of Lenin and Trotsky Using the neglected writings and memoirs of Mensheviks like Julius Martov SRs like Victor Chernov Bolshevik oppositionists like Alexandra Kollontai and anarchists like Nestor Makhno it traces a revolution gone wrong and suggests how it might have produced a more libertarian emancipatory socialism than that created by Lenin and the Bolsheviks Although the book broadly covers the period from 1903 the formation of the Bolsheviks and Mensheviks to 1921 the suppression of the Kronstadt rebellion and explains why the Bolshevik Revolution degenerated so quickly into its apparent opposite it continually examines the Leninist experiment through the lens of a 21st century de centralised ecological anti productivist and feminist socialism Throughout its narrative it interweaves and draws parallels with contemporary anti capitalist struggles such as those of the Zapatistas the Kurds the Argentinean Recovered Factories Occupy the Arab Spring the Indignados and Intersectional feminists attempting to open up the past to the present and points in between We do not need another standard history of the Russian Revolution This is not one The Russian Revolution in Retreat, 1920-24 Simon Pirani,2008-03-03 This book examines the relationship between the Russian Communist Party and working class in the years after the revolution and civil war It shows that the working class was politically expropriated by the Bolshevik party as democratic bodies such as soviets and factory committees were deprived of decision making power
